Describe in detail company background, history, products and customers. Description is critical in determining eligibility. Also list all stockholders, members, or partners with % ownership greater than 20%.

Pfannenberger is a Global Manufacturer of Thermal Management, Liquid Cooling Solutions and Signaling Technologies. Our Thermal Management products are used by some of the largest companies worldwide to keep their electronics cool and safe, protecting critical manufacturing processes. Our Liquid Cooling solutions provide the critical cooling required for manufacturing processes including machine tooling, plastic injection molding equipment, food & beverage extrusion equipment and x-ray/vision systems, to name a few. Our visual and acoustic signaling devices protect personnel and equipment satisfying numerous alarm, warning, and indication requirements, including: machinery operating status, process monitoring, system startup, and building or area evacuation due to fire, toxic gas leak, chemical spill, or intruder alert. We are global, with our international Headquarters located in Hamburg, Germany and our North-American Headquarters located in Lancaster, NY.

Yes

Describe the present use of the proposed Project site (vacant land, existing building, etc.)

Existing Building & Land Prior manufacturing site

Provide narrative and purpose of the proposed project (new build, renovations) square footage of existing and new construction contemplated and/or equipment purchases. Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)

Renovate existing Office spaces to accommodate full work staff along with creating a cafeteria space for staff. The manufacturing space is in need of renovation to accommodate our operations and setup for future growth. Examples of renovation are loading dock upgrades and full creation of a graded dock that trucks can back into. There are areas of demolition needed, 2 large scaffold areas along with a testing lab, and creation of manufacturing/ quality/ warehousing. The site will be gutted and rebuilt to suite Pfannenbergs need.

Municipality or Municipalities of current operations

Lancaster

Will the Proposed Project be located within a Municipality identified above?

No

Will the completion of the Project result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state OR in the abandonment of one or more plants or facilities of the project occupant located within the state?

Yes

If the Proposed Project is located in a different Municipality within New York State than that Municipality in which current operations are being undertaken, is it expected that any of the facilities in any other Municipality will be closed or be subject to reduced activity?

Yes

(If yes, you will need to complete the Intermunicipal Move Determination section of this application)

Is the project reasonably necessary to prevent the project occupant from moving out of New York State?

No

If yes, please explain and identify out-of-state locations investigated, type of assistance offered and provide supporting documentation available

Have you contacted or been contacted by other Local, State and/or Federal Economic Development Agencies?

No

If yes, please indicate the Agency and nature of inquiry below

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

Current Ownership evaluating various scenario's and locations for future operations. Assistance would help guarantee the manufacturing stays in Erie county and we can continue to grow and expand our operations.

Describe the reasons why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)

Without assistance Pfannenbergs potentially will not be able to add the needed expansion to manufacturing lines/ capabilities and create the needed warehousing space required to operate to future needs to stay competitive and viable in this industry.

Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency

Yes

If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?

Section VI: Retail Determination

To ensure compliance with Section 862 of the New York General Municipal Law, the Agency requires additional information if the proposed Project is one where customers personally visit the Project site to undertake either a retail sale transaction or to purchase services.

Please answer the following:

Will any portion of the project (including that portion of the costs to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?

No

If yes, complete the Retail Questionnaire Supplement below. **If no, proceed to the next section.**

Section VII: Adaptive Reuse Projects

Adaptive Reuse is the process of adapting old structures or sites for new purposes.

Are you applying for tax incentives under the Adaptive Reuse Program?

No

Section VIII: Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.

Will the project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state?

Yes

Will the project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?

No

If Yes to either question, explain how, notwithstanding the aforementioned closing or activity reduction, the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Project occupant's competitive position in its respective industry:

Pfannenberg has outgrown the square footage capacity of the current facility and in order to remain competitive, needs a larger office and production space to support current and future growth. Pfannenberg has spent more than a year looking at various options to expand within the current location, including building an addition within the current property and acquiring neighbor properties. These efforts were not successful and therefore a decision was made to relocate to the different location, which offers more than 2X the amount of production and office space

Does this project involve relocation or consolidation of a project occupant from another municipality?

Within New York State

Yes

Within Erie County

Yes

If Yes to either question, please, explain

Moving from one town in Erie county to another, we did explore expansion opportunities but current site does not allow for needed growth,

Will the project result in a relocation of an existing business operation from the City of Buffalo?

No

If yes, please explain the factors which require the project occupant to relocate out of the City of Buffalo (For example, present site is not large enough, or owner will not renew leases etc.)

What are some of the key requirements the project occupant is looking for in a new site? (For example, minimum sq. ft., 12 foot ceilings, truck loading docs etc.)

More square footage to expand manufacturing lines. Increased warehouse space with higher ceilings. More office space to expand sales & service along with support of expanded operations.

If the project occupant is currently located in Erie County and will be moving to a different municipality within Erie County, has the project occupant attempted to find a suitable location within the municipality in which it is currently located?

Yes

What factors have lead the project occupant to consider remaining or locating in Erie County?

Geographical location of existing work force

If the current facility is to be abandoned, what is going to happen to the current facility that project occupant is located in?

Selling on open Market

Please provide a list of properties considered, and the reason they were not adequate. (Some examples include: site not large enough, layout was not appropriate, did not have adequate utility service, etc.) Please include full address for locations.

Section IX: Senior Housing

IDA tax incentives may be granted to projects under the Agency's Senior Citizen Rental Housing policy when the project consists of a multi-family housing structure where at least 90% of the units are (or are intended to be) rented to and occupied by a person who is 60 years of age or older.

Are you applying for tax incentives under the Senior Rental Housing policy?

No

Section X: Tax Exempt Bonds

In order to receive the benefits of a tax-exempt interest rate bond, private borrowers and their projects must be eligible under one of the federally recognized private active bond categories (Fed Internal Rev Code IRC sections 142-144, and 1394).

Are you applying for tax exempt bonds / refinancing of bonds related to a residential rental facility project?

No
