Company Description

Foreign-Trade Zones (FTZ) are secured, designated locations in the United States (typically near a U.S. Customs Port of Entry) where foreign and domestic merchandise is generally considered to be in international commerce and outside of US Customs territory. Companies located in an approved FTZ can reduce, eliminate or defer duty on imports as well as take advantage of other benefits, to encourage foreign commerce within the United States.

The Western New York Foreign Trade Zone stores and transports various goods and materials for local, national and international companies. The company currently operates warehouses in both Buffalo and Lackawanna both of which are almost to capacity. Canadian companies represent 60% of the company's business.

Project Description

The project consists of the construction of a 20,000 sq. ft. expansion of the company's existing warehousing operations located in the City of Lackawanna along with the purchase of machinery and equipment.
