REQUEST FOR BIDS

REQUEST FOR BIDS

The Erie County Industrial Development Agency (ECIDA) invites sealed bids for the Buffalo Southern Railroad Rehabilitation of Bridge at MP 8.27 over Rush Creek as noted in the Contract Documents, in accordance with the Contract Plans and Specifications attached hereto.

Sealed bids shall be received at the ECIDA, 95 Perry St. Suite 403, Buffalo, New York 14203. **Bids will be opened on September 14, 2017 at 1:30 PM** at ECIDA and read aloud. Bidders may attend the bid opening. Faxed, emailed or electronically submitted bids will not be accepted.

There will be a pre-bid meeting on August 30, 2017 at 9:00am. Interested parties should meet at the dead end of West Highland Parkway, west of South Park Avenue in Blasdell, NY 14219.

The Contract is to provide all the necessary services, material, equipment, labor and superintendents necessary to perform the construction work in accordance with the standards of the New York State Department of Transportation, the Federal Railroad Administration, the Buffalo Southern Railroad, the County of Erie, the Erie County IDA and the contract documents.

Summary of Work Items Included in the Contract

- a) Construction of new reinforced concrete wingwalls
- b) Placement of heavy stone fill as scour protection along streambank
- c) Placement of rip rap within culvert

The prospective Contractors attention is called to the fact that the New York State Department of Transportation, Office of Engineering, STANDARD SPECIFICATIONS, CONSTRUCTION AND MATERIALS, current version, as amended, shall be considered an integral part of the Bidding Documents and Specifications. These specifications and their addenda are available at the following website: http://www.dot.state.ny.us/.

The Contractor must insure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

Contractors will need to adhere to the current New York State Procurement policy for IDA's including:

- Offer/Bidder's Affirmation of Understanding of and Agreement pursuant to State Finance Law §139-j (3) and §139-j (6) (b)
- Offer's/Bidder's Certification of Compliance with State Finance Law §139-k(5) Offer's Disclosure of Prior Non-Responsibility Determinations

ECIDA as a government entity is not subject to State and Local sales tax in accordance with Section 1115 of the Tax Laws in connection with capital improvement contracts for all tangible personal property that is an integral component of the rail corridor. Material purchases as a result of this contract will not be subject to New York State Sales Tax. The ECIDA will provide to the successful bidder a copy of ECIDA's tax exempt form to be used for the tax exempt purchase of materials for this project.

Prevailing wage rates will be required in this contract.

No bid shall be considered unless it is accompanied by a Bid Bond, safeguarding the County of Erie and the Erie County IDA, executed by an acceptable surety, in amount equal to ten percent (10%) of the total of bid.

The successful bidder will be required to furnish separate Performance Bond, Labor and Materials Payment Bond to the Owner in the full amount of the award for each bond, to be executed by a duly incorporated surety company, for the faithful performance of the Contract. The Contractor shall also furnish Railroad Protective Public Liability Insurance as well as other insurances required by the contract documents.

Erie County reserves the right to reject any or all bids or to waive any informality in the bidding.

Bids may be held by the ECIDA for a period not to exceed forty-five (45) calendar days from the date of the opening of bids for the purpose of reviewing the bids, and investigating the qualifications of bidders (prospective Contractors), prior to awarding of the Contract. No bids will be withdrawn during this period without the consent of ECIDA.

ECIDA hereby notifies all bidders that it will affirmatively insure that with regard to any Contract entered into pursuant to this Request for Bids, Minority and Women-owned Business Enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, religion, color, sex, or national origin in consideration of an award. The County of Erie has established the following Minority Business Enterprise (MBE) and Women's Business Enterprise (WBE) participation goals for this contract. The goals are expressed as a percentage of the total bid price. It is the Contractor's responsibility to secure participation in the work of the contract by M/WBE in satisfaction of the goals, or to document satisfactory good-faith efforts taken to fulfill the goals. Participation is measured as the amount actually paid to M/WBEs, not the contract bid price for the work.

Minority Business Enterprise Participation Goal	<u>12 %</u>
Women's Business Enterprise Participation Goal	18 %

Distribution of Bid Documents will commence on **August 22, 2017** at ECIDA, 95 Perry St. Suite 403, Buffalo, New York. Bid documents will be available for download at www.ecidany.com. A set of Bid Documents will be available the ECIDA Offices for review during business hours. **No paper copies of the Bid Documents will be reproduced or distributed by the ECIDA.**

Questions pertaining to this project shall be directed to:

Phil Riggs priggs@ecidany.com ECIDA 95 Perry St. Suite 403 Buffalo, New York 14203 716-362-8375

Standard Clauses for All New York State Contracts

NYS Wage Rates

Appendices

All Bidders shall fully and carefully read the entire Bidding Documents before submitting Proposals, and shall comply with all the instructions and requirements as specified.

The Bidding Documents and Specifications are complementary and whatever is called for by any one shall be as binding as if called for by all.

Persons desiring to bid shall use this Proposal. THE STANDARD SPECIFICATIONS ADOPTED BY THE New York STATE DEPARTMENT OF TRANSPORTATION INCLUDING ALL CURRENT ADDENDA ARE TO BE CONSIDERED AS AND SHALL FORM A PART OF THE AGREEMENT. However, the attention of the Bidder is directed by the fact that the Owner, acting through its duly authorized officers, is the contracting party herein, and the Specifications above referred to shall be read accordingly. The time for which Proposals will be received will be found in the Request For Bids calling for Proposals. Any Proposal received after the hour specified shall not be accepted.

Whenever the following words and expressions are used in the NYSDOT Standard Specifications, it is understood that they shall have the meanings defined below:

State – New York State

Department or the Department of Transportation – New York State Department of Transportation

Chief Regional Engineer, DEPUTY Chief Engineer, Regional Director Engineer or Engineer-In-Charge, Engineer The Engineer(s) representing Erie County IDA carrying out the technical inspection in connection with the execution of the Contract. For this contract: PHILL RIGGS (ECIDA), 95 Perry

Street Suite 403, Buffalo, New York, 14203, 716-362-8375, priggs@ecidany.com and Garret Hoffmann, CHA Companies, 2200 Main Place Tower, Buffalo, NY 14202, 817-847-6310, ghoffmann@chacompanies.com.

<u>Chief Engineer</u> _ECIDA Engineering representative.

Wherever in the Contract the following terms, and/or pronouns in place of them, are used, their intent and meaning shall be interpreted as follows:

Owner -Erie County IDA

Railroad - Buffalo Southern Railroad.

<u>Performance and Payment Bonds</u>. The security furnished by the Contractor and his Surety as a guaranty of good faith on the part of the Contractor to execute the work in accordance with the terms of the Contract.

2 DEFINITIONS

The definitions and terms of Section 101 of the NYSDOT Standard Specifications shall apply except as modified herein and it is understood that they shall have the meanings defined below:

D.C.E.C.; D.C.E.; D.C.E.D.; D.C.E.T.S.; Chief Engineer; Departmental Soils Engineer; Departmental Engineering Geologist; Material Bureau Regional Director; Soils Mechanics Bureau -, The Engineer and/or Construction Manager representing the Owner for carrying out the technical inspection and monitoring of the work required in the Contract Documents: Commissioner; Comptroller; Department; Executive Deputy commissioner The Owner as herein before defined.

NYSDOT New York State Department of Transportation.

<u>Proposal Bond</u>. The security furnished by the Bidder as a guaranty of good faith that the Bidder will enter into a Contract with the Owner and will execute the required bonds covering the work contemplated, if the same is awarded to the Bidder.

<u>Specifications</u> The general term comprising all requirements contained in these Bidding Documents, including Instructions To Bidders, Proposals, Technical Specifications, Special Provisions and other Supplemental Specifications issued pertaining to the method or manner of performing the work and/or the qualities and quantities of materials to be furnished for the project.

The provisions of the <u>STANDARD SPECIFICATION</u>, <u>CONSTRUCTION AND MATERIALS NEW YORK STATE DEPARTMENT OF TRANSPORTATION OFFICE OF ENGINEERING</u>, recent edition, as amended, including supplements shall apply except as modified herein.

<u>Working Day</u>. A working day shall be any day, other than a legal holiday, Saturday or Sunday, on which the normal working forces of the Contractor may proceed with regular work for at least six (6) hours toward completion of the Contract, unless work is suspended for causes beyond the Contractors control. Saturdays, Sundays, and holidays on which the Contractor's forces engage in authorized work, requiring the presence of an Inspector, will be considered as working days.

ANSI American National Standards Institute, Inc. (formerly USASI)

All other terms, not defined herein before but never the less used in these documents shall conform to the definition of terms prescribed in Section 101 of the General Provisions.

3. STATE LABOR LAW

The Bidder must comply with all the provisions of the Labor Law of the State of New York in the performance of this Contract.

4. PREVAILING RATES OF WAGES

The prevailing rates of wages to be paid to laborers, workmen and mechanics have been determined and fixed by the New York State Department of Labor, of the State of New York and are referred to in the proposed contract form and are set forth herein under "Prevailing Wage Rates." The Contractor will be required to pay laborers, workmen and mechanics not less than the highest applicable rate established by the Department of Labor, of the State of New York. Bidders are advised that the attached schedule of Prevailing Wage Rates is effective through June 2018. The Bidder is responsible for ascertaining current rates for applicable trades.

5. FORM OF AND DELIVERY OF PROPOSAL

Each proposal shall be submitted in the form provided by Owner and shall be enclosed together with the required proposal security, in a sealed envelope addressed to the attention of the **Erie County Industrial Development Agency**, **95 Perry Street Suite 403**, **Buffalo**, **NY 14203** with the name and address of the Bidder, the date set for the opening of bids, and the description of the Project and the Project Number.

Proposal For BUFFALO SOUTHERN RAILROAD RHABILITATION OF BRIDGE AT MP 8.27 OVER RUSH CREEK

Bidders Name

Business Address

Date and Time of Bid Opening

The sealed envelope shall be enclosed in an outer sealed envelope and delivered to the address specified in the Request for Bids.

When sent by mail, preferably Certified Mail, the sealed Proposal, marked as indicated above, shall be enclosed in an additional envelope. No Proposal will be considered unless received at the place specified in the advertisement before the time specified for opening all bids. Proposals received after bid opening time shall be returned to the Bidder unopened.

The Bidder is provided with an extra set of blank Proposal forms. THESE ARE THE PROPOSAL FORMS THAT MUST BE SUBMITTED IN ACCORDANCE WITH THE ABOVE PARAGRAPH. THE PROPOSAL FORMS BOUND INTO THE CONTRACT DOCUMENTS BOOK ARE TO BE LEFT BOUND.

6. PREPARATION OF PROPOSAL

The Bidder shall state, in ink, in the space allotted for the same on the Proposal form a certain sum, in words and in figures, for which he proposes to furnish all material, labor and plant necessary for the construction and completion of the work set forth in the Plans and Specifications. In case of conflict between words and numerals, the words, unless obviously incorrect, shall govern.

Bids will be received on a unit and/or lump-sum price basis for the full and satisfactory completion and acceptance of the work herein specified, shown upon the Contract Plans, and contemplated by the Bidding Documents and Specifications of which these instructions form a part.

The Bidder shall extend the estimated quantities at the unit price submitted and the sum of these products for accomplishing work will determine the lowest bid, and the gross sum shall be specified on the Proposal sheet in words and in figures by the Bidder.

All forms and related information to be submitted by the Contractor relating to affirmative minority business enterprise action requirements have been outlined in the section entitled "PROPOSAL."

The blank spaces in the Proposal Forms, excepting as otherwise noted, must be filled in by the Bidder, and no change shall be made by the Bidder in the phraseology of the Proposal or in the items mentioned therein.

The Contract sum must be plainly stated in figures and words. In case of conflict, words will take precedence over figures. Proposals that contain any omission, erasure, alterations or additions, or that contain irregularities of any kind, may be rejected as informal.

Erasures or other changes in the Proposal must be explained or noted over the signature of the Bidder.

Permission will not be given to modify or explain any Proposal after it has been deposited with the Owner.

7. SIGNATURE ON PROPOSALS

If the Proposal is made by an individual, it shall be in ink and signed by the individual, giving the individuals full name and address; if the Proposal is made by a firm or partnership, its name and the principal office address of such firm or partnership shall be stated, and the Proposal shall be signed by one or more of the partners, and the names of all the partners shall be listed; and if the Proposal is made by a corporation, it shall be signed with the name of the corporation and attested to by the corporate seal thereof, and the principal office address of the corporation and the State of incorporation shall also be entered thereon.

If a group of Bidders wish to submit a single Proposal as part of a Joint Venture, they will be required to complete and execute the Joint Venture Statement bound with their documents.

8. COMPETENCY OF BIDDERS

Each Bidder shall furnish the Owner with satisfactory evidence of competency to perform the work contemplated upon request from the Owner. The Owner reserves the right to reject a Proposal if the Bidder does not submit an adequate statement of his qualifications within 5 days of request from Railroad.

Bidders shall furnish a statement covering experience on similar work, a list of machinery, plant and other equipment available for the proposed work, and a statement on financial resources, dated within thirty (30) calendar days prior to the date of the opening of the bids. The Owner reserves the right to make an investigation of information submitted, and to reject the bid submitted by any Bidder if deemed in the best interest of the Owner.

The financial statement, shall be dated within thirty (30) calendar days prior to the date of opening of the bids, shall show the financial condition of the Bidder as of December 31 of the year preceding the date for the call for bids, or as of the end of the fiscal operating year, qualified by sufficient supplementary information to show approximately the condition at the time of submitting the statement. If no important change has occurred, the Bidder shall certify on the statement that the Bidder's financial condition has remained substantially unchanged since the date of the annual statement.

With each financial statement filed with the Owner, as herein before outlined, the Bidder shall also submit a statement relating to experience in performing construction work similar to that for which the Bidder is offering a Proposal, and also file with the Owner a statement relating to the amount and condition of equipment as often as may be required by Owner. Both the experience and equipment statements herein referred to shall be submitted in a manner acceptable to the Owner.

9. DISQUALIFICATION OF BIDDERS

Any one or more of the following causes may be considered as sufficient for the disqualification of a Bidder and the rejection of his/her bid or bids:

- (a) More than one Proposal for the same work from an individual firm, partnership, or corporation under the same or different names;
- (b) Evidence of collusion among Bidders. Participants in such collusion may not receive recognition as Bidders for any future work;
- (c) Unbalanced Proposals in which the prices for some items are out of proportion to the prices for other items;
- (d) Failure to submit a unit price for each item of work for which a bid price is required by the Proposal;
- (e) Failure to submit the financial statement, experience, or plant and equipment statements.
- (f) Lack of competency as revealed by the financial statement, experience, or plant and equipment statements submitted;
- (g) Lack of responsibility as shown by past work judged from the standpoint of workmanship and progress;
- (h) Uncompleted work which, in the judgment of Owner, might hinder or prevent the prompt completion of additional work if awarded;
- (i) If the Proposal is not accompanied by the Proposal security specified by Owner.

- (j) If the Proposal is on a form other than that furnished, or if the furnished form is altered, or if any part of the Proposal form is detached;
- (k) If there are unauthorized additions, conditional or alternate pay items, or irregularities of any kind which make the Proposal incomplete, indefinite, or otherwise ambiguous.
- (1) If the bidder or his representative has not attended the Pre-Bid meeting.

10 REJECTION OF PROPOSALS

The Owner reserves the right to waive any informalities or to reject any or all bids.

11. INFORMAL PROPOSALS

Any Proposal, which fails, to name a price, written in both words and figures, may be held to be informal and may be rejected. The wording of the Proposal shall not be changed nor shall any addition be made thereto. Any alteration, omission or addition, or any unauthorized conditions, limitations or provisions attached to a Proposal may render it informal, and may be sufficient cause for its rejection. No Proposal received after the time named or at any place other than that stated in the formal advertisement will be considered.

The Owner may also consider a Proposal to be informal and may be rejected:

- a. If the Proposal form furnished by the owner is not used or is altered;
- b. If there are unauthorized additions, omissions, limitations, provisos, alterations, conditions, alternate bids not called for or irregularities of any kind which may tend to make the Proposal incomplete, indefinite, or ambiguous as to its meaning;
- c. If the prices contained in the bid schedule are obviously unbalanced either in excess or below the reasonable cost analysis values;
- d. If the Proposal fails to contain a unit or lump sum price for every pay item indicated; and
- e. If any documents necessary for bidding purposes are not completed, are improperly executed, or are missing (including Proposal Guaranty and Non-Collusion Affidavit).

12. INTERPRETATION OF ESTIMATED PROPOSAL QUANTITIES

An estimate of quantities of work to be done and materials to be furnished under these Bidding Documents and Specifications is given in the Proposal. It is the result of careful calculations and is believed to be correct. It is given only as a basis for comparison of Proposals and the award of the Contract. The Owner does not expressly or by implication agree that the actual quantities involved will correspond exactly therewith; nor shall the Bidder plead misunderstanding or deception because of such estimates or quantities. or of the character, location, of other conditions pertaining to the work. Payment to the Contractor will be made only for the actual quantities of work performed or materials furnished in accordance with the Contract Plans and Specifications. It is understood that the quantities may be increased or decreased as hereinafter provided in the subsection titled "ALTERATION AND OMISSIONS" of Section 104-02 of NYSDOT Standard Specifications without in any way invalidating the unit bid prices.

13. ACCURACY OF CONTRACT PLANS AND SPECIFICATIONS (CONTRACT DOCUMENTS)

The Contract Plans and Specifications (Contract Documents) for the project have been prepared with care and are intended to show as clearly as is practicable the work anticipated to be done. The Contractor must realize, however, that construction details cannot always be accurately anticipated and that in executing the work, undetermined conditions may require a variation. Work under all items in the Contract must be carried out to meet the field conditions to the satisfaction of the Owner, the Engineer and/or Construction Manager in accordance with their instructions and the Contract Specifications.

The Bidder is expected to carefully examine the site(s) of the proposed work, the Proposal, Contract Plans, Specifications, and Contract Forms and shall become acquainted with the work to be performed (including quantity and quality), materials to furnished, and as to the requirements of the proposed Contract. The submission of a Proposal shall be prima facie evidence that the Bidder has made such examination and is satisfied as to the conditions to be encountered in performing the work and as to the requirements of the proposed Contract Agreement, Contract Plans and Specifications.

The Contractor must assume all risk of variance in any computation or statement of amounts of quantities necessary to complete the work required by the Contractor by whomsoever made, and fully complete said work in accordance with the Contract Plans and Specifications for the price bid. Any items of work contained either in the Specifications, or on the Contract Plans but omitted from the others respectively will be considered part of the work.

14. REQUESTS FOR INTERPRETATION AND ADDENDA

All questions as to the interpretation of the Contract Plans and Specifications shall be submitted in writing to the Engineer.

The Engineer will answer such questions if received not later than five (5) business days before the time of the opening of the bids by issuing addenda to the Specifications, and such addenda will become part of the Bidding Documents and Specifications. The Engineer will not make or be responsible for any oral instructions.

Addenda will be mailed, not later than two (2) business days prior to the date fixed for the opening of bids, by the Engineer by Certified Mail with Return Receipt Requested to every individual or firm on record as having taken a set of Contract Documents. Failure of the Engineer to send, or of any Bidder to receive, such addenda will not relieve any Bidder from any obligation under his bid as submitted. Issued addenda will be on file at the office of the Owner. All Addenda so issued shall become part of the Contract Documents.

15. SECURITY ACCOMPANYING PROPOSAL (PROPOSAL GUARANTY)

Each proposal shall be accompanied by a certified check of the bidder payable to the Owner in an amount of not less than ten (10) percent of the bid price, and in no case less than fifty dollars (\$50.00), which check shall be duly certified by an incorporated bank or trust company; or, in lieu of such certified check, the proposal must be accompanied by a Proposal Bond running to the owner and executed by the bidder as principal and by a duly incorporated company authorized to guaranty the performance of Contracts and to do business in the State of New York

15. SECURITY ACCOMPANYING PROPOSAL (PROPOSAL GUARANTY) (Cont'd.)

as Surety, in the penal amount of not less than ten (10) percent of the bid price, conditioned that, if the proposal accompanying the bond is accepted, the principal named in such bond will, whenever required, enter into a written Contract for the performance of the work and improvement mentioned in such proposal in accordance with the terms and conditions as provided in the Plans and Specifications, and will furnish the Proposal Bond as herein provided, and that the penal sum of such Proposal Bond in the amount of ten (10) percent thereof shall be and become the minimum amount of damages suffered by the Owner as liquidated damages, if the accepted bidder fails to enter into the Contract and furnish the required bond upon notice as herein prescribed.

In case a certified check is submitted with the proposal, such certified check and the amount thereof shall be such and become the property of the Owner, as liquidated damages, if the accepted bidder fails to enter into the written Contract with the owner and furnish the required bond upon notice as herein elsewhere provided. In the event of the failure on the part of the owner to award the Contract within forty-five (45) calendar days after the opening of the bids, a bidder may, at bidder's expense option, substitute a satisfactory Proposal Bond in lieu of his certified check.

16. WITHDRAWING OF PROPOSAL

A proposal, after having been submitted, may be withdrawn by the bidder, provided that the request for such withdrawal is received by the Contracting Officer in writing and signed by a person qualified for the execution of the proposal not less than one (1) hour prior to the time set for receiving the proposals.

17. AWARD OF CONTRACT

The awarding of the Contract will be to the lowest responsible bidder and is subject to County of Erie and Erie County IDA (Sponsor) approval to award. It is the Sponsor's intent to notify low bidder of award within twelve (12) calendar days of bid opening. Bidder will be required to provide signed contract documents within ten (10) calendar days of notice to award. Notice-To-Proceed will be given after execution of the contract by Erie County IDA. Bidder must honor the bid provided for up to 45 days. The Owner does not bind itself to accepting the lowest or any bid.

18. RETURN OF PROPOSAL GUARANTY

The Proposal Guaranty (certified checks or Proposal Bond) of all but the lowest and next lowest responsible bidders will be returned within ten (10) calendar days of the date of receipt of bids. The Proposal Guaranty of the lowest and next lowest responsible bidders will be returned when the Contract has been executed between the Owner and the Contractor, or if not executed, when other disposition of the matter shall have been made by the Owner except, however, when the award of Contract shall have been annulled in the event the accepted bidder fails to execute and deliver the Contract and other prescribed documents, the Proposal Guaranty of such bidder shall be forfeited if it is in the form of a certified check or it shall become operative if it is in the form of a Proposal Bond.

19. EXECUTION OF CONTRACT

The accepted bidder shall enter into a written Contract for the performance of the work and improvement, and shall furnish the required bonds within ten (10) calendar days after written notice by the Owner has been served on such bidder personally or by registered mail, at the address given in the proposal, that the Contract has been awarded to him.

20. FAILURE TO EXECUTE CONTRACT

Any bidder who fails to enter into the Contract for the performance of the work or to furnish the required Performance Bond and the Labor and Material Payment Bond after ten (10) calendar days' notice being given as above provided, shall forfeit his claim to the work, and the certified check accompanying his proposal shall become the property of the Owner as the agreed and liquidated amount of damages caused by the failure or, if a Proposal Bond was given, the penal sum of such bond, in the amount of ten (10) percent thereof, shall be and become the minimum amount of damages suffered by the Owner as liquidated damages caused by such failure.

21. PERFORMANCE BOND AND LABOR AND MATERIAL PAYMENT BOND

The accepted bidder shall furnish <u>both</u> a Performance Bond and a Labor and Material Payment Bond running to the Owner each in the penal amount of 100% of the Contract price to be executed by the bidder as principal and by a duly incorporated company authorized to guarantee the performance of contracts and to do business in the State of New York as Surety, conditioned for the faithful and complete performance of such contract in strict compliance with the Plans and Specifications, and also for the payment of all materials and services rendered in the execution of the Contract, and that any person or corporation furnishing such materials or rendering such services may maintain an action to recover the same against the obligors in the bond, as though such person of corporation was named therein, provided the action is brought within one (1) year after the time the cause of action accrued.

22. MAINTENANCE BOND

The accepted bidder shall furnish a bond running to the Owner in the penal amount of 100% percent of the Contract price as a guaranty that the bidder will replace or repair any defective work or material provided the action is brought within one (1) year after final acceptance of the work by the Owner.

23. PUBLIC OPENING OF PROPOSALS

Proposals shall be opened, and read, publicly at the time and place specified in the advertisement. Bidders, their authorized agents, and other interested persons are invited to attend.

24. ESTIMATES AND PAYMENT

In computing amounts in estimates of work done the appropriate unit or lump sum price bid in the proposal will be used.

In making up the final estimate, the linear measurement made along the axis of the surface of the finished work will be considered the length of the work.

All estimates, including the final, will be made for actual quantities of work performed and materials in place as determined by the measurements of the Contracting Officer, and the resulting quantities involved in this Contract shall be accepted as final, conclusive and binding upon the Contractor.

25. FINAL ADDITIONS OR DEDUCTIONS

Upon the completion of the required work as shown on the Plans and Specifications, should the final estimate of quantities show either an increase or decrease from the approximate estimate of quantities, then such variations will be computed at the unit price bid and a final agreement will be made respectively adding or deducting this amount from the gross sum bid.

26. MONTHLY PROGRESS PAYMENTS

Progress payments on account, based upon the value of the work executed and actually in place to the satisfaction of the Contracting Officer, will be made to the Contractor during the satisfactory progress of the work. The conditions under which such partial payments will be made are fully set forth in the Contract.

Progress payments will be made upon monthly estimates of the Contracting Officer as the work progresses, less ten percent (10%) of such estimate which amount shall be retained until the work is completed and accepted.

27. PROGRESS AUDITS AND REPORTS

- a. Regular. The Contractor shall furnish a schedule of expected progress of the work under the Contract, showing approximately the dates on which each part of division of the work is expected to be begun and finished. The Contractor shall also forward to the Contracting Officer, as soon as practicable after the first day of each month, but no later than the tenth (10th) day, an updated progress schedule reflecting the previous month's activities and any revisions proposed by the Contractor.
- b. <u>Special</u>. At any time during construction, the Contracting Officer may request the Contractor to furnish, and the Contractor will furnish a special progress report not herein above provided for.

28. SUBCONTRACTORS

No part of the Contract shall be subcontract and no work shall be performed under any subcontract without the prior approval of the proposed subcontractor by the County of Erie and the Erie County IDA authorized representative(s).

Subcontractors shall conform with all the provisions set forth in the Contract to which their work applies and which relate thereto. The term "subcontractor" is defined to mean any person, firm or corporation, other than the employees of the Contractor, who contracts to furnish labor and materials to the Contractor in connection with the Project.

29. TIME FOR COMPLETION

A Notice To Proceed Date will be issued in accordance with the Contract Agreement. Ordering of material and required lead time for delivery shall be carefully planned to insure completion of the project work. Do not order materials or commence work prior to the Notice To Proceed Date specified and transmitted in writing to the Contractor by the Contracting Officer.

Time for completion of the work will be in accordance with Contract Agreement Article 5 Time of Completion.

The Contract shall be completed, by Schedules, within the time stipulated in the Contract, from the date specified by the Contracting Officer for commencing, unless such period of time shall be extended by the Contracting Officer. The work shall be deemed completed when it has been finally accepted by the Contracting Officer or, at the sole option of the Contracting Officer on such earlier date, as the Contracting Officer determines the work is sufficiently complete to permit beneficial use of the facility by the Owner. In the event that the Contracting Officer elects to accept the partially completed work as sufficient to provide beneficial use of the facility, Contractor will be advised in writing. Such use and partial acceptance by the Owner will not serve to relieve the Contractor from any responsibilities under the terms of the Contract.

The Contractor is advised that the sole purpose of such early partial acceptance is to permit the beneficial use and occupancy of the Project by the Owner but it shall not be construed as relieving the Contractor of any obligation under the requirements of the paragraph entitled "Liquidated Damages for Failure to Complete Work" of these Instructions To Bidders.

30. FINAL PAYMENT

When all work required under the Contract has been completed and, in the opinion of the Contracting Officer, is ready for final acceptance by the Owner, a final certificate of cost of the Project will be made by the Contracting Officer, based on the actual as-built quantities of authorized work done under each item scheduled in the various schedules in the Proposal and under Supplemental Agreements, if any, at the lump sum and unit price or prices stipulated therein.

When this final certificate is approved, the money due the Contractor for the performance of the project work as determined by said final certificate, after deduction of previous payments on account and any amounts of liquidated damages, if any, assessed against the Contractor will be paid to the Contractor provided, however, that before such final payment is made, the following requirements shall be satisfied:

- a. There shall be no outstanding claims against the Contractor filed by the Owner.
- b. The Contractor shall have paid all due obligations and shall have furnished, when directed by the Contracting Officer, receipted bills or other satisfactory evidence that all obligations incurred by the Contractor and/or Subcontractors in carrying out the Project work have been satisfied.
- c. The Contractor shall have delivered a fully executed Maintenance Bond, a copy of which is included with these documents.

d. The Contractor shall execute and deliver a release substantially in the form set forth as follows:

"In consideration of the above payment, (I) (WE) hereby release the Owner and its officers, agents and employees from all claims, demands and liability of whatsoever nature for anything done or furnished or in any manner growing out of the performance of the project work".

e. All documentation of MBE/WBE goals and utilizations.

The acceptance by the Contractor payment of the final certificate shall operate as and shall release the Owner and its agents from all claims of or liability to the Contractor for anything done or furnished or omitted to be done or furnished for or relating to the Project work, or any act or neglect of the Owner or any person, relating thereto.

31. CONTRACT COMPLETION TIME

Times for completion of the work must be complete in accordance with Contract Agreement Article 5 Time of Completion.

32. LIQUIDATED DAMAGES FOR FAILURE TO COMPLETE WORK

In case the Contractor shall fail to fully complete the whole of the work under the Contract to the satisfaction of the Contracting Officer within the time of times as provided above and stipulated in the Contract, the Contractor shall pay to the Owner the amount stipulated in Subsection 108-03 of the Standard Specifications, Current Edition by the New York State Department of Transportation, for each and every successive calendar day, excluding Sundays and Holidays.

After the above specified time until the work in the Contract is completed and accepted, as liquidated damages and not as a penalty, unless the time of completion is extended by written consent of the Contracting Officer.

Which said amounts per calendar day shall apply separately for each default on each stipulated completion date, and which are agreed upon by the parties to be liquidated damages and not penalties. The amount per calendar day represents the additional cost of administration.

33. SALES TAX

ECIDA as a government entity is not subject to State and Local sales tax in accordance with Section 1115 of the Tax Laws in connection with capital improvement contracts for all tangible personal property that is an integral component of the rail corridor. Material purchases as a result of this contract will not be subject to New York State Sales Tax. The ECIDA will provide to the successful bidder a copy of ECIDA's tax exempt form to be used for the tax exempt purchase of materials for this project.

34. UNITED STATES MANUFACTURE

All materials to be used by the Contractor, his material men and suppliers, in performing the work under this Contract, shall be manufactured and fabricated in the United States.

35. SITE RESTRICTIONS AND SAFETY DURING CONSTRUCTION ACTIVITY.

The following restrictions shall apply at all times for construction work:

- a. The crossing over of live operational railroad tracks by Contractor's equipment, without benefit of protection by railroad flagman and protection of the ties and rail, will not be permitted.
- b. Construction on or alongside a live operational railroad track will not be permitted without protection by railroad flagman.
- c. Provisions for Railroad Flagging shall be coordinated with Buffalo Southern Railroad. Contractor is encouraged to arrange with the Railroad to remove live track or adjacent live tracks from service to the fullest extent possible.
- d. Federal Railroad Roadway Worker Rules are in effect for parts of this project site. The Contractor and subcontractor(s) and their employees and agents must abide by and be qualified on Code of Federal Regulations Title 49, Part 214 Railroad Workplace Safety; Subparts A, B, C & D.
- e. Waiver of Liability Forms must be completed for each Contractor and Subcontractor employee for each of the 3 Property Owners along with required Insurances naming the Property Owners as Additional Insured.
- f. Contractor employees must stay within the work limits and shall not wander onto adjacent lands.

36. CONTRACTOR QUALIFICATIONS

Prospective Bidders are hereby advised that in the event they are the low Bidder they may be requested to submit to the Owner the following data:

- 1. A tabulation of the jobs performed by the Bidder during the last five (5) years that required earthwork, bridge work, construction and/or maintenance and including the following data: Contractor status (prime or sub), general scope of and dollar amount of work and the identity of the individual who accepted these projects.
- 2. A resume of experience for the key personnel who would be in charge of construction on the project and be at the work sites daily during the performance of the work. A minimum of 5 years of bridge work is required and the identity of the individual who accepted these projects.
- 3. A listing of equipment, tools and vehicles which will be available and utilized during the performance of the work.

37. NOTICE OF SPECIAL CONDITIONS

Attention is particularly called to those parts of the Bidding Documents and Specifications, which deal with the following:

- a. Minority Business Enterprises (MBE) Participation Requirements.
- b. Women Business Enterprise (WBE) Participation Requirements.

c. Equal Employment Opportunity Requirements

38. LAW AND REGULATIONS

The Bidder's attention is directed to the fact that all applicable State Laws, municipal ordinances, and the rules and regulations of all authorities having jurisdiction over construction of the project shall apply to the Contract throughout and they will be deemed to be included in the Contract the same as though herein written out in full.

39. BASIS OF AWARD

Award of this Contract will be made only to the lowest responsible Bidder as will best promote the public interest. The Owner reserves the right to reject any and all bids, to award to other than the low Bidder, or to waive minor informalities, if the Owner's best interest will be thereby promoted.

40. SECURING COPIES OF REFERENCED NYSDOT DOCUMENTS

Bidders are specifically advised that numerous specifications are NYSDOT Standard Specifications and the drawings make reference to NYSDOT Standard Sheets. Copies of these documents may be obtained at any regional NYSDOT office or at the main office in Albany, NY. They are also available on the NYSDOT website:

<u>https://www.dot.ny.gov/index</u> Once at the website look under publications for NYSDOT specifications and standard sheets.

41. ECIDA DESIGNATED REPRESENTATIVES

The designated representatives from the ECIDA are Mr. John Cappellino (email address: jcappell@ecidany.com) and Mr. Phil Riggs (email address: priggs@ecidany.com).

PROPOSAL

PROPOSAL

To: Erie County Industrial Development Agency 95 Perry Street Suite 403 Buffalo, New York, 14203

Gentlemen:

1. The undersigned proposes to furnish all of the materials and perform all of the work required to complete the Construction for the bridge work and other specified work contained in the project, in accordance with Contract Documents prepared for Erie County Industrial Development Agency (Owner) for the Contract Sum specified below, subject to additions and deductions as provided in the Conditions of the Contract.

2. CONTRACT SUM

The Proposed Contract Gross Sum is:		
	DOLLARS (<u>\$</u>	

3. <u>BID PRICES</u>

The undersigned submits the following lump sum and unit bid prices which shall govern the cost of the work. Lump sum and unit bid prices shall include all necessary machinery, tools, labor and other means of construction, and to do all work and furnish all materials to perform and complete the said construction work within the prescribed time and as required, in accordance with the requirements of the Owner of the named unit and lump sum prices for the various items.

The following estimate of quantities, unit prices, and lump sum prices bid will be used for the purpose of comparison of bids received. <u>Bidders must bid on all items.</u>

PLEASE BE SU	RE A BID IS	S ENTERED FOR EACH ITEM				
TOTAL SUM		N IN WORDS	TOTAL BID	IN NUN	MBERS	

NOTES:

- 1. Please ensure a bid is entered for each item.
- 2. In the event that there is a discrepancy within the bid schedule, the written words will be the accepted value.

The foregoing quantities are considered to be approximate only and are given as the basis for comparison of bids. The Owner may increase or decrease the amount of any item or portion of the work as may be deemed necessary or expedient.

An increase or decrease in the quantity for any item will not be regarded as a sufficient ground for an increase or decrease in the unit prices, nor in the time allowed for the completion of the work, except as provided for in the section "General Provisions".

The cost of any work performed, materials furnished, services provided or expenses incurred, which are not specifically delineated in the Contract Documents but which are incidental to the scope, intent and completion of the Contract, shall be deemed to have been included in the prices bid for the various items scheduled herein before.

The undersigned hereby agrees that the wages to be paid for a legal day's work to laborers, workmen or mechanics employed upon the work contemplated by this contract shall not be less than the prevailing rates determined and fixed by the New York State Department of Labor, of the State of New York. Current rates for trades the Bidder believes will be required may be obtained by calling the State Department of Labor. The Bidder is responsible for ascertaining current rates for applicable trades.

4. EXAMINATION OF CONTRACT DOCUMENTS AND SITE

The undersigned agrees that before making this Bid he/she has carefully examined the Contract Documents, together with the site of the proposed work, as well as its surrounding territory, and is fully informed regarding all of the conditions affecting the work to be done and labor and materials to be furnished for the completion of this Contract, including the existence of poles, wires, pipes and other facilities and structures of municipal and other public service corporations on, over or under the site, and that this information was secured by personal investigations and research and not from the estimates or records of the Owner and that he/she will make no claim against the Owner by reason of estimates, tests or representations of any officer or agent of the Owner.

5. EXECUTION OF AGREEMENT

In submitting this Bid, the Bidder understands that the right is reserved by the Owner to reject any and all Bids. If written notice of the acceptance of this Bid is mailed, telegraphed or delivered to the undersigned within twelve (12) calendar days after the opening thereof, or at any time thereafter before this Bid is withdrawn, the undersigned agrees to execute and deliver a Contract Agreement in the prescribed form and furnish the required Insurance Certificates and Performance Bond and Labor and Material Payment Bond in the face amount of one hundred percent (100%) of the Contract Sum, within ten (10) calendar days after the Agreement is presented to him/her for signature. The premiums of which bonds are to be paid by the undersigned is included in the Contract Sum.

PROPOSAL SECURITY

Accompanying this Proposal is a certified check payable to the	Erie County Industrial	
Development Agency (Owner) for		
	Dollars and	Cents
(10% of total price of Bid Proposal) which deposit shall become	1 1 •	,
case this Proposal shall be accepted by the Owner, the undersign	gned shall fail or neglect	to
execute a Contract with separate bonds (Performance Bond and	d Labor Material Paymer	nt Bond)
and give to the Owner within ten (10) calendar days after the re	eceipt of a written notice	by the
Owner to the undersigned to enter into said Contract Agreemen	nt.	

Accompanying this Proposal, in lieu of the certified check, is a Surety Company Bond in the penal sum of ten percent (10%) of the total price in this Proposal.

7. <u>TIME OF COMPLETION</u>

Bidder acknowledges that time is of the essence for the work to be performed under this Contract. Times for completion of the work will consist of one overall completion date of the work. The work to be performed shall be completed in accordance with Contract Agreement Article 5 Time of Completion.

8. NON-COLLUSION AFFIDAVIT

Attached hereto is an affidavit in proof that the undersigned has not entered into a collusive agreement with any person in respect to this Bid or any other Bid or the submitting of Bids for the Contract for which this Bid is submitted.

9. EXPERIENCE STATEMENT

The low bidder may be required to submit an experience statement to Owner if requested.

10. CERTIFICATION OF NON SEGREGATED FACILITIES

The Bidder certifies that he/she does not maintain or provide for his/her employee any segregated facilities at any of his/her establishments, and that he/she does not permit his/her employees to perform their services at any location, under his/her control where segregated facilities are maintained. The Bidder agrees that a breach of this certification will be a violation of the Equal Opportunity clause in any contract resulting from acceptance of this Bid. As used in this certification, the term "segregated facilities' means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, and transportation provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise.

The Bidder agrees that (except where he/she has obtained identical certification from proposed subcontractors for specific time periods) he/she will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause, and that he/she will retain such certifications in his/her files.

Date, 20	(Name of Bidder)
Official Address (Including Zip Code): By:	,
	(Title)
(Corporate Se	eal)

NON-COLLUSION AFFIDAVIT STATEMENT OF NON-COLLUSION IN BIDS OR PROPOSALS

Every Bid or Proposal hereafter made for work or services performed or to be performed, or goods sold or to be sold, shall contain the following statement subscribed by the Bidder and affirmed by such Bidder as true under the penalties of perjury: non-collusive bidding certification:

"By submission of this Bid, each Bidder and each person signing on behalf of any Bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief:

- "(1) The prices in this Bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other Bidder or with any competitor;
- "(2) Unless otherwise required by law, the prices which have been quoted in this Bid have not been knowingly disclosed by the Bidder and will not knowingly be disclosed by the Bidder prior to opening, directly or indirectly, to any other Bidder or to any competitor;
- "(3) No attempt has been made or will be made by the Bidder to induce any other person, partnership or corporation to submit or not submit a bid for the purpose of restricting competition."

I further certify that I am authorized to sign and submit this Bid and Non-Collusion Affidavit.

NEW YORK STATE FINANCE LAW REQUIREMENTS

Permissible Contacts

Pursuant to State Finance Law §§139-j and 139-k, this Solicitation/Request for Proposal includes and imposes certain restrictions on communications between the ECIDA and an Offerer/bidder during the procurement process. An Offerer/bidder is restricted from making contacts from the earliest notice of intent to solicit Request for Proposals through the final award and approval of the Procurement Contract by the ECIDA and, if applicable, Office of the State Comptroller ("restricted period") to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). Designated staff as of the date hereof, are identified in Section #41 on Page 14 of the Instructions to Bidders. ECIDA employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the Offerer/bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a 4 year period, the Offerer/bidder is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found at http://www.ogs.state.ny.us/aboutOgs/regulations/defaultAdvisoryCouncil.html.

Offer/Bidder's Affirmation of Understanding of and Agreement pursuant to State Finance Law §139-j (3) and §139-j (6) (b)

State Finance Law §139-j(6)(b) provides that the ECIDA seek written affirmations from all Offerers/Bidders as to the Offerer's/Bidder's understanding of and agreement to comply with the ECIDA's procedures relating to permissible contacts (described above) during a Governmental Procurement pursuant to subdivision three of this section.

The ECIDA must obtain the required affirmation of understanding and agreement to comply with procedures on procurement lobbying restrictions regarding permissible Contacts in the restricted period for a procurement contract in accordance with State Finance Law §§139-j and 139-k. It is recommended that this affirmation be provided to the ECIDA as early as possible in the procurement process, such as when the Offerer/bidder submits its proposal or bid. The following language may be used for the affirmation.

Offerer/Bidder affirms that it understands and agrees to comply with the procedures of the ECIDA relative to permissible Contacts as required by State Finance Law §139-j (3) and §139-j (6) (b).

Offer's/Bidder's Certification of Compliance with State Finance Law §139-k(5)

New York State Finance Law §139-k(5) requires that every Procurement Contract award subject to the provisions of State Finance Law §§139-k or 139-j shall contain a certification by the Offerer/Bidder that all information provided to the ECIDA with respect to State Finance Law §139-k is complete, true and accurate. It is recommended that the certification be provided to the ECIDA as early as possible in the process, such as when an Offerer/Bidder submits its proposal, bid or other form of offer. The following language may be used for the certification.

Offerer/Bidder Certification:		
I certify that all information provided to the EC complete, true and accurate.	IDA with respect to State Finance Law §139-k is

Name: Title	e:	
Contractor Name:		
Contractor Address:		

Offerer/Bidder Disclosure of Prior Non-Responsibility Determinations

New York State Finance Law §139-k(2) obligates the ECIDA to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law §139-k, an Offerer/bidder must disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity. The terms "Offerer" and "Governmental Entity" are defined in State Finance Law § 139-k(1). State Finance Law §139-j sets forth detailed requirements about the restrictions on Contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible Contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such Contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether an Offerer/bidder fails to timely disclose accurate or complete information regarding

the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer/bidder that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer/bidder is necessary to protect public property or public health safety, and that the Offerer/bidder is the only source capable of supplying the required Article of Procurement within the necessary timeframe. See State Finance Law §§139-j (10)(b) and 139-k(3).

The ECIDA must include a disclosure request regarding prior non-responsibility determinations in accordance with State Finance Law §139-k in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached "Offerer Disclosure of Prior Non-Responsibility Determinations" form is to be completed and submitted by the Offer/Bidder and submitted to the ECIDA.

Contract Termination Provision

New York State Finance Law §139-k(5) provides that every procurement contract award subject to the provisions of State Finance Law §§139-k and 139-j contain a provision authorizing the ECIDA to terminate the contract in the event that the certification is found to be intentionally false or intentionally incomplete. This statutory contract language authorizes, but does not mandate, termination. "Governmental Entity" and "procurement contract" are defined in State Finance Law §139-k(1). If a contract is terminated in accordance with State Finance Law §139-k(5), the ECIDA is required to include a statement in the procurement record describing the basis for any action taken under the termination provision.

Accordingly,

The ECIDA reserves the right to terminate this contract in the event it is found that the certification filed by the Offerer/Bidder in accordance with New York State Finance Law §139k was intentionally false or intentionally incomplete. Upon such finding, the ECIDA may exercise its termination right by providing written notification to the Offerer/Bidder in accordance with the written notification terms of this contract.

IRAN DIVESTMENT ACT CERTIFICATION

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, Bidder/Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, Bidder/Contractor is advised that once the list is posted on the OGS website, any Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to the solicitation, must certify at the time the Contract is renewed, extended or assigned that it is not included on the prohibited entities list.

During the term of the Contract, should the New York State Education Department (AGENCY) receive information that a person is in violation of the above-referenced certification, AGENCY will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then AGENCY shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

AGENCY reserves the right to reject any bid or request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

CONTRACT AGREEMENT

GENERAL CONSTRUCTION CONTRACT AGREEMENT

Agreement, dated as of the Erie County, having its ECIDA office at 95 Perry S hereinafter referred to as the Owner , and	
having its principal address at	

hereinafter referred to as the **Contractor**:

1. SCOPE OF WORK

Contractor hereby covenants and agrees to the Scope of Construction Appurtenances and to furnish all labor, materials, tools, plants and machinery necessary and appropriate to accomplishing the foregoing and to execute, construct and finish the work in a substantial and workmanlike manner to the satisfaction and acceptance of the Owner; it being agreed that said work is more fully described and set forth in plans and Specifications (Contract Documents) prepared for this Agreement, described and dated as follows:

ERIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY Buffalo Southern Railroad Rehabilitation of Bridge at MP 8.27 Over Rush Creek NYSDOT P.I.N. 5936.74.301

The said Plans and Specifications (Contract Documents) being incorporated herein by reference as part of this Agreement. Additional Plans may be furnished by the Engineer and/or Owner from time to time as may become necessary to more fully explain and illustrate the manner in which the work is to be carried out. These drawings shall not be considered as shop drawings nor shall they in any way relieve the Contractor from furnishing the required shop drawings. All material and work that may be called for in the Specifications and not shown on the Plans, or shown on the Plans and no called for in the Specifications, are to be furnished and executed as if described in both the Plans and the Specifications or Special Notes. Should any work or material not directly or indirectly denoted in the Specifications, Plans or Special Notes be necessary or the proper carrying out of the obvious intentions thereof, the Contractor shall furnish any such material and do any such work as fully as if they were particularly delineated or described. Figured dimensions on all scale drawings shall govern in laying out work, and no work shall be executed from dimensions obtained by scale except in the absence of dimension and as approved by the Engineer. All drawings and specifications furnished the Contractor are the property of the Owner and must be returned or satisfactorily accounted for before final payment is made.

2. THE ENGINEER

Wherever the term "Engineer" is used in this Agreement it means the Engineer(s) of the Owner or such other person as the Owner or Engineer may designate in writing addressed to the Contractor) as his authorized representative. All correspondence or communications directed to Owner and in any manner relating to or affecting the obligations of either the Contractor or the Owner under his Agreement must be addressed DIRECTLY to the authorized representative.

3. COMPENSATION

In accordance with the contract signed:

As full consideration for this agreement and as full compensation for the material, labor, tools, plant, equipment and all other charges involved in completing the work in accordance with the stipulations, provisions and requirements of this Agreement, and of the aforementioned Plans and Specifications and the requirements of the Engineer under them, the Contractor agrees to accept and the Owner agrees to make payment as follows:

Contractor is advised that the only source of funds available for the payment of the work are funds obtained by the Owner from the State of New York. The liability of the Owner to Contractor for payment for the work shall be limited to amounts made available to Owner by the State.

Contractor shall make no claim against Owner for amounts in excess of those paid by the State of New York to the Owner and Contractor accepts the risk of nonpayment by the State of New York to the Owner so long as the reason for the nonpayment is not attributable to the fault or neglect of the Owner.

4. COMMENCEMENT OF WORK

The work shall be commenced within five (5) calendar days after the Contractor's receipt of Notice to Proceed, and shall be prosecuted in such order and with such force as the contractor shall deem adequate to insure its completion within the time hereinafter specified.

5. TIME OF COMPLETION

The Notice to Proceed will be given on or about September 28, 2017. All work must be substantially completed by June 30, 2018. The Contractor will have 60 consecutive days to substantially complete the work once the Contractor commences construction activities. Work shall be completed and ready for final payment within 90 days of the Contractor commencing construction activities. The Contractor shall submit to the Owner a detailed schedule for performance of the work to be performed pursuant to this Agreement in a form acceptable to the owner, which schedule shall comply with all scheduling requirements of this Agreement. The Owner, at its sole discretion, may direct the contractor to make modifications and revisions in said schedule.

A. FAILURE TO RESTORE RAIL SERVICE

In the event the Contractor fails to complete his work and exceeds the specified limitations for track shutdown, such that any railroad delivery or service is delayed, any and all costs incurred by the affected railroads beyond the specified shutdown period will be fully compensated by the Contractor until rail service is restored.

B. FAILURE TO COMPLETE WORK ON TIME

For each calendar day that any work shall remain uncompleted after the contract date specified for the completion of the work provided for in the Contract, the amount per calendar day specified in New York State Department of Transportation Standard Specifications, Table 108-1, Schedule of Liquidated Damages (as modified below), will be deducted from any money due the Contractor, not as a penalty but as liquidated damages, provided, however, that due account shall be taken of any adjustment of the Contract time for completion of the work as provided for elsewhere in the Specifications.

Permitting the contractor to continue and finish the work or any part of it after the time fixed for its completion or after the date to which the time for completion may be extended, will in no way operate as a waiver on the part of the Owner of any of its rights under this Contract.

The Owner may waive such portions of the liquidated damaged as may accrue if he deems the work is in such conditions as to be safe and convenient for use by the traveling public.

The assessing of liquidated damages shall be in addition to Engineering Charges as provided for in § 102-12, Engineering Charges and § 108-04, Extension of Time, of these specifications.

In the event the delivery of any material in short supply is delayed substantially beyond the normal delivery time which results in delaying the completion of the contract, the contract will be extended without the assessment of engineering charges or liquidated damages. The Contractor shall, however, demonstrate to the Owner hat he has made every reasonable effort to obtain such material and complete the contract.

Original Co	Liquidated Damages		
From More Than	To and Including	Per Calendar Day	
\$0	\$25,000	\$200.	
\$25,000	\$50,000	\$300.	
\$50,000	\$100,000	\$800.	
\$100,000	\$500,000	\$1,200.	
\$500,000	\$2,000,000	\$2,000.	
\$2,000,000	\$5,000,000	\$2,400.	
\$5,000,000	\$10,000,000	\$3,200.	
\$10,000,000		\$4,000.	

Any sum which may be due the Owner as liquidated damages shall be deducted by the Owner from any balance which may be due the Contractor when the said work shall have been finished and accepted as hereinafter provided. If the Owner terminates the Contractor's right to proceed, other than a termination by Owner for convenience, liquidated damages will continue to accrue until the Work is completed pursuant to the Contract Documents.

Notwithstanding anything to the contrary in the Contract Documents, an extension of the Contract Time, to the extent permitted under the Contracts Documents shall be the sole remedy of the Contractor for any (1) delay in the commencement, prosecution or completion of the Work, (2) hindrance or obstruction in the performance of the Work, (3) loss of productivity; or (4) any delay-related claim (collectively referred in this section as "Delay") whether or not such Delay is foreseeable. In no event shall the Contractor be entitled to any compensation or recovery of any damages, in connection with any Delay, including, without limitation, consequential damages, lost opportunity cost, impact damages, labor inefficiency damages, or overhead costs.

6. SUSPENSION OR TERMINATION OF AGREEMENT

The Owner reserves the right, at any stage of the work. to (1) suspend operations thereon, or upon any part thereof, either for a time specified or indefinitely or (2) terminate the Agreement by giving the Contractor ten (10) calendar days written notice. In the event of suspension, the Engineer shall grant to the Contractor an extension of time for completion of the work equal to the time of such suspension. In case of any such suspension of longer than ten (10) calendar days, the Contractor shall have the option to terminate this Agreement, and have settlement and payment for the work done which payment shall be computed in the manner set forth below.

In case of termination of the work under this Section, the Engineer shall prepare a final estimate of the value of the part of the work done, which estimate shall be based on labor performed and materials or the work actually purchased and delivered to the Contractor or specially designed and ordered for the work and which, but for such termination thereof, would have become a part of the completed work. Only such delivered or ordered materials shall be included in the estimate as in the opinion of the Engineer were necessary and suitable for the work. Such materials so included shall be delivered to and be the property of the Owner. Payment of the value of the work performed, as described above, shall be taken and accepted by the Contractor as full payment and shall completely discharge the Owner from all liability under this Agreement and thereupon this Agreement shall be terminated. Neither postponement nor suspension of the work or termination of this Agreement shall entitle the Contractor to any claim for damage or for anticipated profits or for compensation for detention of, or loss of use of, agents, or employees, tools, equipment or plant.

Anything in this Agreement to the contrary notwithstanding, any suspension or termination of this Agreement under the provision of this or any other section shall not release Contractor from any liability it may have incurred or any obligation which may have accrued under this Agreement.

7. PERFORMANCE AND PAYMENT BONDS

The Contractor if required by the Owner, shall forthwith upon the execution and delivery of this Agreement. execute and deliver to the Owner good and sufficient performance and payment bonds, each in an amount equal to the total contract price (100%) of the work provided for herein at the time of award as security for the faithful performance by the Contractor of all the covenants and agreements on the part of the Contractor contained herein. The Surety in each such bond shall be a properly organized Surety corporation, accepted and approved by the Owner and doing business in this state.

8. DIRECTIONS, EXPLANATIONS, CORRESPONDENCE AND DISCREPANCIES

All directions, explanations and instructions referred to in or required by this Agreement will be given by the Engineer. The Contractor may at any time require any instructions to be stated in writing. It is also agreed that the functions and powers of any assistant Engineers and Inspectors designated as Engineer's representatives are limited to the monitoring of the Contractor's operations in executing the work pursuant to this Agreement, and that no authority is given the said Assistant Engineers or Inspectors to make, permit or authorize and they are hereby expressly prohibited from making permitting, or authorizing, any alterations, changes, or departures in or from the terms and provisions of this Agreement or said plans and specifications. The Contractor shall not proceed without demanding of the Assistant Engineer or Inspector in charge of the work such points, grades and levels as may be necessary to locate the work, and as the work progresses, and when given, they must be preserved by the Contractor being lost or disturbed, The Contractor agrees to be responsible for any mistakes that may be caused by their loss or disturbance and the Contractor shall not make any claim for compensation for delay by reason of the failure on the part of the Owner to furnish such points, grades and levels unless the same shall have been demanded by the Contractor. If the Contractor in the course of the work shall find that the points, grades and levels which are shown on the plans are not conformable to the physical conditions of the locality of the proposed work or structure, or if discrepancies between the Plans and the points, grades or levels furnished by said Assistant Engineer or Inspector or errors or discrepancies in the plans or the specifications shall become apparent to Contractor, it shall be the duty of the Contractor to immediately inform the Engineer of such errors or discrepancies. Otherwise no claim shall be made by the Contractor against the Owner for compensation or damages by reason of the failure of the Owner to represent upon said plans the points, grades and levels conformable to the actual physical conditions of the locality of the proposed work.

9. CHANGES: PROCEDURE

The Engineer may at any time make such changes in the amount of work to be done or in the quality of the material to be used as in the Engineer's opinion may be necessary. If any such changes diminish the quantity of work to be done, they shall not constitute a claim for damages or for anticipated profits on the work that may be so dispensed with. If the amount of work shall be increased, such increase shall be paid for at the same rate as similar work is herein contracted to be paid for; and if such work is not similar to work herein contracted or, it shall be paid for as an extra item, a price to be agreed upon, in writing, previous to the commencement of such extra work. No such changes (except such changes as diminish the quantity or lower the quality of work to be done, which may be made upon the written order of the Engineer) in the amount of work to be done, or in the quality of the material to be used, shall be made unless and until such changes shall be specified and set forth in a written agreement which shall be supplemental hereto and which shall be signed by both the Owner and the Contractor. The Contractor hereby

expressly covenants and agrees, under any circumstances or for any reason whatsoever, to not make any such changes unless and until said changes are so specified and set forth in such Supplemental Agreement. The Contractor further hereby expressly covenants and agrees, under any circumstances or for any reason whatsoever, to not make any claim or demand for any extra compensation or compensation for additional or extra work in excess of the total sum named in this Agreement, except such extra compensation as maybe specified in any such Supplemental Agreement made as provided for in his paragraph. The Contractor is hereby absolutely prohibited from doing any additional or extra work which will warrant compensation for additional or extra work in excess of that provided for in this Agreement, or in any other way departing or varying from the provisions hereof, or from said plans and specifications, upon any order or request, whether verbal or in writing, given by any person other than the Engineer as herein provided, or in pursuance of a Supplemental Agreement as herein provided.

10. CLAIMS

If at the time of the Contractor's acceptance of any payment made by the Owner under this Agreement, or under any agreement in writing supplemental hereto, the Contractor shall become entitled then or thereafter to have, make or claim any demand against or payment from the Owner other than or additional to the compensation expressly stipulated in and by the written agreement or agreements, the Contractor shall and will at the time of acceptance of such payment give notice in writing to the Engineer, specifying such claim or demand, the ground thereof, and the amount hereof, and the Contractor's acceptance of any payment under this Agreement, or under any agreement in writing supplemental hereto without previously, or concurrently giving such notice in writing to the Engineer shall constitute conclusive and indisputable evidence that at the time of such acceptance thereof the Contractor was not entitled to claim or demand from the Owner either then or thereafter, any payments, damages, or compensation other than the compensation expressly stipulated in and by the written agreement or agreements.

11. TRANSPORTATION

The Contractor shall provide all transportation for employees, equipment, tools and materials.

12. EQUAL OPPORTUNITY AND NONDISCRIMINATION

During the performance of this agreement, the Contractor agrees as follows:

- a. The Contractor will not discriminate against any employee applicant or employment because of race, creed, color, sex, national origin, age, disability or marital status.
- b. If directed to do so by the Commissioner of Human Rights, the Contractor will send to each labor union or representative of workers with which the Contractor has or is bound by a collective bargaining or other agreement or understanding, a notice, to be provided by the State Commissioner of Human Rights, advising such labor union or representative of the contractor's agreement under clauses (a) through (g) (hereinafter called "non-discrimination clauses"). If the Contractor was directed to do so by the Owner as part of the bid or negotiation of this contact, the contractor shall request such labor union or representative to furnish a written statement that such labor union or representative will not

discriminate because of race, creed, color, sex, national origin, age, disability or marital status, and that such labor union or representative will cooperate, within the limits of its legal and contractual authority, in the implementation of the policy and provisions of these non-discrimination clauses and that it consents and agrees that recruitment, employment and the terms and conditions Or employment under this contract shall be in accordance with the purposes and provisions of these non-discriminate clause. If such labor union or representative fails or refuses to comply with such a request that it furnish such a statement, the Contractor shall promptly notify the State Commissioner of Human Rights of such failure or refusal.

- c. If directed to do so by the Commissioner of Human Rights, the Contractor will post and keep posted in conspicuous places, available to employees and applicants for employment, notices to be provided by the State Commissioner of Human Rights setting forth the substance of the provisions of clauses (a) and (b) and such provisions of the State's laws against discrimination as the State Commissioner of Human Rights shall determine.
- d. The Contractor will state, in solicitations or advertisements for employees placed by or on behalf of the Contractor, that all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, sex, national origin, age, disability or marital status.
- e. The Contractor will comply with the provisions of Sections 290-299 of the Executive Law and with the Civil Rights Law, will furnish all information and reports deemed necessary by the State Commissioner of Human Rights under these non-discriminate clauses and such sections of the Executive Law, and will permit access to the Contractor's books, records and accounts, by the State Commissioner of the purposes of investigation to ascertain compliance with these non-discrimination clauses and such sections of the Executive Law and Civil Rights Law.
- f. This contract may be forthwith canceled, terminated or suspended, in whole or in part, by the Owner upon the basis of finding made by the State Commissioner of Human Rights that the Contractor has not complied with these non-discrimination clauses, and the Contractor may be declared ineligible for future contracts made by or on behalf of the State or a public authority or agency of the State, until the Contractor satisfies the State Commissioner of Human Rights that the Contractor has established and is carrying out a program in conformity with the provisions of these non-discrimination clauses. Such finding shall be made by the State Commissioner of Human Rights after conciliation efforts by the Commissioner have failed to achieve compliance with these non-discrimination clauses and after a verified complaint has been filed with the Commissioner, notice thereof has been given to the Contractor and an opportunity has been afforded the Contractor to be heard publicly in accordance with the Executive Law. Such sanctions may be imposed and remedies invoked independently of or in addition to sanctions and remedies otherwise provided by law.

g. The Contractor will include the provisions of clauses (a) through (f) in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to operations to be performed within the State of New York. The Contractor will take such action in enforcing such provisions of such subcontract or Purchase order as the State Commissioner of Human Rights or the contracting agency may direct including sanctions or remedies or non-compliance. If the Contractor becomes involved in or is threatened with litigation with the subcontractor or vendor as a result of such direction by the State Commissioner of Human Rights or the contracting agency, the Contractor shall promptly so notify the Attorney General, requesting the Attorney General to intervene and protect the interests of the State of New York and the Owner.

13. RELATIONSHIP BETWEEN PARTIES

The Contractor warrants and represents that no director, officer, employee or agent of the Owner is a director, officer, employee, or agent of Contractor or any subsidiary or affiliate of the Owner, or vice versa, and that, to the knowledge and belief of the executing officer of Contractor, no director, officer, employee, or agent of Owner or any subsidiary or affiliate of the Owner owns any stock or has a substantial interest in Contractor.

14. LIABILITY FOR TAXES, PENSIONS, ANNUITIES, ETC

The Contractor agrees to, and does, hereby accept full and exclusive liability for the payment of any and all contributions or taxes for unemployment Insurance, medical and old age retirement benefits, pensions or annuities now or hereinafter imposed under any state or federal laws which are measured by the wages, salaries or other enumeration paid to persons employed by Contractor, on work performed under the terms of this agreement. Contractor also agrees to indemnify and save harmless the Owner from any such contributions or taxes or liability therefore and further agrees to obey all lawful rules and regulations and to meet all lawful requirements which are now or hereafter may be issued or promulgated under said respective laws by duly authorized state or federal officials. The Contractor shall accept full and exclusive liability for the payment of any tax on materials entering into the construction.

15. CONTRACTUAL STATUS AND DIRECTION

In performing services under this agreement, Contractor shall operate as, and have the status of, an independent contractor and shall not act as, or be, an employee or agent of the Owner. The Contractor shall employ pay from funds, and discharge all persons engaged in the performance of the work to be performed hereunder and such persons shall be under Contractor's supervision, direction and control subject to the general oversight and guidance of Owner's Engineer(s) or whomever they may appoint.

16. TEMPORARY WORK, SIGNS AND ADVERTISEMENTS

The Contractor shall, unless otherwise specified, furnish at no cost or risk to the Owner all pumping, bailing, false work, cribbing, sheet-piling, coffer dam, shoring, temporary bridging or other temporary work of any nature whatsoever required for the work herein described.

The Contractor shall not place, or permit advertisements other than the name and address of Contractor on any structure or equipment used on this work. On Permanent structures name plates or maintenance signs will be permitted only where specifically authorized by the Engineer.

17. REGULATIONS AND PERMITS

Wherever in the performance of work embraced within this Agreement it may be necessary to temporarily occupy, use or obstruct any street, highway, or public place, or to do anything whatsoever in connection with public property, or wherever it shall be necessary in order to comply with building laws or other local, state or national ordinances or enactments or regulations, the Contractor shall, at no cost to the Owner, procure all necessary approvals and permits therefore; and in performing such work shall be governed by and comply with the laws, rules and regulations of the proper local, municipal, state, national or other authorities. The Contractor shall be responsible for and save the Owner harmless from and against any and all violations of said laws, rules and regulations.

Wherever the doing of the work embraced within this Agreement in any manner affects the use or operation of lines of railroad or other railroad corporations, the Contractor shall, at no cost to the Owner, comply with all the conditions that may be imposed by such railroad corporations.

18. INTOXICATING LIQUORS AND SANITATION

The Contractor, insofar as his authority extends, shall not permit the sale, distribution, possession or use of any intoxicating liquors or narcotics upon or adjacent to the work or allow any such to be brought upon, to or near the project site.

The Contractor shall provide necessary sanitary facilities for employees on this work wherever needed, properly screened from public observation and kept in a clean and sanitary condition satisfactory to the Engineer and public authorities and shall remove same when directed.

19. APPLIANCES

Only suitable and safe appliances and machinery shall be used on the right-of-way or premises of the Owner in this work hereby contracted, and any appliance or machine which the Engineer deems to be unsafe or unsuited for the work to be performed shall be removed from the work.

No stationary boiler or other appliances shall be used by or on behalf of the Contractor or any subcontractor on the right-of-way or premises of the Owner until, unless or except as such device, its parts and appliances shall be in conformity with, and shall have been inspected and tested in conformity with, any and every state, departmental and municipal rule, regulation and requirement applicable thereto at the place of such use.

Save and except only as and when the Owner shall otherwise agree in writing, every examination, inspection and test, and the specification cards and report thereon required under this Section, shall be made, certified and authenticated by a reliable company carrying on the business of such examination, inspection and certification.

The Contractor shall furnish, bear and pay, and shall save the Owner free of, any and all labor and expense of any incident to compliance with aforementioned rules, regulations and requirements.

20. NIGHT AND DAY WORK

Regular access to the site is from 7:00-am till 7:00-pm. If required to work additionally during the night(s) and weekends in order to complete the same work within the time specified herein, no extra charge shall be made by the Contractor for such night and weekend work. Night and weekend work must be authorized by the Owner's representative.

21. SUPERINTENDENCE AND WORKMEN

The Contractor shall at all times be represented on the work by a competent superintendent, who shall be satisfactory to the Engineer. Copies of approved plans and specifications shall be kept on the work site at all times.

The Contractor shall employ experienced workmen and shall promptly discharge any employee whom the Engineer considers to be incompetent or disorderly or a hindrance to the progress of the work herein provided for. The foregoing is intended, and shall not be deemed, to limit or modify Contractor's status as an independent Contractor, as provided in Section 15 of this Contract Agreement.

22. INTERFERENCE

In agreeing upon the price to be paid for the work to be performed under this Agreement, due consideration has been given to the fact that said work must be performed in a manner that will not interfere with the operation of the Owner and also in such a manner as to enable the Owner, or its agents, employees or contractors, to perform other and contiguous work; and the price specified in this Agreement to be paid by the Owner to the Contractor has been agreed upon and made after such due consideration.

23. PROTECTION OF PRESENT FACILITIES

Whenever the work embraced in this Agreement is by the side of or contiguous to existing public or private facilities, the Contractor shall use the utmost vigilance in the prosecution of said work in every stage thereof in order effectually to guard against all accidents or damages to such facilities by reason of said work. The Contractor will at all times during the progress of work so manage and execute the same as to cause the least possible interference with the operation, management, or maintenance of the existing facilities, whenever in the prosecution of the work by the Contractor it shall be found necessary, in order to prosecute said work or to avoid interference with the operation, management or maintenance of existing facilities, to remove, transpose, or alter any existing facility, such change, transposition, alteration, excavation or construction shall be made by, and at the sole expense of the Contractor.

24. CONTIGUOUS WORK

The work herein contracted for shall be so prosecuted that the progress of contiguous work shall not be delayed.

25. PUBLIC AND PRIVATE ROADS

The Contractor shall provide and maintain at no cost to the Owner, good and safe roads, paths and other facilities, as directed by the Engineer to afford means of access to all parts of the work. Any person authorized by the Engineer shall be permitted to use such facilities for hauling materials required for the work, provided such use does not interfere with or impede the work of the Contractor.

26. OWNER'S USE OF COMPLETED WORK

The Owner may, prior to the completion of all the work to be performed under this Agreement and the acceptance thereof by the Owner, enter upon and use any portion of said work without any compensation whatever to the Contractor for such use and without any compensation or payment whatever to the Contractor for any delay in the work caused by such use. Such taking possession and use shall not be deemed an acceptance of the work so taken and used or of any part thereof.

27. TRANSFERS

The Contractor shall not assign or transfer this Agreement, or any part hereof, to any person without the prior written consent of the Owner. The Contractor shall give personal attention and superintendence to the work. No approved assignment, letting, transfer or subcontract, whether for labor or material or both, shall under any circumstances relieve the Contractor of obligations or liabilities under this Agreement or have any bearing on the granting or refusing of an extension or the date of completion should the subcontractor fail to perform the work undertaken.

28. INSPECTION

All materials of every description used under this Agreement and all workmanship pursuant hereto shall be of the grade specified, and where quality is not specified shall be of the best for the purpose that can be obtained. Material shall at all times be open to the inspection, acceptance, or rejection of the Engineer and of such person or persons as designated to represent Engineer, as hereinbefore provided. If any material brought to the project site for the use on the work be condemned by the Engineer as unsuitable, the Contractor shall forthwith remove said material from the work at no cost to the Owner.

29. DEFECTIVE WORK AND MATERIAL

No omission or failure on the part of the Engineer to disapprove or reject any work or material at the time of a monthly or other estimate, or during the inspection of the work or material, shall be construed to be an acceptance of any defective work or material. The Contractor will be required to correct any imperfect work whenever discovered before the final payment is made to the work. If any work be condemned by the Engineer as defective or improperly done, such defective or improper work shall be taken down and rebuilt, or the defects otherwise remedied by the Contractor, at no cost to the Owner, as the Engineer in charge of the work may direct; and in default thereto the same may be done by the Owner at the Contractor's expense. The provisions of this paragraph shall apply to work done by subcontractors as well as to work done by direct employees of the Contractor.

The Contractor, without cost to the Owner, shall remedy any defects due to faulty materials or workmanship or to Contractor's failure to fulfill any obligations under this Agreement which appear within a period of one (1) calendar year from the date when final payment is made for the work. The contractor is required to provide a 1yr. Maintenance Bond (refer to attachment C-30). This obligation is without prejudice to any other rights or remedies afforded by law to the Owner in the event of a default or breach of contract by Contractor.

30. PATENTS

The Contractor shall pay all royalties and license fees. The Contractor shall defend at Contractor's expense any action brought against the Owner, to the extent that such action claims that any equipment used in the performance of the work provided for in this Agreement, or the operation of any such equipment infringes patent, copyright or similar property right of any country, nation, international body or organization. The Contractor will pay any costs and damages finally awarded against the Owner its assignees or successors.

31. INSURANCE

Erie County Industrial Development Agency requires that prior to the commencement of any work, all contractors shall provide a Certificate of Insurance evidencing that public liability insurance is currently maintained and in force with an insurance carrier approved to do business in the State of New York and maintaining an A.M. Best Rating of A- or better showing Erie County Industrial Development Agency as Certificate Holder. It is our suggestion that you share these requirements with your current insurance agent, broker or insurance company.

Acceptable Certificates of Insurance shall indicate the following minimal coverage, limits of insurance, policy numbers and policy effective and expiration dates.

Commercial General Liability: Contractor and subcontractors shall provide coverage for the named insured's premises & operations, products-completed operations, blanket contractual liability and broad form property damage on an occurrence basis and have attached Designated Construction Project(s) General Aggregate Limit CG 25 03 endorsement. All insurance required of the Company shall waive any right of subrogation of the insurers against any person insured under such policy, and waive any right of the insurers to any off-set or counterclaim or any other deduction, whether by attachment or otherwise, in respect of any liability of any person insured under such policy.

Limits expressed shall be no less than:

General Aggregate	\$6,000,000
Products-Completed Operations Aggregate	\$2,000,000
Per Occurrence	\$2,000,000
Personal & Advertising Injury	\$1,000,000
Fire Damage Liability	\$ 100,000
Medical Payment (per person)	\$ 5,000

The following parties shall all be named as Additional Insured on **ISO Form CG 20 10 Additional Insured-Owners, Lessees or Contractors 11-85 edition or its equivalent** to provide completed operations for the Additional Insured on a Primary & Non Contributory basis and be indicated as such on the submitted Certificate of Insurance.

Buffalo Southern Railroad 8600 Depot Street Eden, NY 14057

Erie County Industrial Development Agency 95 Perry Street Suite 403 Buffalo, NY 14203

County of Erie 95 Franklin Street Buffalo, New York 14202

New York State Department of Transportation

Owners & Contractors Protective Liability:

The Contractor shall furnish evidence that with respect to the operations performed, Owners & Contractors Protective Liability Insurance shall be provided for a limit of not less than \$2,000,000 per occurrence and a \$2,000,000 aggregate. Eric County Industrial Development Agency, The County of Eric and New York State Department of Transportation shall be the Named Insured expressed on this policy. Required only if Blanket Broad Form Contractual Liability is not provided on the Commercial General Liability policy.

Railroad Protective Liability:

In additional to the above, contractor shall furnish and certify to carry Railroad Protective Liability Insurance with respect to the operations the contractor or their subcontractors naming the railroad as the Named Insured on Railroad Protective Public Liability Insurance (ISO-RIMA Form) providing a limit of not less than \$2,000,000 per occurrence and \$6,000,000 aggregate. Buffalo Southern Railroad should be identified as the Named Insured on this policy. Erie County Industrial Development Agency should be identified as an Additional Named Insured on this policy.

Workers Compensation & Employers Liability:

Contractors and subcontractors shall provide Workers Compensation insurance as required by statute to cover claims for injury or illness to their employees and those who may be eligible under the Act. Exclusions for proprietors, partners, members of limited liability companies or executive officers will not be permitted.

Workers Compensation: Statutory Employers Liability:
Bodily Injury by Accident (per Accident) \$100,000
Bodily Injury by Disease (Policy Limit) \$500,000
Bodily Injury by Disease (Per Employee) \$100,000

Automobile Liability:

Business Auto Liability insurance covering the use of all owned, hired or non-owned autos for Bodily Injury and Property Damage with a Combined Single Limit of \$1,000,000 per accident. Required limits may be satisfied by a combination of a primary policy and an excess/umbrella policy.

Pollution Legal Liability:

Any contractor performing environmental work shall have in effect Pollution Legal Liability or Contractors Site Pollution Liability insurance coverage with an insuring limit of \$5,000,000 per claim and a \$5,000,000 aggregate. Contractor shall name Erie County Industrial Development Agency, Additional Insured or provide a Blanket Additional Insured provision on this policy.

Umbrella/Excess Liability:

Commercial Umbrella or excess liability for a limit of at least \$5,000,000 per occurrence with a \$5,000,000 Aggregate. Coverage should respond on a follow-form basis and excess over the aforementioned underlying policy limits. The County of Erie and the Erie County Industrial Development Agency shall be named as Additional Insured.

Cancellation or Nonrenewal:

Each Certificate shall state that in the event of any material change in or cancellation of said policies, Buffalo Southern Railroad, New York State Department of Transportation and Erie County Industrial Development Agency Affiliated Companies will receive thirty (30) days prior notice of such change or cancellation. Each Certificate of Insurance shall be sent to the address provided on page C-12.

32. RISKS

The Contractor shall assume all responsibility for any damage which may happen to the work provide for in this Agreement from fire, floods, storms or any cause whatsoever prior to the final completion and acceptance thereof.

All loss or damage arising out of the nature of the work to be done under this Agreement or from any unforeseen obstructions, difficulties or conditions which may be encountered in the prosecution of the same or from the action of the elements or from encumbrances on the line of the work or from any act or omission not authorized by this Agreement on the part of the Contractor or any person or agent employed by Contractor, shall be borne by said Contractor.

The Contractor shall not be entitled to claim or receive from the Owner any sum whatever in excess of the contact price or the work provided or herein by reason or on account of any delay caused in such work by the Owner.

33. INDEMNITY DAMAGE CLAIMS

The Contractor will be responsible for, and shall release, protect, defend, indemnify and save harmless the County of Erie, Erie County Industrial Development Agency, Buffalo Southern Railroad, New York State Department of Transportation & Affiliated Companies, and, its officers and employees, both officially and personally, and their subsidiaries from and against any and all loss, damage, cost and expense and all claims, actions and demands arising out of:

a. Personal injuries (including death) to any person and losses of a damage to the property of any person during or arising out of the performance of this Agreement except when caused in whole by the fault (or by the joint fault) failure or negligence of the owner and/or subsidiary of the owner; and

b. The Federal Employer's Liability Act and any amendments thereto (notwithstanding the provisions of subparagraph a. above) based on allegations to the effect that the Owner failed to correct or guard against unsafe conditions or failed to furnish a safe place to work.

The Contractor shall familiarize himself with applicable industry safety rules, which are incorporated herein by reference and made part of this Agreement. The Contractor also agrees to comply with the industry safety rules, together with all applicable safety requirements contained in the laws, regulations or ordinances of any federal, state or local governmental authority hand to require employees to comply therewith, and agrees to release, protect, defend, indemnify and save harmless the Owner from and against any and all loss, damage, cost and expense and all claims, actions and demands arising out of violation of any of said safety rules and requirements.

Indemnifiable costs shall include, but not be limited to, fees of attorneys, investigators and experts. As used above, the terms "the Owner" and "Owner's subsidiaries" include the officials or officers, directors, agents and employees of the Owner, and any subsidiaries.

Failure of any of the Parties to assert any right or declare any default hereunder shall not preclude such assertion or declaration at a later date or upon a recurrence of violation of such rights or event of default.

34. MATERIALS, SUPPLIES AND EQUIPMENT PURCHASED BY CONTRACTOR

The Contractor shall advise the Engineer in writing of all subcontracts made for materials, supplies and equipment to be used in this Agreement, giving the date of subcontract, name of party with whom made, and date agreed upon for delivery of material covered thereby.

In making purchases of materials to be used in connection with this Agreement, insofar as compliance with the provisions of this Agreement permit, preference shall be given in selecting vendors to companies located within the community and/or state of the project work site.

Materials delivered on site with proper materials certifications that have been accepted for installation and use (exp: rail and ties) may be used for partial reimbursement on individual pay items up to 50% of the unit price less retainage. Contractor is solely responsible for damage, theft or loss until the project has been accepted.

35. MATERIAL PURCHASED FROM THE OWNER BY THE CONTRACTOR

Any material of any nature whatsoever furnished by the Owner upon request to the Contractor shall be paid for by the Contractor at the time of the delivery of the said material to said Contractor at the market price for said material to be determined by the Owner plus the cost to the Owner of handing and transporting said material, and if not so paid shall be satisfied in manner provided in Section 36 hereof.

If any of the said material so purchased from the Owner by the Contractor is returned to the

Owner at any time during the progress of the work, or at the time of the completion of the same, the Owner will purchase such material at the prices paid by the Contractor, deducting therefrom depreciation due to usage (as determined by the Owner) and the cost for handling same.

36. CHARGES ON FREIGHT, LABOR, MATERIALS AND SUPPLIES

The Owner shall have the right to apply any sums due or to become due to the Contractor under his Agreement to payment of any liabilities of the Contractor, or of any subcontractor, to the Owner for freight charges or for furnishing labor, materials or supplies.

37. PAYMENT FOR LABOR, SUPPLIES AND MATERIAL

The Contractor shall be responsible for the prompt payment for all labor, supplies and material furnished for any of the work covered by this Agreement, whether such work is done directly by Contractor or by any subcontractor engaged by the Contractor. In the event the Contractor fails to cause to be paid or pay for any such labor, supplies or material promptly after payment is due, the Owner shall have the right to apply any funds which may be or might become payable to said Contractor to the payment of such liabilities and the amount of such payments shall be considered and accepted as payment pursuant to this Agreement.

38. FAILURE FORFEITURE

If at any time the Contractor shall refuse or neglect to prosecute the work with a force sufficient, in the opinion of the Owner, to insure its completion within the time specified in this Agreement, or to furnish sufficient materials as needed for that purpose, the Owner may direct the employment of or employ such additional laborers and foremen, and purchase sufficient materials, as the Owner may deem necessary to perform said work, at such wages and at such prices as the Owner shall determine, and pay all persons so employed for their services and or materials furnished. Any amount so paid shall be credited against the amount next due the Contractor pursuant to Section 40 hereof without prejudice, however, to any remedy which the Owner may have or may be entitled to have against the Contractor for breach of this Agreement. In addition the Owner, for the failure to prosecute the work with a force adequate for timely completion thereof, or to furnish sufficient materials at needed therefore, or non-compliance with orders as to the manner of performing it, or for any omission of, or failure to comply with any of the requirements of this Agreement on the part of the Contractor, may declare this Agreement terminated, and, upon written notice thereof to the Contractor, enter upon and take possession of the work, employ persons and purchase materials, tools, and equipment suitable for completion thereof, or contact with any other person or persons for its completion. Upon completion hereof, if the cost of such completion, plus ten percent (10%) thereon, shall aggregate less than the unpaid balance of the amount designated in this Agreement, the difference shall be paid by the Owner to the Contractor, and if such aggregate shall exceed said unpaid balance, such difference shall be paid by the Contractor to the Owner. In either such case, the Engineer shall be entitled to take possession of, apply and use all materials, machinery, scaffolding, appliances, tools and implements, at or about said work which are necessary or suitable therefore for the completion of said work.

39. REMOVAL OF RUBBISH

All surplus materials, staging, false-work, refuse, tools and debris that may accumulate on or about the work and premises occupied by the Contractor during the term of his Agreement must be removed from time to time, as may be directed by the Engineer and in case of termination of the work prior to completion thereof, if notified by the Owner to do so.

Upon completion of the work, all plant, equipment, tools and supplies and all surplus material, temporary structures, staging, false-work, refuse and debris of the Contractor Shall be removed from the premises of the Owner and clean up the same to the satisfaction of t the Engineer, failing which, the Owner may do so at the expense of the Contractor.

40. MONTHLY ESTIMATES

So long as the work herein contracted for is prosecuted in accordance with the provisions of this Agreement, and with such progress as may be satisfactory to the Engineer, the Contractor will on or about the first day of every month make an approximate estimate (the reasonableness of which must be approved by the Engineer) of the portion of the total contract price that is allocable to the work done hereon up to and inclusive of the last day of the previous month, the amount of which estimate shall be certified by Contractor as being correct and in accordance with the terms of this Agreement. Such certified amount, after deducting ten percent (10%) thereof and all previous payments, shall be due and payable to the Contractor within forty-five (45) calendar days after approval by the NYSDOT.

41. FINAL ESTIMATE

Upon the final completion and acceptance of the work, the Engineer will issue a signed certificate that the whole work provided for in this Agreement has been completed and has been accepted by the Engineer under the terms and conditions of this Agreement and recommends acceptance by the Owner, whereupon the entire balance found to be due the Contractor including the said retained percentage, after deducting there from any amount which may be found to be due the Owner for liquidated damages and other demands as hereinbefore provided, will be payable to the Contractor within forty-five (45) calendar days after the date of said final certificate; provided, however, that before the Owner shall be required to make payment of said final balance, the Contractor shall execute a release under seal to the Owner from all claims or demands whatsoever growing in any manner out of, or arising from, this Agreement and deliver to the Owner a complete release or all liens arising out of this Agreement, or receipts in full covering all labor and materials for which a lien could be filed, or a bond satisfactory to the Owner indemnifying it against any lien. The Engineer, in computing the said final estimate and final certificate need not be bound by the preceding estimates and certificates, but such preceding estimates and certificates shall be held to be only approximate to the final estimate, and the said monthly estimates and certificates on unfinished work shall in no case be taken as an acceptance of the work, or a release of the contractor from responsibility therefore, until the final estimate is made and the work in its entirety is accepted as complete under his Agreement.

Payment otherwise due may be withheld on account of defective work not remedied, liens filed, damage by the Contractor to others not adjusted, or failure to make payments properly to subcontractors or for material or labor.

42. EXAMINATION AND AUDIT

The Contractor agrees as follows:

- a. During the effective term of this Agreement and for three (3) calendar years after final payment is made to the Contractor under this Agreement, or such longer period as may be required for final disposition of the items mentioned in subparagraph (c.) below, the Contractor shall establish and maintain relevant books, records, payroll records, receipts, documents, papers and any other data or information which support and substantiate the charges made to and payments received from the Owner under his Agreement.
- b. During this time, unless a longer period of time is required in order to comply with paragraph (c.) below, the Owner or duly authorized representatives shall have access to and the right to examine any relevant books, records, documents, papers, receipts, and any other data or information of Contractor relating to this Agreement.
- c. With respect to (1) litigation or the settlement of claims arising out of the performance of this Agreement or (2) charges by Contractor to which the Owner takes exception, the Owner's right of access and examination, as well as the duty of Contractor under paragraph (a) above, shall continue until disposal of such litigation, claims or exception.

43. MEASUREMENT AND REFERENCE OF DISPUTE

The final measurement of all work under this Agreement shall be made under the direction of the Engineer who shall determine its quantity and quality and whether it satisfies the requirements of this Agreement. Any disagreement or dispute between the Contractor and the Owner relating to the requirements of this Agreement or the Plans and Specifications (Contract Documents), or the carrying out of the obvious intentions of the Agreement, the Plans and Specifications (Contract Documents), the work to be performed the materials to be furnished thereunder, or in regard to making up the final estimate, shall be referred to the Engineer, whose decision thereon (unless subsequently proven by Contractor to have been unlawful, arbitrary and unreasonable, or made in bad faith) shall be accepted by, and be conclusive and binding upon both parties hereto.

44. NOTICE

Any notice to be given by the Owner to the Contractor hereunder shall be sufficiently given by delivery to Contractor's foreman or agent, or by mailing or other delivery to Contractor's last known place of business, or, prior to completion or termination of the work, by posting it in a conspicuous place a or near the place of performance of the work.

45. UNDERSTANDING OF REQUIREMENTS

The Contractor hereby distinctly and expressly declares and acknowledges that, before the signing of this Agreement, the Contract has been carefully read and the whole thereof together with and in connection with said Plans and Specifications (Contract Documents), and that the has made such examination of this Agreement and of said Plans and Specifications (Contract

Documents), the location where said work is to be done, the nature of the work required to be done, and the material required to be furnished, as to enable thorough understanding of the intention of the same, and the requirements, covenants, agreements, stipulations and restrictions contained herein and in said Plans and Specifications (Contract Documents), the Contractor agrees hereafter not to make any claim or demand upon the Owner based upon or arising out of any alleged misunderstanding or misconception of the said requirements, covenants, stipulations, and restrictions; and that any information given to the Contractor by the Engineer or others as to the quantities in the work, prior to, or during the progress of the work, shall have no bearing or effect whatsoever upon the total amount to be paid for, in the final settlement.

46. GENERAL

a. Modification

This Agreement or any Part hereof may not be modified, except by written agreement of the parties as signed by the duly authorized officers of the parties.

b. No Waiver

No omission or delay by the Owner at any time to enforce any right or remedy reserved to it, to require performance of any of the terms of the Agreement, shall be a waiver of any such right or remedy to which the Owner is entitled, nor shall it in any way affect the right of the Owner to enforce such provisions thereafter.

c. Applicable Law

This Agreement shall be governed by the laws of the State of New York.

d. <u>Severability</u>

If any provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity of all other provisions hereof shall in no way be affected thereby.

e. Successors and Assigns

This Agreement shall insure to the benefit of and be binding upon the successors and assigns of the parties hereto; provided, however, that contractor shall not assign or transfer this Agreement or any of its rights hereunder without the written consent of the Owner.

f. Entire Agreement

This Agreement constitutes the Entire Agreement between the parties and supersedes all previous agreements and understandings relating to the services required under this Agreement.

g. Conflict Between Component Part

The following component parts, the provision in the component part first enumerated below, shall govern over any other component part which follows it numerically, except as may be otherwise specifically stated.

The executed Contract Documents shall consist of the following:

Request For Bids Instructions to Bidders Proposal

Addenda Acknowledgment Bidder Certification E.E.O. Requirements Non-Collusion Affidavit Proposal Security (Bid Bond) Joint Venture Statement Plant and Equipment Schedule Bidder's Qualifications Contract Agreement Performance Bond; Labor and Material Payment Bond; Maintenance Bond MBE/WBE Requirements (Erie County Utilization Goals) **General Condition** Special Notes

Special Provisions

Technical Specifications

Drawings

Standard Clauses for All New York State Contracts

NYS Wage Rates

Appendices

This Contract is intended to conform in all respects to applicable statutes of the State of New York and if any part or provision of this Contract conflicts therewith, the said statute shall govern.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be duly executed by their duly authorized officials as of the date first written above.

PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS that
as Principal, hereinafter called
"Contractor", and
as Surety hereinafter called "Surety", are held
and firmly bound unto the $\bf Erie\ County\ Industrial\ Development\ Agency\ as\ Obligee$, hereinafter called
"Owner", in the amount ofDollars (\$). lawful money of the United States of America for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administers, successors and assigns, jointly and severally firmly by these presents.
WHEREAS, Contractor has by written agreement dated, 20, entered into a
Agreement with Owner for the
in accordance with Plans and Specifications (Contract Documents) prepared by, which by reference is made a part hereof, and is hereinafter referred to as the Contract.
NOW THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly and faithfully perform said Contract, then this obligation shall be null and void; otherwise it shall remain in full force and effect.
The Surety hereby waives notice of any alteration or extension of time made by the Owner.
The Surety hereby stipulates and agrees, if requested to do so by the Owner to fully perform and complete the work to be performed under the Contact pursuant to the terms, conditions and

complete such work.

covenants thereof, if for any cause the Contractor fails or neglects to so fully perform and

PERFORMANCE BOND

Whenever Contractor shall be, and declared by Owner to be in default under the Contract, the Surety may promptly remedy the default, or shall promptly

- 1. Complete the Contract in accordance with its terms and conditions, or
- 2. Obtain a bid or bids or completing the Contract in accordance with its terms and conditions, and upon determination by Surety of the lowest responsible bidder or, if the Owner elects, upon determination by the Owner and Surety jointly of the lowest responsible bidder, arrange for a contract between such bidder and Owner and make available as work progresses (even though there should be a default or a succession of defaults under the contract or contacts of completion arranged under his paragraph) sufficient funds to pay the cost of completion less the balance of the contract price; but not exceeding; including other costs and damages for which the Surety may be liable hereunder the amount set forth in the first paragraph hereof. The term "balance of the contract price," as used in this paragraph, shall mean the total amount payable by Owner to Contractor under the Contract and any amendments hereto, less the amount properly paid by Owner to Contractor.

The Surety, for value received, for itself and its successors and assigns, hereby stipulates and agrees that the obligation said Surety and its bond shall be in no way impaired or affected by any extension of time, modification, omission, addition, or change in or to the said Contact or the work to be performed thereunder, or by any payment thereunder, before the time required therein, or by any waiver of any provisions thereof, or by any assignment, subletting or other transfer thereof or of any work to be performed or any moneys due or to become due thereunder; and said Surety does hereby waive notice of any and all of such extensions, modifications, omissions, additions, changes, payments, waivers, assignments, subcontracts and transfers, and hereby expressly stipulates and agrees that any and all things done and omitted to be done by and in relation to assignees, subcontractors, and other transferees shall have the same effect as to said Surety as though done or omitted to be done by or in relation to said Contractor.

The said Surety hereby stipulates and agrees that no modifications, omissions or additions in or to the terms of the said Contract, or in or to the Plans and Specifications (Contract Documents), shall in anywise affect the obligations of said Surety on its bond.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Principal shall promptly make payment to all claimants as hereinafter defined, for all labor and material used or reasonably required or use in the performance of the Contract, then this obligation shall be void; otherwise it shall remain full force and effect, subject, however, to the following conditions:

ERIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY Buffalo Southern Railroad Rehabilitation of Bridge at MP 8.27 Over Rush Creek NYSDOT P.I.N. 5936.74.301

LABOR AND MATERIAL PAYMENT BOND

- 1. A claimant is defined as one having a direct contract with the Principal or with a Subcontractor of the Principal or labor, material, or both, used or reasonably required for use in the performance of the Contract, labor and material being construed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental of equipment directly applicable to the Contract.
- 2. The above named Principal and Surety hereby jointly and severally agree with the Owner that every claimant a herein defined, who has not been paid in full before the expiration of a period of ninety (90) calendar days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimants, may sue on this bond for the use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The Owner shall no be liable for the payment of any costs or expenses of any such suit.
- 3. No suit or action shall be commenced hereunder by any claimant:
 - a. Unless claimant, other than one having a direct contract with the Principal, shall have given written notice to any two (2) of the following: the Principal, the Owner or the Surety above named, within ninety (90) calendar days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Principal, Owner or Surety at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.
 - b. After the expiration of one (1) year following the date on which Principal ceased work on said Contract, it being understood, however, that if any limitation embodied in this bond is prohibited by law controlling the construction hereof such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.
 - c. Other than in a state court of competent jurisdiction in and for the county or to the political subdivision of the state in which the Project, or any part thereof, is situated, or in the United States District Court for the district in which the Project, or any part thereof, is situated, and not elsewhere.

MBE/WBE/EEO REQUIREMENTS

MINORITY/WOMEN'S BUSINESS ENTERPRISE PARTICIPATION REQUIREMENTS

The County of Erie has established the following Minority Business Enterprise (MBE) and Women's Business Enterprise (WBE) participation goals for this contract. The goals are expressed as a percentage of the total bid price. It is the Contractor's responsibility to secure participation in the work of the contract by M/WBE in satisfaction of the goals, or to document satisfactory good-faith efforts taken to fulfill the goals. Participation is measured as the amount actually paid to M/WBEs, not the contract bid price for the work.

Minority Business Enterprise Participation Goal12 %Women's Business Enterprise Participation Goal18 %

Should there be a need for consultant work for this project, the consultant contract shall require M/WBE participation at a minimum of 15% MBE and 5% WBE or higher.

The Organization agrees to follow Erie County Local Law 2-2006, regarding apprenticeship.

Disadvantaged/Minority/Women's Business Enterprise Registry

A current listing of certified M/WBEs is available on the New York State Contract System, Directory of Certified Firms website:

https://ny.newnycontracts.com/?TN=ny

Disadvantaged/Minority/Women's Business Enterprise Officer

The Bidder shall designate and enter below the name of a Minority/Women's Business Enterprise Officer who will have the responsibility for and must be capable of effectively administering and promoting an active Minority/Women's Business Enterprise Program and who must be assigned adequate authority and responsibility to do so.

NON-DISCRIMINATION AND AFFIRMATIVE ACTION POLICY FOR THE PROJECT

It is the policy of the State of New York and the Authority, to comply with all federal, State and local law, policy, orders, rules and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, sexual orientation, age, disability or marital status, and to take affirmative action to ensure that Minority and Women-owned Business Enterprises (M/WBEs), Minorities Group Members and women share in the economic opportunities generated by the Authority's participation in projects or initiatives, and/or the use of the Authority funds.

- 1) The recipient of State funds represents that its equal employment opportunity policy statement incorporates, at a minimum, the policies and practices set forth below:
 - a) Grantee shall (i) not unlawfully discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, sexual orientation, age, disability or marital status, (ii) undertake or continue existing programs of affirmative action to ensure that Minority Group Members and women are afforded equal employment opportunities, and (iii) make and document its conscientious and active efforts to employ and utilize M/WBEs, Minority Group Members and women in its workforce on contracts. Such action shall be taken with reference to, but not limited to, solicitations or advertisements for employment, recruitment, job assignment, promotion, upgrading, demotion, transfer, layoff or termination, rates of pay or other forms of compensation, and selection for training or retraining, including apprenticeship and onthe-job training.
 - b) At the request of the AAO, the Grantee shall request each employment agency, labor union, or authorized representative of workers with whom it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative does not unlawfully discriminate, and that such union or representative will affirmatively cooperate in the implementation of the Grantee's obligations herein.
- 2) The Grantee is encouraged to include minorities and women in any job opportunities created by the Project; and to solicit and utilize M/WBE firms for any contractual opportunities generated in connection with the Project.
- 3) Grantee represents and warrants that, for the duration of the Agreement, it shall furnish all information and reports required by the AAO and shall permit access to its books and records by the Authority, or its designee, for the purpose of ascertaining compliance with provisions hereof.
- 4) Grantee shall include or cause to be included, paragraphs (1) through (3) herein, in every contract, subcontract or purchase order with a Contracting Party executed in connection with the Project, in such a manner that said provisions shall be binding upon each Contracting Party as to its obligations incurred in connection with the Project.

Affirmative Action

Shall mean the actions to be undertaken by the Borrower, Grantee and any Contracting Party in connection with any project or initiative to ensure non-discrimination and Minority/Womenowned Business Enterprise and minority/female workforce participation, as set forth in paragraph 2) herein, and developed by the Authority.

Affirmative Action Officer ("AAO")

Shall mean the Authority's Affirmative Action Officer or his/her designee, managing the affirmative action program for the Authority.

Contracting Party

Shall mean (i) any contractor, subcontractor, consultant, subconsultant or vendor supplying goods or services, pursuant to a contract or purchase order in excess of \$1,500, in connection with any projects or initiatives funded in whole or in part by the Authority and (ii) **any borrower or Grantee** receiving funds from the Authority pursuant to a loan or Grant document.

Minority Business Enterprise ("MBE")

Shall mean a business enterprise, including a sole proprietorship, partnership or corporation that is (i) a lease fifty-one percent (51%) owned by one or more Minority Group Members; (ii) an enterprise in which such minority ownership is real, substantial and continuing, (iii) an enterprise in which such minority ownership has and exercises the authority to control and operate, independently, the day-to-day business decisions of the enterprise; (iv) an enterprise authorized to do business in the State of New York and is independently owned and operated; and (v) an enterprise certified by New York State as a minority business.

Minority Group Member

Shall mean a United States citizen or permanent resident alien who is and can demonstrate membership in one of the following groups: (i) Black persons having origins in any of the Black African racial groups; (ii) Hispanic persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American descent of either Indian or Hispanic origin, regardless of race; (iii) Asian and Pacific Islander persons having origins in any of the Far East countries, South East Asia, the Indian subcontinent or the Pacific Islands; and (iv) Native American or Alaskan native persons having origins in any of the original peoples of North America.

Minority and Women-Owned Business Enterprise Participation

Minority and Women-owned Business Enterprise participation efforts are not limited to the efforts suggested herein, and the role of M/WBE firms should not be restricted to that of a subcontractor/subconsultant. Where applicable, M/WBE firms should be considered for roles as prime contractors. Such efforts may include but not be limited to:

- (a) Dividing the contract work into smaller portions in such a manner as to permit subcontracting to the extent that it is economically and technically feasible to do so;
- (b) Actively and affirmatively soliciting bids from qualified M/WBEs, including circulation of solicitations to Minority and Women's trade associations;
- (c) Making plans and specifications for prospective work available to M/WBEs in sufficient time for review;
- (d) Utilizing the services and cooperating with those organizations providing technical assistance to the Contracting Party in connection with potential M/WBE participation on the Authority contract;
- (e) Utilizing the resources of the Authority Affirmative Action Unit to identify New York State certified M/WBE firms for the purpose of soliciting bids and subcontracts;
- (f) Encouraging the formation of joint ventures, associations, partnerships, or other similar entities with M/WBE firms, where appropriate, and
- (g) The Contracting Party shall remit payment in a timely fashion.

Women-owned Business Enterprise ("WBE")

Shall mean a business enterprise, including a sole proprietorship, partnership or corporation that is: (i) at least fifty-one percent (51%) owned by one or more citizens or permanent. resident aliens who are women; (ii) an enterprise in which the ownership interest of such women is real, substantial and continuing, (iii) an enterprise in which such women ownership has and exercises the authority to control and operate, independently, the day- to-day business decisions of the enterprise; (iv) an enterprise authorized to do business in the State of New York and is independently owned and operated; and (v) an enterprise certified by New York State as womanowned.

Contracts Subject to Executive Order 11246, as Amended

The contractor shall cause or require to be inserted in full in any nonexempt contract and subcontract for construction work, or modification thereof, as defined in 24 CFR Part 130, which is paid for in whole or in part with assistance provided under this Agreement, the following Equal Opportunity clauses:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract of understanding, a notice to be provided by the Contract Compliance Officer advising the said labor union or worker's representative of the contractor's commitment under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules and regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the Department and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contract procedures authorized in Executive order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (7) The contractor will include the portion of the sentence immediately preceding Paragraph (1) and the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of the Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Department may direct as means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Department, the contractor may request the United States to enter into such litigation to protect the interest of the United States.

EQUAL EMPLOYMENT OPPORTUNITY REQUIREMENTS – STATE

- **1 REQUIREMENTS** During the performance of this contract, the Contractor agrees to comply with the Equal Employment Opportunity (EEO) requirements specified herein.
- **DEFINITIONS** As used in these requirements, the following definitions will apply:

"Covered area" means the geographical area described in the solicitation from which this contract resulted or the geographic area within which this contract will be performed.

"Department" means the New York State Department of Transportation.

"Commissioner" means the Commissioner of the New York State Department of Transportation, or his duly authorized representative.

"Director, EODC" means the Director of the Department's Office of Equal Opportunity Development and Compliance or his duly authorized representative.

"Employer Identification Number" means the Federal Social Security Number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.

"Minority" includes:

Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);

Hispanic (a person of Spanish or Portuguese culture with origins in South or Central America or the Caribbean Islands regardless of race);

Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands); and

American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification. Identification may be made by any suitable authority in the community such as an educational institution, religious organization, or a state agency).

3. NON-DISCRIMINATION CLAUSE – The Contractor will ensure equal employment opportunity by not discriminating against any applicant for employment because of race, color, religion, sex, national origin, age, disability, or marital status, regarding (among other things) the following: upgrading, demotion, transfer, recruitment, recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

- 4 MINORITY AND WOMEN EMPLOYMENT GOALS The Contractor shall make a good-faith effort to ensure equal employment opportunity by taking the affirmative actions set forth in paragraph 6A through P of these requirements. The Contractor's success in achieving or bettering the goals set forth herein shall be a substantial factor in any determination of whether the Contractor has complied with its obligation to ensure equal employment opportunity in the performance of this contract. These goals are expressed as percentages of the total hours of employment and training that the Contractor should reasonably be able to give to female or minority employees in a certain covered area. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade. These goals were established from materials published by the Office of Federal Contract Compliance Programs based on appropriate workforce, demographic or other relevant data.
- **TRAINING SPECIAL PROVISION** If the contract proposal includes the Training Special Provision, the Contractor is required to comply with that provision as part of these Equal Employment Opportunity Requirements. The Training Special Provision requires the Contractor to provide training to at least one minority or woman indentured apprentice or trainee. If the Contractor fails to meet the employment goals for minorities or women specified herein, additional training of minorities and women will be required to satisfy the employment goals.
- **6 AFFIRMATIVE ACTION STEPS** The Contractor shall implement affirmative action steps at least as extensive as the following:

Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.

Maintain a current file of the name, address, and telephone number of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source, or community organization and of the action which was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union, or if referred, not employed by the Contractor, this shall be documented in writing to the Director, EODC and noted in the file with the reasons therefor, along with whatever additional actions the Contractor may have taken.

Provide immediate written notification to the Director, EODC when the Contractor has information that the union referral process has impeded the Contractor's efforts to meet its obligations.

Develop on-the-job training opportunities and/or participation in training programs which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the United States Department of Labor, the New York State Department of Labor, or the New York State Department of Transportation and appropriate for utilization on New York State Department of Transportation projects. The Contractor shall provide notice of these programs to the sources compiled under 6.B above. If the Contractor fails to develop or participate in such apprentice or training programs, its failure to meet the goals set forth herein will be presumed to be noncompliance with these requirements.

Disseminate the Contractor's equal employment opportunity policy by providing notice of the policy to union and training programs and requesting their cooperation in assisting the Contractor in meeting its equal employment opportunity obligations, by including it in any policy manual and collective bargaining agreement, by publicizing it in the company newspaper, annual report, and other similar items, by specific review of the policy with all management personnel and with all minority and female employees at least once a year, and by posting the Contractor's equal employment opportunity policy on bulletin boards accessible to all employees at each location where work under this contract is performed.

Review, at least annually, the Contractor's equal employment opportunity policy and affirmative action obligations under this requirement with all employees having any responsibility for hiring, assignment, layoff, termination, or other employment decisions, including specific review of these items with on-site supervisory personnel such as superintendents, general fore persons, etc., prior to the initiation of work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

Disseminate the Contractor's equal employment opportunity policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to, and discussing the Contractor's equal employment opportunity policy with, other contractors and subcontractors with whom the Contractor does or anticipates doing business.

Direct its recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students, and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above describing the openings, screening procedures, and tests to be used in the selection process.

Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer, and vacation employment to minority and female youth both on the site and in other areas of a Contractor's workforce.

State in all solicitations or advertisements for employees placed by or on behalf of the Contractor that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, age, disability, or marital status.

Conduct, at least annually, an inventory and evaluation of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for such opportunities through appropriate training or other similar activities.

Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the equal employment opportunity policy and the Contractor's obligations under this requirement are being carried out.

Ensure that all facilities and company activities are non-segregated except that separate or singleuser toilet and necessary changing facilities shall be provided to ensure privacy between the sexes.

Send to each labor union or representative of workers with which the Contractor has a collective bargaining agreement or other contract or understanding, a notice advising the said labor union or workers' representative of the Contractor's commitments under this requirement and post copies of the notice in conspicuous places available to employees and applicants for employment.

P.Conduct a review, at least annually, of all supervisor's adherence to, and performance under, the Contractor's equal employment opportunity policies and affirmative action obligations.

- 7. CONTRACTOR ASSOCIATIONS Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations. The efforts of a contractor association, joint contractor-union, contractor community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling one or more of its obligations under this requirement provided that the Contractor actively participates in the group, makes every effort to ensure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.
- 8. TRANSFER OF MINORITY OR FEMALE EMPLOYEES Through implementing the affirmative actions set forth above and the contractor's other efforts to ensure equal employment opportunity, the Contractor shall make every effort to employ minorities and women throughout the life of the contract. The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be in violation of the contract.

9 CREDITING NONWORKING TRAINING HOURS TOWARD EMPLOYMENT

GOALS – In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by either the United States Department of Labor, the New York State Department of Labor or the New York State Department of Transportation and appropriate for utilization on New York State Department of Transportation projects.

10. REQUIRED RECORDS -

- A. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the Contractor's equal employment opportunity policy is being carried out and to keep records. The records shall include the name, address, telephone number, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed for each employee. Records shall be maintained in an understandable and retrievable form. To the extent that records kept by the Contractor for other purposes satisfy the requirements of this paragraph, the Contractor need not maintain separate records.
- B. The Contractor shall submit monthly employee utilization reports to the Engineer on forms prescribed by the Department. Records of the total employee utilization from the start of the contract up to and including the month being reported shall be submitted with each monthly report. For the purpose of these reports, the hours of female employment and training and the hours of minority employment and training shall be separately calculated. All females, whether minority or non-minority, shall be calculated within the hours of female employment and minority females shall not be used in the calculation of hours of minority employment.
- C. For the purpose of the reports required above, the employment and training hours worked by each person may only be used once in any one month and the Contractor is cautioned that it may not discriminate against minority females in connection with attaining its affirmative action goals under this requirement.
- D. All records required by this Section must be retained for a period of three years following completion of the contract work and shall be available at reasonable times and places for inspection by authorized representatives of the Department or the Director, EODC.

11.GOALS NOT TO BE USED TO DISCRIMINATE – The Contractor shall not use the goals or affirmative action requirements to discriminate against any person because of race, color, religion, sex, national origin, age, disability, or marital status.

- 12. OFFICE OF CONTRACT COMPLIANCE AND MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE The Contractor will comply with any procedures and guidelines established by the Director of the Office of Contract Compliance and minority and Women-Owned Business Enterprise (hereinafter the Director of the Office of Contract Compliance) under the authority of New York State Governor's Executive Order 21, issued August 3, 1983 (hereinafter Executive Order 21) and will comply with any rules, regulations and orders of the Commissioner as may be promulgated pursuant to or under the authority of Executive Order 21, or other applicable law or order.
- 13. AVAILABILITY OF CONTRACTOR'S RECORDS The Contractor will furnish all information and reports as may be required by the Director of the Office of Contract Compliance under the authority of Executive Order 21, or by rules, regulations and orders of the Commissioner as may be promulgated under or pursuant to Executive Order 21, and will permit access to its books, records and accounts by the Department or the Director, EODC for purposes of investigating compliance with these requirements and such rules, regulations, orders, procedures and guidelines.
- **14. ENFORCEMENT** In order to determine whether the Contractor has complied with the requirements, the Department may proceed by order to show cause, compliance conference, hearing or any other lawful procedure upon due notice in writing to the Contractor. In the event the Department finds that the Contractor has failed to comply with these requirements, this contract may be cancelled, terminated, or suspended in whole or in part in accordance with the procedures authorized in Section 102-17 of the New York State Standard Construction Specifications and Section 40 of the Highway Law, and the Contractor may be declared ineligible for further New York State government contracts or construction contracts, and such other sanctions may be imposed and remedies invoked as provided under the authority of Executive Order 21 or by rule, regulation, or order of the Commissioner, or as otherwise provided by law.
- **15. CONTRACTOR'S RESPONSIBILITY REGARDING COLLECTIVE BARGAINING AGREEMENT** Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement to refer either minorities or women shall excuse the Contractor's obligations under these requirements, any rules and regulation of the Commissioner, or the rules, regulations, procedures and guidelines promulgated or established pursuant to Executive Order 21.
- 16. APPLICABILITY TO SUBCONTRACTORS The Contractor will physically include this document. Equal Employment Opportunity Requirements, as part of every subcontract or purchase order unless exempted by rules, regulations, or orders of the Commissioner, pursuant to Executive Order 21, and such requirements shall be binding upon each subcontractor, service provider, or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the Department may direct as a means of enforcing such provisions, including sanctions for noncompliance; PROVIDED, HOWEVER, that in the event the Contractor becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of any provision or direction issued pursuant to these requirements or by the Department, the Contractor may request the State of New York to enter into such litigation or dispute to protect the interests of the State of New York.

- **17. EQUAL EMPLOYMENT OPPORTUNITY OFFICER** The Contractor will designate and make known to the Department an Equal Employment Opportunity Officer (EEO Officer) who will have the responsibility for and must be capable of effectively administering and promoting an active contractor program of equal employment opportunity and who must be assigned adequate authority and responsibility to do so.
- 18. COMPLAINTS OF ALLEGED DISCRIMINATION The Contractor will promptly investigate all complaints of alleged discrimination made to the Contractor in connection with his obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the Contractor will inform every complainant of all of his or her avenues of appeal.

GENERAL CONDITIONS

1. **GENERAL**

The General Provisions, as established in Section 100 of the most recent edition of the New York State Department of Transportation (NYSDOT) Standard Specifications, shall apply except as modified by the Special Provision, Special Notes or any other of these Contract Documents.

Definitions. The terms and definitions of Section 101 of the NYSDOT Standard Specifications shall apply except the following shall be added:

<u>Track Foremen/Inspector</u> – The coordinator of the track work and train operations (To be determined by Owner and Operator).

<u>Engineer</u> – The Engineer or authorized representative will act as Agent for the Erie County Industrial Development Agency.

Owner – Erie County Industrial Development Agency

95 Perry Street Suite 403 Buffalo, New York 14203

(716)-856-6525

Railroad Operator - Buffalo Southern Railroad

8600 Depot Street Eden, NY 14057

V.P. Operations (Emergencies) Bert Feasley – 716.818.2588

Although bid items are separated for convenience, proposals must include bids for all Bid items. The successful Bidder will be the low overall acceptable Bidder and only one Contract will be awarded for this work. Whenever in this document the gender term of he; his; himself" are used, it shall also be construed to mean 'she; her; herself'.

Wherever the term "Engineer" is used in this document it means the Engineer(s) of the Owner or such other person as the Owner or Engineer may designate (in writing addressed to the Contractor) as his authorized representative. All correspondence or communications directed to the Owner and in any manner relating to, or affecting, the obligations of either the Contractor or the Owner under this Agreement MUST BE ADDRESSED DIRECTLY TO THE ENGINEER.

All directions, explanations and instructions referred to in or required by this Agreement will be given by the Engineer. The Contractor may at any time require any instructions to be stated in writing. It is also agreed that the functions and powers of any Assistant Engineers and Inspectors designated as Engineer's representatives are limited to the monitoring of the Contractor's operations in executing the work pursuant to this Agreement, and that no authority is given the said Assistant Engineers or Inspectors to make, permit or authorize and they are hereby expressly prohibited from making, permitting, or authorizing any alternations, changes or departures in or from the terms and provisions of this Agreement or said Contract Plans and Specifications, unless determined appropriate by the Owner.

2. WORK AFFECTING RAILROADS

Because of railroad involvement, the Contractor's attention is directed to Section 105-09, WORK AFFECTING RAILROADS, in the "Standard Specification, Construction and Material Publication of the New York State Department of Transportation', current version, as amended, and as supplemented herein. With the respect to the use of a flagman, the Contractor is advised that the purpose of a railroad flagman is to protect rail operations from the Contractor's activities occurring on this project. It is therefore up to the sole discretion of the railroad representative (Project or Field Engineer, or Construction Inspector) when a flagman is necessary. Generally one or more flagmen will be required where an active track is/or may be fouled by the Contractor's equipment and/or personnel. A active track is generally considered to be fouled when personnel and/or equipment are within fifteen feet (15) of center of track. A track is also considered fouled when equipment which is more than fifteen feet from the center of track may infringe upon this fifteen foot area due to operator error or equipment failure.

3. EXISTING UTILITIES/COORDINATION

Prior to commencement of work under this Contract, the Contractor shall determine the exact location of all electric, gas distribution, transmission lines, storm and sanitary sewer lines within the work site(s); and shall instruct personnel concerning these and shall take all appropriate safety steps to ensure that these lines are protected from contact or physical damage during the Contractor's operations. The Contractor shall determine the exact location of all underground and overhead utilities in the area by contacting the appropriate owners.

All existing utilities, whether public or private, shown on the Contract Plans or not, shall be maintained in proper working order by the Contractor, Any damage caused by construction work shall be the sole responsibility of the offending Contractor to repair, replace or otherwise return to service as soon as possible to the satisfaction of the utility owner.

Field stakeout of existing underground utilities required within the project limits shall be accomplished by the utility owner provided the Contractor notifies the proper authorities in advance of any excavation, probing or construction activities.

Utilities requiring relocation or removal for work to begin or progress shall be planned and coordinated with the respective owner in accordance with the necessary prior notification requirements for each respective d utility.

The Contractor shall investigate and satisfy himself/herself that all utilities, above ground and underground, have been identified and coordination developed with its respective owner(s).

4. SAFETY

The Contractor shall be responsible at all times for the safety and protection of persons who may for any reason enter within the limits of the work site(s).

The Contractor shall comply with the appropriate provisions of law issued by the State of New York regarding the safety and protection of persons employed in construction work, and with Federal Railroad Administration (FRA) Railroad Workplace Safety Title 49 Part 214; Subparts A

– General, B – Bridge Worker Safety Standards, C – Roadway Worker Protection and D – On-Track Roadway Maintenance Machines and Hi-Rail Vehicles.

The Contractor shall perform all work in the *Contract* in a workmanlike manner with due regard to the safety of the employees and of the public.

The Contractor shall comply with the appropriate provisions of the Buffalo Southern Railroad On Track Safety, Health and Safety and Safety Handbook

Where a difference exists between such standards and rules and Title 29 Code of Federal Regulations, Part 1927, Safety and Health Regulations for Construction, the more stringent requirements shall apply.

The Contractor shall furnish and maintain, at his own expense, and the satisfaction of the Engineer, all requisite watchmen, lights, barricades, safeguard, fences and other facilities for the protection of the work, and the safety of the general public and of employees of the Railroad and of the Contractor. Precaution shall be exercised at all times for the protection of persons and property. Machinery and equipment and other hazards shall be guarded in accordance with the safety provisions of the Manual of Accident Prevention in Construction, published by the Associated General Contractors of America, to the extent that such provisions are not inconsistent with applicable laws or regulations.

5. GENERAL RAIL YARD WORK REQUIREMENTS

Hauling of materials or movement of equipment over any active track will not be permitted, except as approved and/or directed by the railroad, subject to the control the railroad stipulates.

It is the option of the Contractor to provide radios for supervisory personnel for direct communication between the Contractor's on-site project operations and the railroad(s) Dispatcher(s) and maintain these radios in good physical and operating condition for the term of the Contract.

All material and equipment when not in use shall be placed in areas where they will not constitute a hazard to railroad operations.

Previous to construction in any particular area, the Contractor shall ascertain the location of all underground utilities and waste pile monitoring equipment in the area by consulting the appropriate utility and/or property owner(s).

Should the Contractor damage any active railroad facilities (including the power and control cables), telephone, water, gas, sewer or public power lines, the Contractor shall arrange for the repair of the damages immediately. The Contractor shall contact these agencies to ascertain the exact location of their facilities. Such repair or replacement shall be performed at the Contractor's own expense and is to continue on a 24-hour basis until completed to the satisfaction of the engineer and the owning or operating agency.

The Contractor shall mark obstructions, excavations and, in general, all hazards located in the work areas with flashing lights and flags in such a manner that they are plainly visible at all times, day or night. Such lights and markings shall be serviced by the Contractor day and night

when winds are strong, visibility is low, and during rainfall and snowfall, to the satisfaction of the Engineer.

6. MAINTENANCE OF RAILROAD TRAFFIC/RAILROAD FACILITIES

The Contractor must conduct his work so as not to interfere with the operations of the railroad. The railroad will not issue any slow order restricting the speed of trains.

Should the Contractor damage any active railroad facilities (including power and control cables), telephone, water, gas, sewer or public power lines, the Contractor shall arrange for the repair of the damages immediately. Such repair or replacement shall be performed at the Contractor's sole expense and is to continue on a 24-hour basis until completed to the satisfaction of the Engineer and the owning or operating agency.

7. ORDER FOR CARRYING OUT THE WORK

Prior to beginning any physical construction work, the Contractor shall submit, for approval of the Engineer, all schedules, certificates of material compliance, samples, shop drawings, Engineering Drawings, circuit drawings and all the required data.

The Contractor's schedule of construction activities shall be so developed and coordinated with the railroad operations so that delays are kept to an absolute minimum. Requests *for* occupancy of track areas shall be coordinated and approved with the owning railroad(s)

The Contractor shall submit to the Engineer and appropriate NYSDOT representatives at least five days prior to starting work at any crossing, his schedule for work at that crossing. The Company reserves the right to limit the Contractor's operations to the number of locations deemed reasonable by the Owner.

The Contractor is responsible to notify the proper company agent at the start of each work day as to the location of construction activities.

8. CONTRACT PLANS

The Owner reserves the right to make any reasonable alterations it may deem necessary in the Contract Plans, in part or altogether, during the progress of the work without constituting grounds for any claim by the Contractor for payment or extension of Contract completion time, other than is provided for under this Contract.

The Contract Plans, Specifications and quantities noted thereon contain information relating to conditions that may be encountered in the proposed work, but such information is furnished by the Owner without expressed or implied guarantee as to its being complete or correct.

The Contractor shall assume all risks and responsibility and shall complete the work under whatever conditions encountered or created, without any extension of the Contract completion time or extra cost to the Owner.

The Contract Plans and Specifications are intended to complement and supplement each other. Any work required by either one shall be performed. Should any work be required which is not

noted in the Specifications or on the Contract Plans, but which is nevertheless necessary for the proper completion of the Project, such work shall be performed as fully as if it were described and delineated. The Engineer will make a determination as to whether such work is included in the prices bid for the various items, If a determination is made, that such work is not included in the prices bid for the various items, the procedures outlined in "Measurement and Payment", Section 109 of the Standard Specifications of the New York State Department of Transportation shall apply.

Figured dimensions on all scale drawings shall govern in laying out work, and no work shall be executed from dimensions obtained by scale except in the absence of dimensions and as approved by the Engineer. If any discrepancy is found between the Contract Plans and the Specifications, the requirements of the Contract Plans shall govern unless otherwise decided by the Engineer. If a discrepancy exists between any of the applicable Specifications listed hereinafter and the Special Provisions, the requirements of the Special Provisions shall govern. The Engineer shall have the right to correct apparent errors or omissions in the Contract Plans and Specifications and to make such interpretations as deemed necessary for the proper fulfillment of the intent of the Contract Plans and Specifications.

9. VARIATIONS

Undetermined conditions may require a variation. Minor variations in the lump-sum items of

work shall not constitute extra work and no extra payment will be allowed therefore. If the actual quantity of any major item overruns or under-runs the original bid quantity by more than twenty-five percent (25%) of such original bid quantity, an increase or decrease in the Contract unit price may be authorized by the Engineer in accordance with these provisions. (A major item shall be construed to be any item, the total cost of which is equal to or greater than ten percent (10%) of the total Contract amount, computed on the basis of the Proposal quantity and the Contract unit price.) Revised Contract unit prices pertaining to overruns of Contract items will be applicable only to that portion of the overrun which is in excess of twenty-five percent (25%) of the original bid quantity. Revised Contract unit prices pertaining to under-runs of Contract Items will be applicable to the entire quantity of the affected Contract item. Work under all items in the Contract must be carried out to meet the field conditions to the satisfaction of the Engineer and in accordance with his/her instructions and the Contract Specifications.

The Contractor assumes all risk of variance in any computation or statement of amounts or quantities necessary to complete the work required by the Contract by whomsoever made, and fully complete said work in accordance with the Contract Plans and Specifications for the price bid.

10. SUPPLY OF DOCUMENTS

The Contractor is responsible to produce one (1) copy of the Contract Plans and Documents and shall be kept at all times at the project site by the Contractor. The Owner will not supply the Contractor with the copies of the Contract Plans and the Contract Documents.

11. PROGRESS_SCHEDULE

The Contractor shall, within five (5) calendar days after the date of written notice of award of Contract, furnish to the Engineer a progress schedule described herein below showing the times intended by the Contractor for commencing and completing the various elements included in the Project.

The schedule must meet with the Engineer's approval before work will be permitted to begin. if the initial schedule is not approved, the Contractor shall make revisions as required and resubmit such schedule until approved. The schedule may be modified from time to time during the course of construction, as directed or approved by the Engineer. When activities fall behind schedule, the Engineer may order the Contractor to increase the working force and/or construction plant, employ additional shifts, and take other steps on certain portions of the work to place the Contract on its original schedule if specifically requested by the Engineer for a particular phase(s), the Contractor shall also indicate the quantities, equipment and labor force which Contractor intends to use for that phase(s).

The schedule shall consist of a bar chart that clearly shows the sequence of work in the various areas of the work and the period of time needed to complete each work operation by the completion time stipulated in the Contract, Space shall be provided to show actual work progress. The schedule shall show an overall composite of the Contract work and separate detailed schedules for: Contract Administration Phase, Procurement Phase; and Construction Phase.

Three (3) copies of this updated chart, together with a written explanation of any deviations from the schedule shall be transmitted to the Engineer on the first business day of each month.

The requirements of this paragraph shall apply unless the Special Provisions require the Contractor to provide Critical Path Method (*CPM*) schedule of his work.

12. <u>LINES AND GRADES</u>

The Contractor assumes full responsibility for keeping alignment and grades, and shall at all times furnish appropriate facilities to the Engineer for checking such lines and grades and for making all necessary measurements.

The Contractor shall, at his/her own expense, establish all working or construction lines and grades as required, in accordance with the Contract Plans and shall be solely responsible for the accuracy there of.

The Contractor shall, if necessary, re-establish any survey required to properly locate the project work area. The Contractor shall furnish, at his/her own expense, all stakes, pins, templates and such temporary structures as may be necessary for marking and maintaining points and lines for the work.

The Contractor shall safeguard all points, stakes, grade marks, monuments and bench marks made or established by the Contractor as well as baseline stakes established by the Engineer, reestablish same if disturbed, and bear the entire expense of rectifying work improperly installed General Conditions

due to not maintaining or protecting, or for removing without authorization, such established points, stakes and marks.

All work under the Contract shall be built in accordance with the lines and grades shown on the Contract Plans, or established by the Engineer.

The Contractor shall be responsible for the accuracy of his/her work and shall maintain all reference points, stakes, etc. throughout the life of the Contract. Damaged or destroyed points, bench marks or stakes, or any referenced points made impassible by the progress of the construction shall be replaced or transferred by the Contractor before they are damaged or destroyed. All control points shall he referenced by ties to acceptable objects and recorded. Any alterations or revisions in the ties shall be so noted and the information furnished to the Engineer immediately. All stake-out survey' work shall be referenced to the baseline shown on the Contract Plans.

All computations necessary to establish the exact position of the work from control points, shall be made and preserved by the Contractor. All computations, survey notes and other records necessary to accomplish the work shall be neatly made.

Such computations, survey notes and other records shall become the property of the Owner and delivered to the Engineer not later than the date of acceptance of the Contract.

All existing stakes, iron pins, survey monuments or other markers defining property lines which may be disturbed during construction, shall he properly tied in to fixed referenced points before being disturbed and accurately reset in the proper position upon completion of the work.

13. APPROVAL OF SOURCES OF SUPPLY OF MATERIALS

The sources of supply of each of the materials required shall be approved by the Engineer before delivery is started, Representative preliminary samples may be submitted by the Contractor, producer or supplier for inspection of tests. The results obtained from testing such samples may be used for preliminary approval but will not be used as a final acceptance of the materials. All materials proposed to be used may be tested at any time during their preparations and use if, after trial, it is found that sources of supply which have been approved do not furnish a product of uniform quality, or if the product from any source proves unacceptable at any time, the Contractor shall furnish approved material from another source at no additional cost to the Owner.

14. APPROVAL AND ACCEPTANCE OF MATERIALS

Samples of all materials for test upon which is to be based the acceptance or rejection, shall be taken by the Engineer or authorized representative at the discretion of the Engineer. Materials may be sampled either prior to shipment or after being received at the place of construction. All sampling, inspection and testing shall be done in accordance with the methods hereinafter prescribed.

The Contractor shall provide such facilities as the Engineer's representative may require for conducting field tests and for collecting and forwarding samples. The Contractor shall not use or incorporate into the work any materials represented by the samples until tests have been made and the material found to be acceptable. Only materials conforming to the requirements of these

Specifications and which have been approved by the Engineer shall be used in the work. Any material which, after approval, has for any reason become unfit for use shall not be incorporated into the work.

15. METHODS OF SAMPLING AND TESTING

Except as otherwise provided, sampling and testing of all materials, and the laboratory methods and testing equipment required under these Specifications shall be in accordance with the latest 'Standard Specifications for Highway Materials and Methods of Sampling and Testing" of A.A.S.H.T.O. Sampling and testing of materials not covered by A.A.S.H.T.O. Specifications and not otherwise provided for, shall be in accordance with the latest "Standards and Tentative Methods of the A.S.T.M."

Except as otherwise specifically stated in the Contract, cost of sampling and testing will be divided as follows:

- a. The Contractor shall furnish without extra cost, including packing and delivery charges, all samples required for testing purposes, except those samples taken on the Project by the Engineer;
- b. The Contractor shall assume all cost of retesting materials which fail to meet Contract requirements;
- c. The Contractor shall assume all cost of testing materials offered in substitution of those found deficient.

16. CERTIFICATES OF COMPLIANCE

Certification of compliance with the requirements of these Specifications will be required from the manufacturers or producers of certain products, proposed to be furnished, listed elsewhere in these Specifications.

Any product, for which the prescribed materials certification or satisfactory test results have not been submitted and accepted, shall not be incorporated in the work without the specific written authorization of the Engineer. Such authorization, however, shall not relieve the Contractor from any obligation under the terms of this Contract.

The Contractor shall submit all material or equipment samples, certificates, affidavits, etc. as called for in the Contract Documents or required by the Engineer, promptly after award of the Contract and acceptance of the Contractor's bond. No such material or equipment shall be manufactured or delivered to the site, except at the Contractor's risk, until the required samples or certificates have been approved in writing by the Engineer.

Any delay in the work caused by late or improper submission of samples or certificates for approval shall not be considered just cause for an extension of the Contract time. Each sample submitted by the Contractor shall have a label giving the name of the Contractor, the project for which it is intended, and the name of the producer, The accompanying certificate or letter from the Contractor shall state that the sample complies with Contract requirements, shall give the name and brand of the product, its place or origin, the name and address of the producer and all Specifications or other detailed information which will assist the Engineer in passing upon the acceptability of the sample promptly. It shall also include the statement that all materials or

equipment furnished for use in the project will comply with the samples and/or certified statements.

Approval of any materials shall be general only and shall not constitute a waiver of the Owner's right to demand full compliance with Contract requirements. After actual deliveries, the Engineer will have such check tests made as deemed necessary in each instance and may reject materials and equipment and accessories which fail approval. If materials, equipment and accessories which fail to meet check tests have been incorporated in the work, the Engineer will have the right to cause their removal and replacement by proper materials or to demand and secure and reparation by the Contractor as is equitable.

No payment will be made for any item until the prescribed materials certification or satisfactory tests results have been submitted by the Contractor and accepted by the Engineer.

The Owner reserves the right, however, to amend or to waive any of these requirements (testing or certification of compliance) prior to or after the award of the Contract and also reserves the right to test any other material not listed above.

Any certificates required for demonstrating proof of compliance of materials with Specification requirements shall be executed in three (3) copies, each individually signed. Each Certificate shall be signed by an official authorized to certify in behalf of the manufacturing company and shall contain the name and location, and the quantity and date or dates of test to which the reports apply. Certification shall not be construed as relieving the Contractor from furnishing satisfactory material; if, after tests are performed on selected samples, the material is found not to meet the specific requirements, the material will be rejected.

17. STANDARD PUBLICATIONS

Whenever a reference is made in the Specifications to a Federal Specification, to an ASTM, AASHTO, ANSI, or a publication of an association of like import, it shall be understood that such reference is intended to refer to the edition of such publication in reflect on the date the Contract Documents are made available for bidding.

18. <u>CLEANING UP AND RESTORATION</u>

The site(s) of the work and adjacent areas shall be kept as free from material, debris, coffee cups, and other rubbish as is practical. All coffee cups, rubbish, debris and surplus material that may accumulate during the work must be removed by the Contractor as the work progresses. Any material, debris, coffee cups or other rubbish which, in the opinion of the Engineer, constitutes a nuisance or is objectionable shall be immediately removed by the Contractor upon notice to do so.

All temporary structures, equipment, materials, implements, barricades, signs, debris and rubbish connected with or caused by the work shall be removed immediately upon the completion of the work, and the premises shall be left in perfect condition insofar as affected by the work.

Any existing and/or finished construction, damaged as a result of the work of this Contract, shall be repaired and/or restored to the satisfaction of the Engineer, without added cost to the Owner.

The Contractor shall neatly pile, store and protect all materials in locations on the premises where approved and directed. During work operation all refuse and debris shall be removed daily and the areas left clean.

All tools, appliances, materials and equipment shall he removed from the premises, by the Contractor, as soon as possible upon completion of the work of this Contract.

The Contractor shall daily remove from the work site(s) all rubbish or debris resulting from operations and dispose of it in conformity with local and State ordinances and/or laws, No burning of any brush, rubbish or other material will be permitted.

Prior to final acceptance, all work done by the Contractor shall be cleaned up and the premises occupied by the work left in a neat an orderly condition, satisfactory to the Engineer.

19. SUBSTANTIAL COMPLETION

The work shall be deemed substantially complete when in the opinion of the Engineer (whose judgment shall be conclusive) so much thereof has been completed in accordance with the terms of the Contract Documents that the Owner may occupy the site of the work purpose of which they are intended. Upon such substantial completion the Engineer shall issue a Certificate of Substantial Completion. The issuance of this Certificate shall not relieve the Contractor from its obligation hereunder to finally complete all of the work of the Contract.

The work remaining to be completed after substantial completion for the Contractor to full fill its obligations to fully complete the Work in accordance with the Contract shall be known as the "Remaining Work", The Remaining Work shall generally be limited to minor defects or omissions ("Punch List Work"). However, the Engineer may include as part of Remaining Work, work which would ordinarily be required for substantial completion. Nothing herein, however, shall diminish the right of the Engineer to determine what is necessary for substantial completion in accordance with the first paragraph of this Article.

The Engineer shall advise the Contractor of the time required to complete Punch List Work and the time required to complete all other Remaining Work. Failure to complete any Remaining Work other than Punch List Work will result in the Contractor being liable for liquidated damages as set forth in Section 108-03 of the NYS Standard Specifications. As an additional remedy for such failure, and not in lieu of liquidated damages, the Owner may complete the Remaining Work including Punch List Work, either by its own forces or by other Contractors. The Contractor shall be entitled to payment according to the Contract Price upon such completion, subject however to the Owner's right to reimbursement for its cost of payments due the Contractor, and if such costs exceed the amount due the Contractor, the Contractor shall pay such excess to the Owner. The Owner's entitlement to such reimbursement shall in no respect relieve the Contractor of its obligation to timely complete the Remaining Work.

Upon substantial completion, the Contractor shall remove its tools, materials and equipment from the job site unless otherwise authorized in writing by the Engineer.

20. FINAL INSPECTION

Upon completion of the work under this Contract and when cleanup is accomplished as provided in the preceding paragraph, a final inspection of the same will be made. If the work is not found satisfactory, the Engineer may require repairs, adjustments and further cleaning; when these are completed the work will again be inspected.

The Contractor is not released from obligations under this Contract until the final inspection of the entire work has been made and the Engineer is satisfied that the entire work is properly and satisfactorily constructed in accordance with the requirements and intent of the Plans and Specifications.

21. FINAL PAYMENT

When all work required under the Contract has been completed and, in the opinion of the Engineer, is ready for final acceptance by the Owner, a final certificate of cost of the project will be made by the Engineer, based on the actual as-built quantities of authorized work done under each item scheduled in the various schedules in the Proposal and under Supplemental Agreements, if any, at the lump-sum and unit price or prices stipulated therein.

The money due to the Contractor for the construction of the project (as determined by the final certificate) will be paid when the following conditions shall be satisfied:

- a. The final certificate is approved;
- b. Deduction has been made of previous payment on account and any amounts of liquidated damages, if any, assessed against the Contractor have been paid;
- c. There shall be no outstanding claims against the Contractor filed with the Owner;
- d. The Contractor shall have paid all due obligations and shall have furnished, when directed by the Engineer, receipted bills or other satisfactory evidence that all obligations incurred by him/her and by his/her subcontractors in carrying out the project have been satisfied; and
- e. The Contractor shall execute and deliver a release substantially in the following form:

"In consideration of the above payment, (I) (we) hereby release the Owner and its officers, agents, and employees from all claims, demands and liability of whatsoever nature for anything done or furnished or in any manner growing out of the performance of the project."

The acceptance by the Contractor of payment of the final certificate shall operate as and shall be a release to the Owner and its agents from all claims of, or liability to, the Contractor for anything done or furnished or omitted to be done or furnished for or relating to the project, or any act or neglect of the Owner or any person relating thereto.

22. BRANDS OR APPROVED OTHER

When in the Plans and Specifications, a particular brand. name of manufacturer, make of material, device or equipment is shown or specified such material, device or equipment is to be regarded merely as a standard of comparison. Any other make or brand, which, in the opinion of the Engineer, is equal to that specified in quality or workmanship and will perform its intended purpose as that specified, will be accepted.

23. <u>SITE RESTRICTIONS AND SAFETY DURING CONSTRUCTION ACTIVITY LIMITATIONS ON CONSTRUCTION</u>

The following restrictions shall apply at all times for construction work:

- a. When jacking or tunneling under any railroad tracks, temporary track supporting structures shall he installed at the direction of the Railroad or duly authorized representative.
- b. The crossing over of railroad tracks by Contractor's equipment, without benefit of protection by flagman and protection of the ties and rail, will not be permitted.
- c. Construction alongside an occupied railroad track will not be permitted without the written permission of the Railroad or Representative.

24. <u>SUBCONTRACTORS</u>

The Contractor shall submit for approval a list of subcontractors showing the work assigned to each, and no subcontract for any part of the work shall be awarded to any party not acceptable to the Engineer and approved by him. Such approval shall not release or relieve the Contractor from any of his obligations and liabilities under this contract. Upon written request of the Engineer, the Contractor shall terminate employment on this work of any subcontractor who shall, in the opinion of the Engineer, fail to perform the work undertaken by him in a satisfactory manner and appropriate provisions to this effect shall be incorporated, by reference in all subcontracts and the Contractor shall furnish to the Engineer a written statement, properly endorsed by the subcontractor in question, that this has been done, before any subcontractor shall begin work.

25. NOTICE

Any notice to be given by the Owner to the Contractor under this contract shall be deemed to be served if the same be delivered to the person in charge of the office used by the Contractor, or to his representative a or near the work, or deposited in the Post Office, postpaid, addressed to the Contractor at his last known place of business.

26. REPORTING ERRORS AND DISCREPANCIES

Before starting the work, the Contractor shall examine and compare the plans and specifications and shall report to the Engineer, any errors or discrepancies found therein. If the Contractor, in the course of the work, finds any discrepancy between the plans and the physical conditions of the locality or any applicable building codes or ordinances, or any errors or omissions in plans or in the layout as given by said points and instructions, it shall be his duty to inform the Engineer immediately, and the Engineer shall promptly verify the same. Any work done after such discovery, until authorized by the Engineer and the Owner, will be done at the Contractor's risk.

27. AUTHORITY OF ENGINEER

The Engineer is authorized to reject or condemn all work or material which does not conform to this contract.

28. CHANGE OF FACILITES OF OTHERS

If in the conduct of the work, any temporary changes or alterations in water, oil or gas pipelines, sewers, drains, conduits, fences, trolley tracks, electric line or power lines, telephone or telegraph or other wires, poles, etc. of others are necessary, for the convenience of the Contractor for the performance of the work, the responsibility for making such changes will rest with the Contractor unless otherwise provided elsewhere in this AGREEMENT; and he shall arrange for such changes to be made at his own expense.

If such changes are of a permanent character and made necessary solely by the improvement itself and not incident to the performance of the work, then, in that case, such changes will be arranged for by the Railroad or others without cost to the Contractor, except changes shown on the plans will be made by the Contractor under this AGREEMENT.

29. RIGHTS OF VARIOUS INTERESTS

Wherever WORK being done by RAILROAD forces or by other contractors is contiguous to WORK covered by this contract, the respective rights of the various interests involved shall be established by the RAILROAD, to secure the completion of the various portions of the project in general harmony.

30. ORDER OF COMPLETION & USE OF COMPLETED PORTIONS

The Contractor shall complete any portion or portions of the Work in such order of time as the Railroad may reasonably require. The Railroad shall have the right to take possession of and use any completed or partially completed portions of the Work, notwithstanding the time for completing the entire Work or such portions thereof may not have expired; but such taking possession and use shall not be deemed an acceptance of the Work so taken or used or any part thereof.

Contractor acknowledges that certain Work under this Agreement must be done "under traffic", that he has made allowances in the prices bid for delays due to traffic, and that no claim for additional monies will be made as a result of such traffic delays.

31. REMOVAL OF EQUIPMENT

Upon completion of the Work, or in case of annulment of this contract before completion for any cause whatever, the Contractor, if notified to do so by the Sponsor, shall promptly remove any part or all of his equipment, material, tools and supplies from the property of the Railroad, failing which the Sponsor shall have the right to move such equipment, material, tools and supplies at the expense of the Contractor.

32. CHARGES AGAINST CONTRACTOR

The Sponsor shall have the right to apply any sums due or to become due to the Contractor under this contract, to payment of any liabilities of the Contractor, or of any Subcontractor, for freight charges, rental of equipment, furnishing labor, materials or supplies, or for any other charges originating from this contract.

33. WITHHOLDING OF PAYMENT

If the Contractor fails to meet and pay all of his just obligations outstanding for labor, materials or supplies at the time when an estimate for payment is due him, or if any liens, claims or demands arising out of or in connection with the Work or its performance shall be outstanding at the time any payment may be due or is likely to be made thereafter, or if any claims arising out of or in connection with the Contractor's operations under this contract are made against the Railroad by any other person than the Contractor, or, if in the opinion of the Chief Engineer, the Contractor is not proceeding with the Work in accordance with the provisions of this contract, the Sponsor shall have the right to withhold out of any payments, final or otherwise, such sums as the Chief Engineer may deem ample to protect it against any delay or loss or to assure the payment of just claims of third persons, and at its option, as agent for the Contractor, to apply such sums in such manner as the Chief Engineer may deem proper to secure such protection or to satisfy such claims. Such application shall be deemed payments for the Contractor's account. The Chief Engineer may withhold payments to the Contractor on account of the failure of the Contractor to fully comply with any requirement of this contract.

34. EXAMINATION & AUDIT

The Contractor shall:

- (A) During the effective term of this Agreement and for three (3) calendar years after final payment is made to the Contractor under this Agreement, or such longer period as maybe required for final disposition of the items mentioned in subsection (C) below, establish and maintain relevant books records, payroll records, receipts, documents, papers, and any other data or information which support and substantiate the charges made to and payments received from the Sponsor under this Agreement.
- (B) During this time, unless a longer period of time is required in order to comply with subsection (C) below, the Owner or its duly authorized representatives shall have access to and the right to examine any relevant books, records, documents, papers, receipts, and any other data or information of the Contractor relating to this Agreement.
- (C) With respect to (1) litigation or the settlement of claims arising out of performance of this Agreement, or (2) charges by the Contractor to which the Owner takes exception, Railroad's right of access and examination, as well as the duty of the Contractor under subsection (*A*) above, shall continue until disposal of such litigation, claims or exceptions.

Contractor shall furnish the Owner, if required, such itemization or subdivision of all sums for which it bills the Owner for Work done under this Agreement as may be reasonable for accounting or other purposes.

35. ADJUSTMENTS OF DISPUTES

It is agreed that the decision of the Engineer shall be final and conclusive in any dispute which may arise between the parties to this Agreement relative to or touching the same. Notwithstanding, the preceding sentence and the provisions of this contract, the Contractor shall have the right to invoke the arbitration provisions contained in Section 52 of this Agreement in order to resolve any dispute arising out of this Agreement, the interpretation of the provisions thereof or the exercise of discretionary or subjective authority of the Engineer hereunder.

36. <u>DISPUTE RESOLUTION</u>

In the event of any action at law or equity arising out of or relating to this Agreement, the parties agree that the exclusive venue of any such action shall be in courts sitting in the County of Erie, State of New York and the parties irrevocably consent to the jurisdiction of such courts.

37. ANNULMENT WITHOUT FAULT OF CONTRACTOR

The Owner shall have the right at any time, for reasons which appear good to it, to annul this contract upon giving written notice to the Contractor, in which event, the Contractor shall be entitled to the full amount of the estimate for the Work done by him under this contract up to the time of such annulment including the retained percentage. The Contractor shall be reimbursed by the Owner for such expenditures as in the judgment of the Chief Engineer are not otherwise compensated for, and as are required in preparing for and moving to and from the Work; the intent being that an equitable settlement shall he made with the Contractor.

38. EFFECTIVE DATE OF AGREEMENT

This Agreement shall become effective on the date the State of New York, after having entered into an Agreement with the Owner for the Work shall give its approval to this Agreement. The parties understand hereto that the approval by the State of New York is a condition precedent to this Agreement between the Contractor and the Owner.

39. REQUIRED COUNTY OF ERIE CLAUSES

In recognition of the use of County of Erie monies in funding this project, the Contractor and the Owner agree to observe and be bound by the required contract clauses and affirmative action requirements annexed to this Agreement as in Appendices. This Agreement shall inure to the benefit of and be binding upon the legal representatives, successors and assigns of the parties respectively.

SPECIAL NOTES

SPECIAL NOTES

The intent of this contract is to provide all the necessary services, material, equipment, labor and superintendence necessary to perform the earthwork, grading and construction work in accordance with these Contract Documents, and the Standards of the New York State Department of Transportation, the Federal Railroad Administration the South Buffalo Railway, the American Railway Engineering & Maintenance of Way Association, the County of Erie, and the Erie County IDA.

Work Criteria

The Contractor is hereby advised that this Contract will be let, awarded and constructed in accordance with the latest edition and revisions thereto of the following documents:

- a. <u>"Standard Specifications Construction and Material"</u> New York State Department of Transportation (NYSDOT) Design and Construction Division, (current edition).
- b. "Code of Federal Regulations, Title 49, Part 213, Subpart A to F (Class of Track 1-5), Federal Railroad Administration Office of Safety (FRA), "Track Safety Standards" (current edition). The Track Safety Standards are referenced only as it pertains to work performed on active track that must be returned to service prior to completion of work. For this project use FRA Class 1 Track Safety Standards.
- c. <u>"The Manual for Railway Engineering"</u> (Fixed Properties) The American Railroad Engineering and Maintenance-of-Way Association (AREMA current Edition).
- d. The General Notes in the Contract Plans and the Contract Plans.
- e. The Contract Project Specifications

Contractor Qualifications

Prospective bidders are hereby advised that in the event they are the low bidder, they may be requested to submit to the **Erie County Industrial Development Agency**, hereafter called the "Owner", the following data:

- 1. A tabulation of the jobs performed by the Bidder during the last five (5) years that construction and/or maintenance and including the following data: Contractor status (prime or sub), general scope of and dollar amount of work and the identity of the individual who accepted these projects.
- 2. A resume of experience for the key personnel who would be in charge of construction on the project and be at the work sites daily during the performance of the work. A minimum of 5 years of continuous work is required and the identity of the individual who accepted these projects.

3. A listing of equipment, tools and vehicles which will be available and utilized during the performance of the work.

The Contractor is reminded of the provisions of Section 103-01, Award of Contract of the General Provisions of the NYSDOT Standard Specifications.

Work Site Inspection

An inspection of the work sites must be made. A Pre-Bid Meeting will be scheduled and attendance is encouraged. In any case, prospective bidders may be required to sign release forms with the property owner(s) prior to the start of any site inspection.

Access to Sites

The access to the site is via the railroad rights-of-way as specified in the plans or as directed by the Owner or Operator.

General Railroad Traffic

The **Buffalo Southern Railroad** operates the rail line on a continuous basis. The Contractor shall typically have use of the Main Track as follows:

Working at MP 8.27

Monday, Tuesday, Wednesday, Thursday and Friday 7:00 A.M. - 5:00 P.M.

However the Railroad reserves the right to operate freight service to meet shipper demands, as required.

Coordinating Work with Railroad

The Contractor shall coordinate all work with the Owner as required. The Contractor shall expedite all repairs and shall include in their bid the cost for on-track safety (including flagman).

The railroad will be providing for the cost of on track safety on the BSOR. The Contractor shall reimburse the cost for any flagman needed.

Each day at the start of work, employees will sign in at an on track safety job briefing. The briefing will set up work limits when track must be clear if required. Any additional flagman that the Contractor requires will be reimbursed to the railroad.

The Contractor shall not waste excavated materials on any railroad land (except where designated), or other land without written consent of the Owner

Engineering

The Contractor shall employ qualified surveying personnel for establishing grade and lines for excavation, and location of the switch points and other engineering requirements as directed by the Engineer.

Sequence and Speed of Work

The Contractor shall expedite all work to ensure the least impact possible on rail operations.

Inspection of Work and Records

The Contractor's work and records will be subject to inspection by the Owner, the Engineer, and/or NYSDOT personnel. As a result of such inspections, the Engineer may order additional and/or corrective work to be performed. Additional work will be paid for at the unit price bid.

The Contractor is to note that NO estimate will be processed without the following, submitted with, or prior to the estimate for payment:

- Certified payroll records up to the estimate period for both the Contractor and any subcontractors.
- All EEO and/or MBE/WBE records required under this contract supplied by the Contractor or subcontractors shall be up to date prior to the estimate being paid.

SPECIAL PROVISIONS

1. FORWARD

The work under this Contract includes, generally, the furnishing of all labor, materials and equipment, except as otherwise specified in the Contract Documents, necessary to construct and complete, in a substantial and workmanlike manner, the work set forth in these specifications, the Plans and other sections of the Contract Documents.

The Contractor shall furnish all implements, machinery, tools, equipment, plant, material and labor necessary or proper for the performance of the work, and shall furnish every necessary thing to make the work acceptable, complete and finished in every respect and ready for the purpose for which it is intended.

2. SITE OF THE WORK

The Contractor shall not enter or occupy with men, tools or materials, any private ground outside the property of the Owner, except with the written approval of said private property owner(s) and the consent of the Engineer.

The Contractor shall give written notice to **Erie County Industrial Development Agency's Chief Engineer** or his duly authorized representative not less than ten (10) business days in advance of any work by the Contractor, or any subcontractor, on railroad right-of-way in order that necessary arrangements may be made promptly to protect **Buffalo Southern Railroad** traffic.

Written notice by the Contractor shall be sent to:

Erie County Industrial Development Agency Attn: Phil Riggs 95 Perry Street Suite 403 Buffalo, New York 14203 (716)-362-8375 priggs@ecidany.com

The plant, material storage areas, temporary construction work and all other operations shall be confined to available areas and directed by the Engineer.

3. GENERAL RAIL YARD WORK REQUIREMENTS

Hauling of materials over any active track will not be permitted, except as approved and directed by the Owner and Operator, subject to the control the Owner stipulates.

The Contractor shall mark obstructions, excavations and, in general, all hazards located in the work areas with flashing lights and flags in such a manner that they are plainly visible at all times, day or night. Such lights and markings shall be serviced by the Contractor day and night when winds are strong, visibility low, and during rainfall, to the satisfaction of the Engineer.

All material and equipment when not in use shall be placed in areas where they will not constitute a hazard to railroad operations.

Previous to construction in any particular area, the Contractor shall ascertain the location of all underground utilities and waste pile monitoring equipment in the area by consulting the appropriate utility owner.

Should the Contractor damage any active railroad facilities (including the power and control cables), telephone, water, gas, sewer or public power lines, the Contractor shall arrange for the repair of the damages immediately. The Contractor shall contact these agencies to ascertain the exact location of their facilities. Such repair or replacement shall be performed at the Contractor's own expense and is to continue on a 24-hour basis until completed to the satisfaction of the engineer and the owning or operating agency.

4. LABOR AND EQUIPMENT

The Contractor shall, at all times, employ labor and equipment which shall be sufficient to prosecute the several classes of work to full completion in the manner and time specified. All workmen must have sufficient skill and experience in such work and properly and satisfactorily perform it and operate the equipment involved. Any person employed by the Contractor whom the Engineer may deem incompetent or unfit to perform the work shall be discharged at once, and shall not be employed again.

The Contractor shall use special care and vigilance to avoid damage to the trains, tracks, or other facilities of the railroad and shall conduct his/her work so as not to interfere with the movement of trains or other operations of the Owner. The Contractor shall not proceed with any work which might endanger or interfere with the movement of trains, operations, or other facilities until protection satisfactory to the engineer has been provided. If, in the opinion of the Engineer, trains, tracks, or other facilities are or may become endangered by the operations of the Contractor, he/she shall immediately do such work as may be ordered by the Engineer to restore safety and, upon failure of the Contractor to carry out such order immediately, the Owner may take whatever steps are necessary to restore safe conditions. The cost and expense to the Owner of restoring safe conditions or of any damages to the trains, tracks, or other facilities caused by the

Contractor's operations shall be charged to and paid by the Contractor or may be deducted from any amounts due, or which become due to the Contractor under this contract.

5. CONTRACTOR'S ACCESS, FIELD OFFICE AND PARKING AREAS

The Contractor shall be responsible for making all necessary traffic arrangements for vehicles beyond the work area boundaries.

The Contractor is advised that the Contractor's personnel will be required to park their personal vehicles, free of charge, in a remote area to be designated by the Engineer. The Contractor shall be responsible for transporting all personnel between the parking area and the work site.

6. MATERIALS TO BE CERTIFIED

The following is a listing of materials to be certified for conformance to the requirements of the Specifications, by the manufacturer or supplier or to the source of supply.

<u>Product</u> <u>Remarks</u>

Ballast Material/Granular Materials/Concrete

Quarry/Plant/Supplier Certification

Rail Material/Products

Manufacturer's/Supplier's Certification

This certification list does not preclude further physical testing that may be otherwise required by these Specifications.

7. SUBLETTING OR ASSIGNING THE CONTRACT

The Contractor shall perform, with his/her organization (a), Contract work amounting to not less than fifty percent (50%) of the original total contract price, except that any items designated by the Owner as "Specialty Items (b)" so performed may be deducted from the original total contract price before computing the amount of work required to be performed by the Contractor with his/her own organization.

- a. "His/Her own organization" shall be construed to include only workmen employed and paid directly by the Contractor and equipment owned or rented by him/her with or without operators.
- b. "Specialty Items" shall be construed to be limited to work that requires specialized knowledge, craftsmanship equipment not ordinarily available in contracting organizations qualified to bid on the Contract as a whole and in general are to be limited to minor components of the overall Contract.

8. FAILURE TO COMPLETE WORK BEFORE SPECIFIED RESUMPTION OF RAILROAD OPERATIONS

For each full or partial calendar day past the specified time in which work needed to resume railroad operations remains uncompleted on **Active Track** or track removed from service for the contractor's convenience that otherwise would be Active Track, special liquidated damage in accordance with the Contract amount as specified in Time of Completion per full or partial calendar day will be deducted from any money due the contractor. The specified completion time will be the documented and mutually agreed to between the **Railroad and Contractor** for each individual Track Shutdown through-out the progression of work on this contract.

9. SANITARY CONVENIENCES AND FIRST AID

Sanitary conveniences for the use of all persons employed on the work shall be provided and maintained by the Contractor in sufficient number, in such manner, and at such places as such be approved. The Contractor shall prohibit the committing of nuisances on the site of the work. Any employee found violating these provisions shall be discharged and not again employed on this Contract.

The Contractor shall provide such equipment and facilities as are necessary or required, in case of accident, for first aid service to any who may be injured in the progress of the work and shall have standing arrangements for the removal and hospital treatment of any employee who may be injured or who may become ill.

The Contractor must report immediately to the Engineer every accident to persons or damage to property, and shall furnish in writing full information, including testimony of witnesses regarding any and all accidents.

PREVAILING WAGE SCHEDULE FOR ARTICLE 8 PUBLIC WORK PROJECT

Attached is the current schedule(s) of the prevailing wage rates and prevailing hourly supplements for the project referenced above. A unique Prevailing Wage Case Number (PRC#) has been assigned to the schedule(s) for your project.

The schedule is effective from July 2017 through June 2018. All updates, corrections, posted on the 1st business day of each month, and future copies of the annual determination are available on the Department's website www.labor.state.ny.us. Updated PDF copies of your schedule can be accessed by entering your assigned PRC# at the proper location on the website.

It is the responsibility of the contracting agency or its agent to annex and make part, the attached schedule, to the specifications for this project, when it is advertised for bids and /or to forward said schedules to the successful bidder(s), immediately upon receipt, in order to insure the proper payment of wages.

Please refer to the "General Provisions of Laws Covering Workers on Public Work Contracts" provided with this schedule, for the specific details relating to other responsibilities of the Department of Jurisdiction.

Upon completion or cancellation of this project, enter the required information and mail **OR** fax this form to the office shown at the bottom of this notice, **OR** fill out the electronic version via the NYSDOL website.

NOTICE OF COMPLETION / CANCELLATION OF PROJECT				
Date Completed:	Date Cancelled:			
Name & Title of Representative:				

Phone: (518) 457-5589 Fax: (518) 485-1870 W. Averell Harriman State Office Campus, Bldg. 12, Room 130, Albany, NY 12240

General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission: a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion online.

Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project. There are very few exceptions to this rule. Complete information regarding these exceptions is available on the "4 Day / 10 Hour Work Schedule" form (PW 30.1).

Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.state.ny.us.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.state.ny.us.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least Five (5) years from the project's date of completion. See Spota Bill Notice. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

The filing of payrolls to the Department of Jurisdiction is a condition of payment. Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, by are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8. Section 220-a).

Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "Public Work Project" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers. compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers. Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c)).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d)).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

IMPORTANT NOTICE

FOR

CONTRACTORS & CONTRACTING AGENCIES

Social Security Numbers on Certified Payrolls

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concerns with regard to inclusion of this information on payrolls if another identifier will suffice.

For these reasons, the substitution of the use of the <u>last four digits</u> of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor.

NOTE: This change does not affect the Department's ability to request and receive the entire social security number from employers during the course of its public work / prevailing wage investigations.

To all State Departments, Agency Heads and Public Benefit Corporations IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND

Budget Policy & Reporting Manual

B-610

Public Work Enforcement Fund

effective date December 7, 2005

1. Purpose and Scope:

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

To all State Departments, Agency Heads and Public Benefit Corporations IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor Administrative Finance Bureau-PWEF Unit Building 12, Room 464 State Office Campus Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Construction Industry Fair Play Act

Required Posting For Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site.

Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense.

The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, www.labor.ny.gov.

If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: dol.misclassified@labor.state.ny.us.

New York State Department of Labor Required Notice under Article 25-B of the Labor Law

ATTENTION ALL EMPLOYEES, CONTRACTORS AND SUBCONTRACTORS: YOU ARE COVERED BY THE CONSTRUCTION INDUSTRY FAIR PLAY ACT

The law says that you are an employee <u>unless</u>:

- You are free from direction and control in performing your job AND
- You perform work that is not part of the usual work done by the business that hired you AND
- You have an independently established business

Your employer cannot consider you to be an independent contractor unless all three of these facts apply to your work.

IT IS AGAINST THE LAW FOR AN EMPLOYER TO MISCLASSIFY EMPLOYEES AS INDEPENDENT CONTRACTORS OR PAY EMPLOYEES OFF-THE-BOOKS.

Employee rights. If you are an employee:

- You are entitled to state and federal worker protections such as
 - unemployment benefits, if unemployed through no fault of your own, able to work, and otherwise qualified
 - o workers' compensation benefits for on-the-job injuries
 - o payment for wages earned, minimum wage, and overtime (under certain conditions)
 - o prevailing wages on public work projects
 - o the provisions of the National Labor Relations Act and
 - o a safe work environment
- It is a violation of this law for employers to retaliate against anyone who asserts their rights under the law. Retaliation subjects an employer to civil penalties, a private lawsuit or both.

Independent Contractors: If you are an independent contractor:

You must pay all taxes required by New York State and Federal Law.

Penalties for paying off-the-books or improperly treating employees as independent contractors:

• **Civil Penalty** First Offense: up to \$2,500 per employee.

Subsequent Offense(s): up to \$5,000 per employee.

• Criminal Penalty First Offense: Misdemeanor - up to 30 days in jail, up to a \$25,000 fine

and debarment from performing Public Work for up to one year. Subsequent Offense(s): Misdemeanor - up to 60 days in jail, up to a \$50,000 fine and debarment from performing Public Work for up to 5

years.

If you have questions about your employment status or believe that your employer may have violated your rights and you want to file a complaint, call the Department of Labor at 1(866)435-1499 or send an email to dol.misclassified@labor.state.ny.us. All complaints of fraud and violations are taken seriously and you can remain anonymous.

Employer Name:

IA 999 (09/10)

WORKER NOTIFICATION

(Labor Law §220, paragraph a of subdivision 3-a)

Effective February 24, 2008

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the prevailing wage rate for their particular job classification on each pay stub*. It also requires contractors and subcontractors to post a notice at the beginning of the performance of every public work contract on each job site that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule, may be downloaded from our website www.labor.state.ny.us or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

^{*} In the event that the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

New York State Department of Labor Bureau of Public Work

Attention Employees

THIS IS A: PUBLIC WORK PROJECT

If you are employed on this project as a worker, laborer, or mechanic you are entitled to receive the prevailing wage and supplements rate for the classification at which you are working.

Chapter 629 of the Labor Laws of 2007: These wages are set by law and must be posted at the work site. They can also be found at: www.labor.ny.gov

If you feel that you have not received proper wages or benefits, please call our nearest office.*

OSHA 10-hour Construction Safety and Health Course – S1537-A

Effective July 18, 2008

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, section 220-h. It requires that on all public work projects of at least \$250,000.00, all laborers, workers and mechanics working on the site, be certified as having successfully completed the OSHA 10-hour construction safety and health course. It further requires that the advertised bids and contracts for every public work contract of at least \$250,000.00, contain a provision of this requirement.

NOTE: The OSHA 10 Legislation only applies to workers on a public work project that are required, under Article 8, to receive the prevailing wage.

Requirements for OSHA 10 Compliance

Chapter 282 of the Laws of 2007, codified as Labor Law 220-h took effect on July 18, 2008. The statute provides as follows:

The advertised specifications for every contract for public work of \$250,000.00 or more must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training "prior to the performing any work on the project."

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record of other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-485-5696.

WICKS Reform 2008

(For all contracts advertised or solicited for bid on or after 7/1/08)

- Raises the threshold for public work projects subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work. The total project's threshold would increase from \$50,000 to: \$3 million in Bronx, Kings, New York, Queens and Richmond counties; \$1.5 million in Nassau, Suffolk and Westchester counties; and \$500,000 in all other counties.
- For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical work and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or use of a Project Labor Agreement (PLA), and must be open to public inspection.
- Allows the state and local agencies and authorities to waive the Wicks Law and
 use a PLA if it will provide the best work at the lowest possible price. If a PLA is
 used, all contractors shall participate in apprentice training programs in the
 trades of work it employs that have been approved by the Department of Labor
 (DOL) for not less than three years. They shall also have at least one graduate
 in the last three years and use affirmative efforts to retain minority apprentices.
 PLA's would be exempt from Wicks, but deemed to be public work subject to
 prevailing wage enforcement.
- The Commissioner of Labor shall have the power to enforce separate specification requirements on projects, and may issue stop-bid orders against public owners for non-compliance.
- Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.
- Reduces from 15 to 7 days the period in which contractors must pay subcontractors.

IMPORTANT INFORMATION

Regarding Use of Form PW30.1 (Previously 30R)

"Employer Registration for Use of 4 Day / 10 Hour Work Schedule"

To use the '4 Day / 10 Hour Work Schedule':

There MUST be a *Dispensation of Hours (PW30)* in place on the project

AND

You MUST register your intent to work 4 / 10 hour days, by completing the PW30.1 Form.

REMEMBER...

The '4 Day / 10 Hour Work Schedule' applies ONLY to Job Classifications and Counties listed on the PW30.1 Form.

Do not write in any additional Classifications or Counties.

(**Please note**: For each Job Classification check the individual wage schedule for specific details regarding their 4/10 hour day posting.)

Instructions for Completing Form PW30.1

(Previously 30R)

"Employer Registration for Use of 4 Day / 10 Hour Work Schedule"

Before completing Form PW30.1 check to be sure ...

- There is a Dispensation of Hours in place on the project.
- The 4 Day / 10 Hour Work Schedule applies to the Job Classifications you will be using.
- The 4 Day / 10 Hour Work Schedule applies to the County / Counties where the work will take place.

Instructions (Type or Print legibly):

Contractor Information:

- Enter the Legal Name of the business, FEIN, Street Address, City, State, Zip Code; the Company's Phone and Fax numbers; and the Company's email address (if applicable)
- Enter the Name of a Contact Person for the Company along with their Phone and Fax numbers, and the personal email address (if applicable)

Project Information:

- Enter the Prevailing Rate Case number (PRC#) assigned to this project
- Enter the Project Name / Type (i.e. Smithtown CSD Replacement of HS Roof)
- Enter the Exact Location of Project (i.e. Smithtown HS, 143 County Route #2, Smithtown,NY; Bldgs. 1 & 2)
- If you are a Subcontractor, enter the name of the Prime Contractor for which you work
- On the Checklist of Job Classifications -
 - Go to pages 2 and 3 of the form
 - o Place a checkmark in the box to the right of the Job Classification you are choosing
 - Mark all Job Classifications that apply
 - ***Do not write in any additional Classifications or Counties. ***

Requestor Information:

• Enter the name of the person submitting the registration, their title with the company, and the date the registration is filled out

Return Completed Form:

- Mail the completed PW30.1 form to: NYSDOL Bureau of Public Work, SOBC Bldg.12 –
 Rm.130, Albany, NY 12240 -OR -
- Fax the completed PW30.1 form to: NYSDOL Bureau of Public Work at (518)485-1870

Bureau of Public Work Harriman State Office Campus Building 12, Room 130 Albany, New York 12240 Phone: (518) 457-5589 | Fax: (518) 485-1870

www.labor.ny.gov

Employer Registration for Use of 4 Day / 10 Hour Work Schedule

Before completing this form, make sure that:

- There is a Dispensation of Hours in place on the project.
- The 4 Day / 10 Hour Work Schedule applies to the Job Classifications you will be using.
- The 4 Day / 10 Hour Work Schedule applies to the County / Counties where the work will take place.

Please type or print the requested information and then mail or fax to the address above.

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. In most cases the payment or provision of supplements is for each hour worked (noted in the schedule as 'Per hour worked'). Some classifications require the payment or provision of supplements for each hour paid (noted in the schedule as 'Per hour paid'), which require supplements to be paid or provided at a premium rate for premium hours worked. Some classifications may also require the payment or provision of supplements for paid holidays on which no work is performed.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.state.ny.us) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

Title (Trade)	Ratio
Boilermaker (Construction)	1:1,1:4
Boilermaker (Shop)	1:1,1:3
Carpenter (Bldg.,H&H, Pile Driver/Dockbuilder)	1:1,1:4
Carpenter (Residential)	1:1,1:3

Electrical (Outside) Lineman	1:1,1:2
Electrician (Inside)	1:1,1:3
Elevator/Escalator Construction & Modernizer	1:1,1:2
Glazier	1:1,1:3
Insulation & Asbestos Worker	1:1,1:3
Iron Worker	1:1,1:4
Laborer	1:1,1:3
Mason	1:1,1:4
Millwright	1:1,1:4
Op Engineer	1:1,1:5
Painter	1:1,1:3
Plumber & Steamfitter	1:1,1:3
Roofer	1:1,1:2
Sheet Metal Worker	1:1,1:3
Sprinkler Fitter	1:1,1:2

Holiday Codes

PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

OVERTIME Holiday Pay:

(27)

Memorial Day

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.

(1)	None
(2)	Labor Day
(3)	Memorial Day and Labor Day
(4)	Memorial Day and July 4th
(5)	Memorial Day, July 4th, and Labor Day
(6)	New Year's, Thanksgiving, and Christmas
(7)	Lincoln's Birthday, Washington's Birthday, and Veterans Day
(8)	Good Friday
(9)	Lincoln's Birthday
(10)	Washington's Birthday
(11)	Columbus Day
(12)	Election Day
(13)	Presidential Election Day
(14)	1/2 Day on Presidential Election Day
(15)	Veterans Day
(16)	Day after Thanksgiving
(17)	July 4th
(18)	1/2 Day before Christmas
(19)	1/2 Day before New Years
(20)	Thanksgiving
(21)	New Year's Day
(22)	Christmas
(23)	Day before Christmas
(24)	Day before New Year's
(25)	Presidents' Day
(26)	Martin Luther King, Jr. Day
(27)	Mamarial Day

NEW YORK STATE DEPARTMENT OF LABOR Bureau of Public Work - Debarment List

LIST OF EMPLOYERS INELIGIBLE TO BID ON OR BE AWARDED ANY PUBLIC WORK CONTRACT

Under Article 8 and Article 9 of the NYS Labor Law, a contractor, sub-contractor and/or its successor shall be debarred and ineligible to submit a bid on or be awarded any public work or public building service contract/sub-contract with the state, any municipal corporation or public body for a period of five (5) years from the date of debarment when:

- Two (2) final determinations have been rendered within any consecutive six-year (6) period determining that such contractor, sub-contractor and/or its successor has WILLFULLY failed to pay the prevailing wage and/or supplements
- One (1) final determination involves falsification of payroll records or the kickback of wages and/or supplements

NOTE: The agency issuing the determination and providing the information, is denoted under the heading 'Fiscal Officer'. DOL = NYS Dept. of Labor; NYC = New York City Comptroller's Office; AG = NYS Attorney General's Office; DA = County District Attorney's Office.

A list of those barred from bidding, or being awarded, any public work contract or subcontract with the State, under section 141-b of the Workers' Compensation Law, may be obtained at the following link, on the NYS DOL Website:

APPENDIX B

8600 Depot Street Eden, New York 14057

716-992-4979 fax: 716-992-9132 buffalosouthern@aol.com

RIGHT-OF-WAY WORK PERMIT AGREEMENT

In order to make the necessary changes in BSOR's Timetable instructions, Bulletin Orders, etc., the BSOR requires that all **CONTRACTORS AND SUBCONTRACTORS** who work on or near the Buffalo Southern Railroad right-of-way or on a bridge above the right-of-way fill out and file a RIGHT-OF-WAY WORK PERMIT AGREEMENT and a RELEASE AND INDEMNIFICATION CONTRACT.

The charge to file the work permit is \$100.00.

The RELEASE AND INDEMNIFICATION CONTRACT must be completed and insurance coverage in place to BSOR's satisfaction before any work begins.

A minimum of **\$1,100** must be paid before any work takes place on Buffalo Southern's right-of-way. (\$100 for the Work Permit and \$1,000 for a minimum of 2 days of BSOR On-Track Safety at \$500/day)

The BSOR requires that the main office, located in Eden, NY, be called one day before any work begins at 716-992-4979 with the following information:

- 1. Starting time and location of the work crews on or near the right-of-way.
- 2. When work crews are actually finished for the day and off of the right-of-way, an additional call is required.

Any work being performed on the right-of-way will require the services of Buffalo Southern Railroad's On-Track Safety Personnel. This service will be billed out at **\$500/day plus mileage**. Before the first day that a Contractor's or Subcontractor's crews will be working on the right-of-way, they are to meet BSOR Personnel at the Eden Office for an initial On-Track Safety Seminar. Arrangements must be made 1(one) day in advance for this seminar.

Each day the contractor crews or sub contractor crews are on site, BSOR is required to **hold a daily meeting** for the employees of the contractor/subcontractor before they begin work. BSOR Personnel will determine the location of these daily meetings. Any one on the right-of-way is required to fill out the railroads sign in sheet each day before any work is performed.

Permit Agreement is valid for one year from date of Acknowledgement with applicable insurance in place. Permit can be revoked at any time if any above requirements are not followed.

This Permit Terms Acknowledged this	day of	2017.

APPENDIX C

BUFFALO SOUTHERN'S ON-TRACK SAFETY INITIAL TRAINING & AWARENESS PROGRAM

DEFINITIONS:

Adjacent Tracks: Two or more tracks with track centers spaced less than 25 feet apart.

Control Operator: A railroad employee having responsibility to control or operate a remotely controlled switch or derail, an interlocking or a controlled point, or a segment of controlled track.

Exclusive Track Occupancy (ETO): A method of establishing working limits on controlled track in which movemen tauthority is withheld or restricted by the train dispatcher, control operator, or one or more approaches to the working limits are protected by a flagman.

Flagman: An employee, whose sole function is to direct or restrict the movement of trains past a point on a track to provide On - Track Safety for roadway workers.

Fouling a Track or Fouls a Track: The location of an individual or an item of equipment in such proximity to a track that the individual or equipment could be struck by a moving train or on-track equipment, or in any case is within four feet of the side of the near running rail.

Inaccessible Track: A method of establishing working limits on non-controlled track.

On-Track Safety Protection (OTS): A state of freedom from the danger of being struck by a moving train or other railroad equipment, provided by operating or safety rules that govern track occupancy by personnel, trains and on track equipment.

Qualified: A status attained by an employee who has successfully completed any required training or has demonstrate d proficiency in, and has been authorized to perform, the duties of a particular position or function.

Railroad Bridge Worker or Bridge Worker: Any employee of, or employee of a contractor of, a railroad owning or responsible for the construction, inspection, testing, or maintenance of a bridge whose assigned duties, if performed on the bridge include inspection, testing, maintenance, repair, construction, or reconstruction of the track bridge structural members, operating mechanisms and water traffic control systems, or signal communication, or train control systems integral to that bridge.

Roadway Work Group: Two or more roadway workers organized to work together on a common task.

Roadway Worker: Any employee of a railroad, or of a contractor of a railroad, whose duties include inspection, construction, maintenance, or repair of railroad track, bridge, roadway, signal, and communication systems, electric traction system, roadway facilities or roadway maintenance machinery on or near track or the potential of fouling a track, and flagmen and watchmen/lookouts as defined in this program.

Track: Term designating the area between rails and an area that extends to 4 feet outside of each rail.

Track Car: Equipment (other than trains) operated on track for inspection or maintenance.

Watchman/Lookout: An employee who has been annually trained and qualified to provide warning to roadway workers of approaching trains or on-track equipment. Watchmen/Lookouts must be properly equipped to provide visual and auditory warning such as a whistle, air horn, white disk, red flag, lantern, or fusee. A Watchmen/Lookout sole duty is to look out for approaching trains, on-track equipment and provide at least fifteen seconds advance warning to employees before arrival of trains and on-track equipment.

Work Limits: A segment of track within definite limits established in accordance with this rule upon which trains and engines may move only as authorized by the roadway worker having control over the track within the working limits. Working limits may be established through exclusive track occupancy, inaccessible track, or foul time as defined herein.

Responsibilities of Employees and Employers

RESPONSIBILITIES OF EMPLOYERS:

Employer (Railroad or Contractor):

- The Buffalo Southern Railroad Inc. will provide to each roadway worker responsible for the on track safety of others, and each lone worker, a copy of these rules and the railroad operating procedures governing track occupancy and protection. This information will be in a single manual and be readily available to all roadway workers.
- 2. Provide safety training to all roadway workers.
- 3. Provide all on track safety supervisors, or designated person, with a copy of the Railroad's Roadway Workers Safety Manual which shall be available at the job site.
- Insure that all roadway workers receive a job briefing of the specific on track safety provisions that will be provided for each job assignment.
- 5.Require that each group of roadway workers have a trained, employee in charge to provide safety measures for the group and be informed before any member of the roadway working group fouls a track.
- 6. Advise each roadway worker regarding on track safety provisions and the rights of the employee.
- 7. Guarantee that each roadway worker have the right to a "Good Faith Challenge" if he/she is concerned that the on-track safety procedures to be applied at the job location are not in compliance with the on track safety rules of the railroad, and to remain clear of the track until the issue is resolved.
- 8. Make available printed "Good Faith Challenge" forms for roadway workers.
- 9. Establish procedures to insure prompt and equitable resolutions to "Good Faith Challenges".
- 10. Require that the locomotive whistle be sounded and bell be rung by trains approaching roadway workers.
- 11. Establish specific provisions for the safety of roadway workers who operate or work near roadway maintenance machines.

RESPONSIBILITIES OF EMPLOYEES:

- 1. Responsible for studying, understanding and complying with the provisions of the railroad's on track safety program and the rules and instruction in the On Track Safety Manual.
- A roadway worker shall not foul a track except when necessary for the performance of duty and must make certain that on - track safety is being provided before fouling a track.
- 3. All employees must ensure they receive a job briefing.
- 4. Employees may not accept an assignment to perform the duties of a roadway worker until trained in on-track safety procedures for the assignment to be performed and have demonstrated the ability to fulfill the responsibilities for on-track safety that are required of a roadway worker performing that assignment.
- 5. If an employee makes a good faith determination that the safety provisions for the job location may not be in compliance with the railroads on - track safety rules, the employee shall refuse any mandate by the railroad to violate these safety rules until the challenge is resolved.
- Each roadway worker supervisor, or employee in charge will have at the job site an up-to-date copy of the railroad's On - Track Safety Program and "Good Faith Challenge" forms.

Employee Challenge Rights Job Briefings

EMPLOYEES RIGHT TO CHALLENGE ON-TRACK SAFETY PROCEDURES:

- 1. A roadway worker has an absolute right to challenge in good faith whether the on-track safety procedures applied at the job location comply with the Railroad's Safety and Operating Rules. The roadway worker making such a good faith challenge may remain clear of the track until the challenge is resolved as provided herein and may refuse any directive to violate an on-track safety rule.
- Prior to initiating a challenge, the roadway worker shall discuss the on-track safety procedures at the job location with the employee in charge, clarify any misunderstanding about those procedures, and attempt to resolve any difference of opinion concerning those procedures.
- 3. If a roadway worker has decided to challenge the on-track safety procedures to be applied at his job location he/she must:
 - a. Do so in good faith, i.e. have an honest concern over whether the on-track safety procedures comply with the railroad rules, and such concern is of such a nature that a reasonable person under the same circumstances would also have such a concern:
 - Immediately notify the employee in charge who will promptly notify their supervisor (or his/her designee) and notify any fellow roadway worker of potential danger; and,
 - c. Be able to explain concerns regarding the on-track safety procedures being applied.

JOB BRIEFINGS:

- All employees must ensure that they receive a job briefing before they foul any track.
 The job briefing must include the following:
 - a. A general plan and procedures the work will follow and the on-track protection procedures to be used;
 - It must define work assignments and will be considered complete only after all employees have acknowledged understanding of the on-track protection procedures being used;
 - c. It must inform employees where they must go if it is necessary to clear for trains; and,
 - d. Additional briefings will be conducted with each employee when the on-track protection changes.
- 2. All employees must ensure they receive a job briefing before they foul any track. They must also acknowledge understanding of the on-track safety procedures and instructions presented during the job briefing to the person holding the job briefing.
- 3. Roadway worker groups whose duties require fouling a track must have one employee in charge designated to provide on-track protection. This employee in charge must be qualified on the BSOR Railroad Operating Rules, BSOR Safety Rules as well as the On-Track Safety Manual to provide the protection necessary for on-track safety of each employee. The employee in charge must do the following:
- a. Conduct a job briefing with each employee that includes what on-track protection is being provided and safety procedures to be followed;
- This job briefing will be complete only after employees have acknowledged understanding of the on-track protection being provided;

JOB BRIEFINGS:

- c. Before any employee fouls a track, the employee responsible for obtaining the on-track protection shall inform each employee in charge of the on-track protection procedures to be used and followed during the performance of the work at that time and that location;
- d. Each employee shall again be informed whenever the on-track protection procedures change during the work period. This information must be given to all employees before the change is effective, except in cases of emergency. Employees who, because of an emergency, cannot be notified in advance shall immediately be warned to clear the fouling space and shall not return until on-track protection is re-established; and,
- e. All employees must be notified when the work area is released for the operation of trains. The work area shall not be released until all affected employees have either left the track or have been afforded on-track protection by a watchman/lookout.

Use of Roadway Maintenance Machines

Roadway Maintenance machine means a device powered by any means of energy other than hand power which is being used on or near railroad track for maintenance, repair, construction or inspection of track, bridges, roadway, signal, communications, or electric traction systems. Roadway maintenance machines may have road or rail wheels or may be stationary.

Responsibilities:

- Instructions for the safe operation of each roadway machine shall be provided and maintained with each machine large enough to carry the instructions.
- 2. No person is permitted to operate any machinery unless trained and qualified.
- A roadway maintenance machine operator must request information regarding the presence of roadway workers in the vicinity he/she will be working.
- 4. Operators of roadway maintenance machines shall insure that the machine does not foul a track, unless proper permission has been given. The operator should also not operate closer than four feet from the rail of adjacent tracks without protection.

Training (General):

Prior to assignment of a roadway worker to operate roadway maintenance machines will receive training which shall include, but not limited to, the following topics:

- 1. Safety procedures applicable to the specific roadway maintenance machines.
- 2. Proper communication procedures to be used between the roadway machine operator and other roadway workers.
- 3. Procedures to prevent collisions with a train or other machines.
- 4. Procedures to prevent personal injury.
- 5. Maximum working and travel speeds for machines depending on weather, visibility and stopping distances.

Training (Operator):

Training for the operator of roadway maintenance machines shall include, as a minimum, the following:

- Operating procedures to prevent hitting a person.
- 2. Operating procedures to prevent the roadway maintenance machine from being struck by trains.
- Operating procedures to properly stop the machine from striking other machines or obstructions on the track.
- 4. Methods to determine the safe operating procedures for each machine that the operator is expected to operate. Annual Training:

All operator of maintenance machinery will be provided on-track safety awareness training annually incorporating the elements of the initial training program.

ON TRACK SAFETY RULES

All roadway workers are individually responsible and must:

- 500. Follow the on track safety rules of the railroad.
- 501. Not foul a track except when necessary for the performance of duties.
- 502. Ensure that on -track safety is provided prior to fouling a track.
- 503. Refuse a railroad directive to violate an on- track safety rule, and shall inform the employer whenever the roadway worker makes a good faith determination that on - track safety provisions to be applied at the job location do not comply with the rules of the railroad.
- 504. Be qualified under the railroad rules and be familiar with the railroad operation.
- 505. Report to the supervisor, or designated person, prior to each duty assignment to receive job briefing for the on- track safety measures that will be provided.
- 506. Acknowledge that he/she understands the instructions of the job briefing.

Roadway Workers Initial Training

The Buffalo Southern Railroad shall provide training to every roadway worker which shall include the following topics:

- 507. The roadway worker's responsibility for compliance with the railroad's rules for on-track safety, including understanding of the space (fouling) around tracks where on-track safety is required.
- 508. The functions and responsibilities of the various persons, including track foremen, lookouts or watchmen involved in on-track safety rules and practices.
- 509. Signals of train approach warnings given by watchmen/lookouts and the proper response procedures to be taken.
- 510. Familiarity with the safety procedures applicable to roadway workers working near roadway maintenance machinery.
- 511. Awareness of the hazards associated with the working on or near railroad tracks and a review of the railroad's on- track safety program.

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

Division of Environmental Permits, Region 9 270 Michigan Avenue, Buffalo, NY 14203-2915 P: (716) 851-7165 | F: (716) 851-7168 www.dec.ny.gov

July 15, 2015

Mr. John Cappellino Erie County IDA 95 Perry Street, Suite 403 Buffalo, New York 14052

Dear Mr. Cappellino:

WATER QUALITY CERTIFICATION RAILROAD OVER RUSH CREEK CREEK MILEPOST 8.27 TOWN OF HAMBURG, ERIE COUNTY DEC NO. 9-1448-00437/00001

This will acknowledge receipt of your Joint Application for Permit and advise you that, pursuant to the provisions of New York State Environmental Conservation Law, no Department Article 15 Protection of Waters of Article 24 Freshwater Wetlands permit will be required for the above-noted work as described in your application and drawings received in this office on July 7, 2015.

This letter affirms that this Department hereby grants Section 401 Water Quality Certification and certifies that the subject project will not contravene effluent limitations or other limitations or standards under Section 301, 302, 303, 306 and 307 of the Clean Water Act of 1977 (PL 95-217) for the project based on the following requirements:

- In order to control sedimentation and erosion and minimize adverse impacts to water quality, appropriate silt fencing shall be installed and entrenched (at least 6 inches below ground elevation) around the work site, including excavated soil piles, if any, and/or between disturbed high elevations on site, drainage ways and water bodies.
- All erosion and sediment control practices shall be in place prior to any grading or filling operations and installation of proposed structures or utilities. They shall remain in place until construction is completed and the area is stabilized.
- 3. As soon as possible following construction, all exposed soils shall be seeded and mulched to prevent erosion.

Mr. John Cappellino July 15, 2015 Page 2

> 4. Debris, vegetation and other spoil removed as part of project implementation (by the applicant or his contractors) shall be disposed of at upland locations above the reach of high water. Sediment disposal in the water body, wetlands, floodways, or 100-year floodplains in strictly prohibited.

This determination does not relieve you of any requirements under any other applicable laws which may exist. You are advised to contact all appropriate Federal, State and/or local agencies for any approvals that may be required including the U.S. Department of the Army Corps of Engineers, Buffalo District Office (1776 Niagara Street, Buffalo, NY 14207, telephone (716) 879-4330).

This Water Quality Certification shall be valid for a period of three years from the date of this letter (expires July 15, 2018).

If you have any questions or comments in regard to this letter, or your responsibilities under the New York State Environmental Conservation Law, please do not hesitate to contact this office.

1

spectfully.

DEPARTMENT OF THE ARMY

BUFFALO DISTRICT, CORPS OF ENGINEERS 1776 NIAGARA STREET BUFFALO, NEW YORK 14207-3199

May 24, 2017

Regulatory Branch

SUBJECT: Application No. LRB-2004-01815, Nationwide Permit No. 3 and 13 as Published in the Federal Register, Volume 82, No. 4, on Friday, January 6, 2017.

Erie County Industrial Development Agency 95 Perry St. Suite 403 Buffalo, NY 14202

Dear Mr. Cappelino:

This pertains to your application for a Department of the Army permit to rehabilitate the Buffalo Southern Railroad Bridge through wingwall repair and reconstruction, placement of heavy stone riprap within culvert between bench walls, placement of approximately 160 cubic yards of heavy stone along approximately 125LF for stabilization of existing bank, and debris and deposition removal, all associated with the project located in Rush Creek at Big Tree Road, in the Town of Hamburg, Erie County, New York.

I have evaluated the impacts associated with your proposal, and have concluded that they are authorized by the enclosed Nationwide Permit (NWP) provided that the attached conditions are satisfied.

Verification of the applicability of this NWP is valid until March 18, 2022 unless the NWP is modified, suspended, revoked, or the activity complies with any subsequent permit modification. Please note in accordance with 33 CFR part 330.6(b), that if you commence or are under contract to commence an activity in reliance of the permit prior to the date this NWP expires, is suspended or revoked, or is modified such that the activity no longer complies with the terms and conditions, you have twelve months from the date of permit modification, expiration, or revocation to complete the activity under the present terms and conditions of the permit, unless the permit has been subject to the provisions of discretionary authority.

It is your responsibility to remain informed of changes to the NWP program. A public notice announcing any changes will be issued when they occur and will be available for viewing at our website: http://www.lrb.usace.army.mil/Missions/Regulatory.aspx. Finally, note that if your activity is not undertaken within the defined period or the project specifications have changed, you must immediately notify this office to determine the need for further approval or reverification.

Regulatory Branch

SUBJECT: Application No. LRB-2004-01815, Nationwide Permit No. 3 and 13 as Published in the Federal Register, Volume 82, No. 4, on Friday, January 6, 2017.

During our review we considered all applicable Federal requirements as well as state Water Quality Certification (WQC) conditions. We have made every effort to ensure that your project complies with these requirements. However, we have neither the resources nor the statutory authority to conclusively determine whether your project complies with ALL New York State WQC conditions. In this regard, I strongly suggest that you closely review the WQC conditions attached at the end of this document. If you are certain that you will remain in compliance with ALL conditions attached to this Permit no further coordination is required. However, if you have any doubt about your ability to comply with the state WQC conditions you must resolve those issues with the appropriate Department of Environmental Conservation (DEC) Regional office before you commence work. If the state determines that you need to obtain a project specific WQC you should forward to this office a copy of their final decision at the conclusion of the process. Direct your WQC inquiries to:

NYS DEC REGION 9 – Buffalo Regional Permit Administrator New York State Department of Environmental Conservation 270 Michigan Avenue Buffalo, NY 14203-2999

Your initiation of work as authorized by the enclosed NWP acknowledges your acceptance of the general and special conditions contained therein. This affirmation is limited to the attached NWP and associated WQC, and does not obviate the need to obtain any other project specific Federal, state, or local authorization. Specifically, you may need to obtain Article 15 (Protection of Water), Article 24 (Freshwater Wetland), and/or Article 34 (Coastal Erosion Management) authorization from the New York State DEC.

Questions pertaining to this matter should be directed to me at 716-879-4346, by writing to the following address: U.S. Army Corps of Engineers, 1776 Niagara Street, Buffalo, New York 14207, or by e-mail at: martin.h.crosson@usace.army.mil

Sincerely,

SIGNED

Martin H. Crosson Biologist

Enclosures

COMPLETION FORM / COMPLIANCE CERTIFICATION

Each permittee who receives a Nationwide Permit (NWP) verification letter from the Corps must provide a signed certification documenting completion of the authorized activity and any compensatory mitigation.

APPLICANT: Erie County Industrial Development Agency 95 Perry Street, Suite 403

existing.

Buffalo, NY 14202

File No.: 2004-01815 File Closed: 05/24/2017 NWP No.: 3 and 13

Upon completion of the activity authorized by this permit and any required compensatory mitigation sign this certification and return it to the address listed below within 30 days of project completion.

Please note that your permitted activity is subject to a compliance inspection by a U.S. Army Corps of Engineers representative. If you fail to comply with this permit you are subject to permit suspension, modification, revocation, and/or assessment of administrative penalties.

The permittee shall certify the completion of the authorized work and mitigation:

- a. The authorized work was done in accordance with the NWP authorization, including any general, regional, or activity specific conditions.
- b. The implementation of any required compensatory mitigation was completed in accordance with the permit conditions. If credits from a mitigation bank or in-lieu fee program are used to satisfy the compensatory mitigation requirements, this certification must include the documentation required by 33 CFR 332.3(1)(3) to confirm that the permittee secured the appropriate number and resource type of credits.
