VACANT LAND

#### **Please provide narrative of project (new build, renovations, and/or equipment purchases). Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)**

The project includes the development of 2.5 acres of (presently vacant) land in West Seneca, NY. The structure required for the business operation is an expandable new building and the tenant (which is rapidly growing, has future expansion plans already in

its sights.) Since 1998, Upstate Pharmacy Ltd. has provided pharmacy services to 230 residential group homes for people with developmental disabilities and emotional challenges in Chautauqua, Cattaraugus, Allegheny, Erie, Wyoming, Livingston, Niagara, Genesee, Orleans, and Monroe counties. The company also services 1100 cancer patients in these counties referred by physicians and the Roswell Park Cancer Institute. Upstate Pharmacy is the largest supplier of oncology drugs in Western New York. The company is not a retail, walk-in pharmacy for consumers. Services include 24-hour access for 365 days per year for delivery of medications. The Company currently employs 75 pharmacists and technicians. Upstate Pharmacy is currently located on North America Drive, but its 10,000 square foot rented space cannot accommodate the company's significant growth. While the company expands its reach into the Rochester area, Upstate Pharmacy has committed to growing its central operations in West Seneca. Concept Construction Corporation was founded in 1974. The company has a rich history of success in constructing cost-effective, high quality commercial buildings through Upstate NY. The company's reputation is built upon its philosophy of superior workmanship, professionalism, and outstanding performance. Concept Construction is proposing to build a 15,000 square foot facility to serve the growing business of Upstate Pharmacy. Both companies have selected a site at 1900 North America Drive. The state-of-the-art corporate headquarters and pharmacy operation will be built to accommodate the increased needs of patients who need medications and supplies delivered directly to their homes in a timely and effective manner. With the new facility, Upstate Pharmacy will add another 12 positions over the next three years. The cost of constructing the building will be approximately \$1.7 million. Upstate Pharmacy will spend over \$440,000 in the move with substantial new equipment. The Financial Assistance program, offered by the ECIDA is what makes this project possible. The land purchase, Site work expense and overall construction costs would exceed the feasibility of a sound business investment where finances necessary to sustain a workable business plan on its own would simply not work. It only becomes possible when you factor in the ECIDA program, which, when implemented will allow for a reasonable lease term structure to be passed on to the long-term tenant, making the lease structure work. Without it, this home grown, successful WNY business would be forced to leave the area to maintain its competitiveness, taking 70 employees and 10 new hires with it. This program will ensure that UPSTATE PHARMACY will remain in Erie County and WNY serving the needs and good work of dozens of pharmacies all throughout our region, including Roswell Park for a long time. In addition, these inducements etc. will insure the retention of all those existing employees new hires mentioned earlier.

**Describe the reasons why the Agency's Financial Assistance is necessary and how the Financial Assistance enables the company to undertake the Project to facilitate investment, job creation and/or job retention. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)**

VACANT LAND, NEW BUILD, PREPARE PRESCRIPTION DRUGS FOR distribution in WESTERN and Central NY, Without the ECIDA financial Assistance program, our tenant would likely be forced to leave the county. This program will ensure that UPSTATE PHARMACY will remain competitive in their market place ensuring the retention of all existing employees while adding a number of new hires.
