

## Did you know...?

- The Erie County Industrial Development Agency (ECIDA) is not funded by any County, City or State taxes. The ECIDA's operating funds are from fees charged to the private sector businesses that benefit from the economic development incentives they receive.
- The ECIDA is the second largest IDA in New York State.
- In 2014, ECIDA incentives helped create or retain 1,722 jobs in Erie County at an average annual salary of \$47,000. ECIDA-incentivized projects created an additional 1,007 construction jobs, and tax incentives totaling \$13.9 million generated \$227 million in private investment, for an overall economic impact of \$2 billion.
- ECIDA staff are not public employees, and they are not a part of the New York State pension system.
