#### **Company Description**

683 Northland, LLC was formed as a for-profit entity by Buffalo Urban Development Corporation ("BUDC") to undertake the project. BUDC is the City of Buffalo's not-for-profit development agency, reclaiming distressed land and buildings for future development. BUDC seeks to create an environment conducive to private investment, provide oversight and visioning for projects of regional significance, serve as a liaison among various public and private stakeholders, serve as a conduit for public funding of significant projects and serve as a real estate holding company for certain public-sector projects.

### **Project Description**

683 Northland is the former headquarters and primary manufacturing facility for the Niagara Machine & Tool Company and is listed on the National Register for Historic Places.

The project includes the renovation and equipping of a vacant 235,000 sq. ft. manufacturing facility at 683 Northland to house the WNY Workforce Training Center ("WTC") for Advanced Manufacturing and Electrical Utilities, as well as the creation of a small business center. The WTC will occupy approximately 93,000 sq. ft. or 40% of the building and will be operated by the Economic Development Group, a newly created not for profit comprised of the Buffalo Urban League, Goodwill of Buffalo and Erie County, Catholic Charities of WNY and the Buffalo Niagara Manufacturing Alliance.

The remainder of the space will be transformed into a multi-tenant manufacturing facility and marketed to small manufacturing companies. Buffalo Manufacturing Works is a prospective tenant that could occupy a portion of the space.

This project represents a major initiative under the Buffalo Billion Program and New York State is providing substantial funding through the Regional Economic Development Corporation for the undertaking of the project.

# **Retail Determination**

Use	Sq. Ft.	Cost	%of Project Costs
Commercial/Workforce Training Center	93,000	\$40,647,541	70%
Vacant/Targeted to Manufacturing Firms	142,000	\$17,420,375	30%
Total	235,000	\$58,067,916	100%

The facility totals 235,000 sq. ft. and is located in a highly distressed census tract. According to State law, if more than 1/3 of the cost of the total project is devoted to retail the IDA must make a retail finding on the project. This requires a sign off from the County Executive.

On May 24, 2017 the Board determined that the project was a retail project and it was located in a highly distressed area and in compliance with Section 862 of NY General Municipal Law, the chief executive officer of Erie County provided written confirmation confirming financial assistance.
