**If no please explain**

\*The ECIDA has an unpaid tax policy and you will be required to certify all taxes and PILOTS are current.

**Does the Applicant or any related entity currently hold fee title or have an option/contract to purchase the Project site?**

No

**If No, indicate name of present owner of the Project Site**

132 Dingens Street, LLC

**Does Applicant or related entity have an option/contract to purchase the Project site?**

No

**Describe the present use of the proposed Project site (vacant land, existing building, etc.)**

Storage warehouse with office facilities

**Provide narrative and purpose of the proposed project (new build, renovations) square footage of existing and new construction contemplated and/or equipment purchases. Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)**

To meet increased demand from existing and potential new tenants we are proposing an approximate 81,000 sq ft addition to a newly constructed spec warehouse, intended for both warehouse and light manufacturing uses. The addition will closely resemble that of the existing facility. This property entered into the Brownfield Cleanup Program on 6/18/2012 and a certification of completion was achieved on 12/20/2016. Currently no specific tenants have been identified for the proposed addition. It is anticipated that the new building will be used for warehouse distribution and or light manufacturing. Based on feedback from our leasing agent we learned the high stacking height of this proposed building as well as a warehouse industry moving towards more robotic/automation operations, results in the need for less employees to operate a facility of this size. In order to make a commitment of job creation to match the current trend of warehousing we are willing to commit to 18 jobs for this Phase 2 project. We ask for some consideration of this in order to keep this project competitive in today's market.

**Municipality or Municipalities of current operations**

Buffalo, New York

**Will the Proposed Project be located within a Municipality identified above?**

Yes

**Will the completion of the Project result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state OR in the abandonment of one or more plants or facilities of the project occupant located within the state?**

No

**If the Proposed Project is located in a different Municipality within New York State than that Municipality in which current operations are being undertaken, is it expected that any of the facilities in any other Municipality will be closed or be subject to reduced activity?**

No

(If yes, you will need to complete the Intermunicipal Move Determination section of this application)

**Is the project reasonably necessary to prevent the project occupant from moving out of New York State?**

No

**If yes, please explain and identify out-of-state locations investigated, type of assistance offered and provide supporting documentation available**

**Have you contacted or been contacted by other Local, State and/or Federal Economic Development Agencies?**

No

**If yes, please indicate the Agency and nature of inquiry below**

**If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:**

**Describe the reasons why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)**

The financial challenges for this project are significant, and the agency's financial assistance is a critical component for this project to become viable for the following reasons: 1) The pandemic has driven cost for materials and labor significantly higher than anticipated then when Phase 1 was completed. Material shortages specific to the construction of warehousing, in particular, have risen due to the rise in demand for last mile warehousing. The shortage of warehousing has created a significant demand for new projects, all competing for scarce materials. 2) The development site is located on a Brownfield. Even with access to NYS Brownfield tax credits, significant additional costs related to legacy environmental conditions exist. These costs make the competitiveness of the warehouse financial proforma more of a challenge. 3) The cost of financing has increased dramatically over the last 12 months.

**Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency**

Yes

**If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?**

This development project will not occur without the financial assistance of the agency. The shortage of last mile warehousing is well documented in the WNY area. This void will be filled by a project somewhere in this area. However, City of Buffalo and Erie County may not be a benefactor of a project that occurs outside of Erie County. Additionally, it will be a missed opportunity to redevelop a project in an area that has been a warehousing hub for quite some time. The loss of more green fields for a similar, less costly project, will most likely result, as well as the conveniently located City jobs on a bus route. Should this project not move forward, this applicant will lose the NYS Brownfield tax credits earned during the Environmental cleanup, causing financial hardship for the owner and related companies located at this development site.

**Will project include leasing any equipment?**

Yes

If yes, please describe equipment and lease terms.

Site Characteristics

**Is your project located near public transportation?**

Yes

**If yes describe if site is accessible by either metro or bus line (provide route number for bus lines)**

We are located at 132 Dingens Street between Bailey Avenue and South Odgen Street. Route #19 runs directly on Dingens Street.

**Has a project related site plan approval application been submitted to the appropriate planning department?**

Yes

**If Yes, include the applicable municipality's and/or planning department's approval resolution, the related State Environmental Quality Review Act ("SEQR") "negative declaration" resolution, if applicable, and the related Environmental Assessment Form (EAF), if applicable.**

**If No, list the ECIDA as an "Involved Agency" on the related EAF that will be submitted to the appropriate municipality and/or planning department for site plan approval. Also, please indicate in the box below when you anticipate receiving site plan approval for your project.**

11/30/-0001

**Will the Project meet zoning/land use requirements at the proposed location?**

Yes

**Describe the present zoning/land use**

Code#449 - Other Storage & warehouse facilities

**Describe required zoning/land use, if different**

No Change

**If a change in zoning/land use is required, please provide details/status of any request for change of zoning/land use requirements**

N/A

**Is the proposed Project located on a site where the known or potential presence of contaminants is complicating the development/use of the property?**

Yes

**If yes, please explain**

The property was into a Brownfield Cleanup Program on 6/18/2012 and completed on 12/20/2016.

**Has a Phase I Environmental Assessment been prepared, or will one be prepared with respect to the proposed Project Site?**

Yes

If yes, please provide a copy.

**Have any other studies, or assessments been undertaken with respect to the proposed Project Site that indicate the known or suspected presence of contamination that would complicate the site's development?**

Yes

If yes, please provide copies of the study.

**If you are purchasing new machinery and equipment, does it provide demonstrable energy efficiency benefits?**

Yes

**If yes, describe the efficiencies achieved**

Heating, Cooling, and lighting.

You may also attach additional information about the machinery and equipment at the end of the application.

**Does or will the company or project occupant perform research and development activities on new products/services at the project location?**

No

If yes, include percentage of operating expenses attributed to R&D activities and provide details.

Select Project Type for all end users at project site (you may check more than one).

For purposes of the following, the term "retail sales" means (i) sales by a registered vendor under Article 28 of the Tax Law of the State of New York (the "Tax Law") primarily engaged in the retail sale of tangible personal property (as defined in Section 1101(b)(4)(i) of the Tax Law), or (ii) sales of a service to customers who personally visit the Project.

Employment Plan (Specific to the proposed project location).

The Labor Market Area consists of the following six counties: Erie, Niagara, Chautauqua, Cattaraugus, Wyoming and Genessee.

By statute, Agency staff must project the number of FTE jobs that would be retained and created if the request for Financial Assistance is granted. Agency staff will project such jobs over the TWO Year time period following Project completion. Agency staff converts PT jobs into

FTE jobs by dividing the number of PT jobs by two (2).

	Current # of jobs at proposed project location or to be relocated at project location	If financial assistance is granted – project the number of FT and PT jobs to be retained	If financial assistance is granted – project the number of FT and PT jobs to be created upon 24 months (2 years) after Project completion	Estimate number of residents of the Labor Market Area in which the project is located that will fill the FT and PT jobs to be created upon 24 months (2 years) after project completion **

## **Section VI: Retail Determination**

To ensure compliance with Section 862 of the New York General Municipal Law, the Agency requires additional information if the proposed Project is one where customers personally visit the Project site to undertake either a retail sale transaction or to purchase services.

Please answer the following:

**Will any portion of the project (including that portion of the costs to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?**

No

If yes, complete the Retail Questionnaire Supplement below. **If no, proceed to the next section.**

## **Section VII: Adaptive Reuse Projects**

Adaptive Reuse is the process of adapting old structures or sites for new purposes.

**Are you applying for tax incentives under the Adaptive Reuse Program?**

No

## Section VIII: Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.

### Current Address

**Will the project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state?**

No

**Will the project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?**

No

**If Yes to either question, explain how, notwithstanding the aforementioned closing or activity reduction, the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Project occupant's competitive position in its respective industry:**

**Does this project involve relocation or consolidation of a project occupant from another municipality?**

**Within New York State**

No

**Within Erie County**

No

**If Yes to either question, please, explain**

**Will the project result in a relocation of an existing business operation from the City of Buffalo?**

No

**If yes, please explain the factors which require the project occupant to relocate out of the City of Buffalo (For example, present site is not large enough, or owner will not renew leases etc.)**

**What are some of the key requirements the project occupant is looking for in a new site? (For example, minimum sq. ft., 12 foot ceilings, truck loading docs etc.)**

N/A

**If the project occupant is currently located in Erie County and will be moving to a different municipality within Erie County, has the project occupant attempted to find a suitable location within the municipality in which it is currently located?**

<BLANK>

**What factors have lead the project occupant to consider remaining or locating in Erie County?**

N/A

**If the current facility is to be abandoned, what is going to happen to the current facility that project occupant is located in?**

N/A

**Please provide a list of properties considered, and the reason they were not adequate. (Some examples include: site not large enough, layout was not appropriate, did not have adequate utility service, etc.) Please include full address for locations.**

N/A

## **Section IX: Senior Housing**

IDA tax incentives may be granted to projects under the Agency's Senior Citizen Rental Housing policy when the project consists of a multi-family housing structure where at least 90% of the units are (or are intended to be) rented to and occupied by a person who is 60 years of age or older.

**Are you applying for tax incentives under the Senior Rental Housing policy?**

No
