Applicant Business Description

Describe in detail company background, products, customers, goods and services. Description is critical in determining eligibility

Greg & Cheryl have established an LLC for the purpose of acquiring and renovating the property at 173 Delaware Rd in Kenmore, NY. Greg owns Rodems Construction Co., Inc. in Orchard Park which was started in 2003. Rodems Construction is a commercial general construction firm. Completed projects include the exterior restoration of Shea's Performing Arts Center and Michigan Street Baptist Church, renovations at Erie County Public Library, Old Fort Niagara Museum & Visitors Center, Hyatt Hotel guest rooms, Richardson-Olmstead Complex, new construction at Botanical Gardens and Bailey-Genesee Fire Station. Also included are projects at UB, Buffalo State College, Medaille, Fredonia State College and most school districts in Western New York.

In which Municipality will the proposed project be located

Kenmore, NY

Address

173 Delaware Rd, Kenmore, NY 14217

Will the completion of the Project result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state OR in the abandonment of one or more plants or facilities of the project occupant located within the state?

No

If the Proposed Project is located in a different Municipality than that Municipality in which current operations are being undertaken, is it expected that any of the facilities in any other Municipality will be closed or be subject to reduced activity?

No

(If yes, you will need to complete the Retail Section of this application)

Kenmore

Does the Applicant or any related entity currently hold fee title to the Project site?

Ye:

If No, Indicate name of present owner of the Project Site

Does Applicant or related entity have an option/contract to purchase the Project site?

No

Describe the present use of the Proposed Project site

The building has been vacant for at least 6 years and is currently in a state of disrepair.

Please provide narrative of the proposed project and the purpose of the proposed project (new build, renovations, and/or equipment purchases). Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This Information is critical in determining project eligibility)

The building is the former Delaware Masonic Lodge built circa 1930 and has been vacant for over 5 years. The project will include the renovation of the existing vacant structure and upon completion, the building will provide 7 one and two bedroom apartments and be will be fully repaired from its current condition. The utilities in the building have been shut off/disconnected for several years which has accelerated its deterioration. the building will provide 7 one and two bedroom apartments. One bedroom apartments would be approximately 700 sf and rent for \$1100 / month while two bedroom apartments would average 1500 sf and rent for \$1900 / month.

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

Describe the reasons why the Agency's Financial Assistance is necessary and how the Financial Assistance enables the company to undertake the Project to facilitate investment, job creation and/or job retention. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)

Due to the age and condition of the building, agency assistance is necessary to mitigate the additional costs required to repair and update the building into a usable structure which meets code. These costs include asbestos abatement (see attached), new HVAC system, new windows and roof replacement within the next 5 years. Approximately 30 local construction trades workers will be needed for the renovations and upgrade to the property.

Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency

Yes

If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?

Without agency assistance, the total cost of the project would be too high for the projected rental income to make the project viable. The building would remain vacant and continue to deteriorate.

Will project include leasing any equipment?

No

If yes, please describe equipment and lease terms.

Site Characteristics

Will the Project meet zoning/land use requirements at the proposed location?

No

Describe the present zoning/land use

Present zoning is R-2.

Describe required zoning/land use, if different

Required zoning is R-3.

If a change in zoning/land use is required, please provide details/status of any request for change of zoning/land use requirements

A Final Planned Development Plan creating a Planned Unit Development District "PUD" has been adopted and approved by the Village of Kenmore Board of Trustees at their September 20, 2016 meeting. See attached resolution.

Is the proposed Project located on a site where the known or potential presence of contaminants is complicating the development/use of the property?

Yes

If yes, please explain

The building contains asbestos. As part of the renovation the asbestos will be removed by licensed contractors.

Has a Phase I Environmental Assessment been prepared, or will one be prepared with respect to the proposed Project Site?

No

If yes, please provide a copy.

Have any other studies, or assessments been undertaken with respect to the proposed Project Site that indicate the known or suspected presence of contamination that would complicate the site's development?

Yes

if yes, please provide copies of the study.

If you are purchasing new machinery and equipment, does it provide demonstrable energy efficiency benefits?

New HVAC equipment will be purchased.

You may also attach additional information about the machinery and equipment at the end of the application.

Does or will the company or project occupant perform research and development activities on new products/services at the project location?

No

If yes, please explain.

What percentage of annual operating expenses are attributed to the above referenced research and development activities?

N/A

Select Project Type for all end users at project site (you may check more than one)

Will customers personally visit the Project site for either of the following economic activities? If yes with respect to either economic activity indicated below, complete the Retail Determination contained in Section IV of the Application.

Please check any and all end uses as identified below.

Retail Sales No Services No

For purposes of this question, the term "retail sales" means (i) sales by a registered vendor under Article 28 of the Tax Law of the State of New York (the "Tax Law") primarily engaged in the retail sale of tangible personal property (as defined in Section 1101(b) (4)(i) of the Tax Law), or (ii) sales of a service to customers who personally visit the Project.

Section VI: Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.

Will the project result in the removal of an industrial or manufacturing plant of the Project occupant Nο from one area of the state to another area of the state?

Will the project result in the abandonment of one or more plants or facilities of the Project No occupant located within the state?

If Yes to either question, explain how, notwithstanding the aforementioned closing or activity reduction, the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Project occupant's competitive position in its respective industry:

Does this project involve relocation or consolidation of a project occupant from another municipality or abandonment of an existing facility?

Within New York State Nο Within Erie County Nο

If Yes to either question, please, explain

Will the project result in a relocation of an existing business operation from the City of Buffalo?

No

If yes, please explain the factors which require the project occupant to relocate out of the City of Buffalo (For example, present site is not large enough, or owner will not renew leases etc.)

What are some of the key requirements the project occupant is looking for in a new site? (For example, minimum sq. ft., 12 foot ceilings, truck loading docs etc.)

If the project occupant is currently located in Erie County and will be moving to a different municipality within Erie County, has the project occupant attempted to find a suitable location within the municipality in which it is currently located?

No

What factors have lead the project occupant to consider remaining or locating in Erie County?

If the current facility is to be abandoned, what is going to happen to the current facility that project occupant is located in?

Please provide a list of properties considered, and the reason they were not adequate. (Some examples include: site not large enough, layout was not appropriate, did not have adequate utility service, etc.) Please include full address for locations.

Section VII: Adaptive Reuse Projects

A desired Process Programs	Yes
Are you applying for tax incentives under the Adaptive Reuse Program?	
What is the age of the structure (in years)?	85
Has the structure been vacant or underutilized for a minimum of 3 years? (Underutilized is defined as a minimum of 50% of the rentable square footage of the structure being utilized for a use for which the structure was not designed or intended)	Yes
If vacant, number of years vacant.	6
If underutilized, number of years underutilized.	0
Describe the use of the building during the time it has been underutilized:	
Is the structure currently generating insignificant income? (Insignificant income is defined as income that is 50% or less than the market rate income average for that property class)	Yes
If yes, please provide dollar amount of income being generated, if any	\$ \$0
Does the site have historical significance?	No
Are you applying for either State/Federal Historical Tax Credit Programs?	No
If yes, provide estimated value of tax credits	\$

Briefly summarize the financial obstacles to development that this project faces without ECIDA or other public assistance. Please provide the ECIDA with documentation to support the financial obstacles to development (you will be asked to provide cash flow projections documenting costs, expenses and revenues with and without IDA and other tax credits included indicating below average return on investment rates compared to regional industry averages)

The age and condition of the building, as well as the presence of asbestos, has caused the total project costs to exceed the current rental market. In the event the Agency does not participate in this project the developer would be forced to abandon its plans. Thus the building would continue in it's current condition.

Briefly summarize the demonstrated support that you intend to receive from local government entities. Please provide ECIDA with documentation of this support in the form of signed letters from these entities

Village officials have been contacted and are in favor of this project. See attached letter from the Mayor.

Please indicate other factors that you would like ECIDA to consider such as: structure or site presents significant public safety hazard and or environmental remediation costs, site or structure is located in a distressed census tract, structure presents significant costs associated with building code compliance, site has historical significance, site or structure is presently delinquent in property tax payments

The structure, if left unoccupied, would continue to deteriorate and develop safety concerns. The project has large community support and the improved appearance and upkeep would benefit the community especially being located in the center of the village. It would also increase the tax revenue for the property.

Section VIII: Senior Citizen Rental Housing Projects

Are you applying for tax incentives under the Senior Rental Housing policy?

<BLANK>

Has the project received written support from the city, town or village government in which it is located?

<BI ANK>

Describe the location of the project as it relates to the project's proximity to the town / village / city center or to a recognized hamlet.

Is the project consistent with the applicable municipal master plan?

<BLANK:

If yes, please provide a narrative identifying the master plan (by name) and describing how the project aligns with the plan details

Does the project advance efforts to create a walkable neighborhood and community in proximity to important local amenities and services?

<BLANK>

If yes, please provide a narrative describing the walkable nature of the project including access seniors would have to specific neighborhood amenities.

Has a market study shown that there is a significant unmet need in the local community or specific neighborhood where seniors are unable to find appropriate housing opportunities?

<BLANK>

Is the project located in an area (defined as a 1-5 mile radius of the project site) where there are significant local resident populations that are at or below the median income level?

<BLANK>

If yes, please describe how you made this determination based upon census tract and other relevant third party data.

Does the project provide amenities that are attractive to seniors and differentiates the project from standard market rate housing?

<BLANK>

If yes, please describe these amenities (examples may include: community rooms, social / recreational activity areas, senior-oriented fixtures and safety amenities, security systems, call systems, on site medical services)

Are there impediments that hinder the ability to conventionally finance this project and /or negatively impact the project's return on investment?

<BLANK>

If yes, please briefly summarize the financial obstacles to development that this project faces without IDA or other public assistance. Please provide the IDA with documentation to support the financial obstacles to development (you will be asked to provide cash flow projections documenting costs, expenses and revenues with and without IDA and other tax credits included indicating below average return on investment rates compared to regional industry averages)

Will the project target (and maintain during the incentive period) a minimum 50% occupancy rate of senior citizens whose income is at or below 60-80% of the median income for Erie County?

<BLANK>

If yes, please describe provide a narrative citing key facts that substantiate this finding.

Section IX: Retail Determination

Will any portion of the project (including that portion of the costs to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?

No

If yes, complete the Retail Questionnaire Supplement below.

What percentage of the cost of the project will be expended on such facilities or property primarily used in making sales of goods or services to customers who personally visit the project?

0%

If the answer to this is **less than 33%** do not complete the remainder of the page and proceed to the next section (Section V: Inter-Municipal Move Determination).

If the answer to A is Yes <u>AND</u> the answer to Question B is greater than <u>33.33%</u>, indicate which of the following questions below apply to the project:

Will the project be operated by a not-for-profit corporation?

<BLANK>

is the project location or facility likely to attract a significant number of visitors from outside the economic development region (Erie, Niagara, Allegheny, Chautauqua and Cattaraugus counties) in which the project will be located?

<BLANK>

If yes, please provide a third party market analysis or other documentation supporting your response.

Is the predominant purpose of the project to make available goods or services which would not, but for the project, be reasonably accessible to the residents of the municipality? Are services provided at the proposed project site needed because of a lack of reasonably accessible retail trade facilities offering such goods or services?

No

If yes, please provide a market analysis supporting your response.

Will the project preserve permanent, private sector jobs or increase the overall number of permanent private sector jobs in the State of New York?

No

If yes, explain

Is the project located in a Highly Distressed Area?

No
