Company Description

Moog is a worldwide designer, manufacturer and integrator of high performance motion and fluid control systems for a broad range of applications in aerospace and defense, industrial and medical markets. Moog has five operating segments: Aircraft Controls, Space & Defense Controls, Industrial Systems, Components and Medical Devices.

Project Description

The proposed projects entails the construction of approximately 65,000 sq. ft. office building to be occupied by Corporate Administration and Corporate Services. The new facility will house Senior Corporate Management, Corporate Finance and Accounting, Tax Information Technology, Legal and Contracts, Supply Chain and various other functions. The co-location of these functions in one facility will free up space in existing facilities for business unit operation needs.
