Retail Projects in Highly Distressed Areas:

Chef's is located in a highly distressed area of the City of Buffalo and attracts visitors to the neighborhood from outside its immediate neighborhood.

In accordance with ECIDA policy, incentives may be granted for retail projects making a capital investment within a highly distressed area provided the project meets one of the following three criteria.

1. Acknowledgement from Chief Elected Official confirming the project is consistent with a larger community plan designating specific areas for retail revitalization.
2. Project is determined to be "transformational" by ECIDA based upon the consideration of the size and scope of the project, ability to attract investment or customers from outside of the immediate neighborhood and evidence that project may otherwise serve as an anchor investment positively impacting other parcels and/or businesses in the neighborhood including protecting public health and welfare.
3. The project meets the eligibility requirements of the ECIDA Adaptive Reuse Policy.
