

**Erie County Industrial Development Agency**  
**2020 Budget**

# *Erie County Industrial Development Agency (ECIDA)*

## **2020 Budget + 3 Year Forecast**

### **A. Overview of Changes in 2020 Budget**

Presented herein is the projected operating budget for the Erie County Industrial Development Agency's ("ECIDA") year ending December 31, 2020 and a three-year forecast for 2021 – 2023.

The ECIDA is a not-for-profit, public benefit corporation that provides tax incentives, financing programs and economic development services to Buffalo and Erie County. In accomplishing its mission, the ECIDA does not receive any operational funding from Federal, State, County or local sources. Instead, the key source of revenue for the ECIDA is the administrative fees charged to those companies that utilize its various products and services. The income that the ECIDA generates is utilized to provide salaries to its professional staff for managing various economic development programs, as well as payments for professional fees, general office expenses, public notices/marketing, building costs and other miscellaneous expenses.

For the year ending December 31, 2020, the Agency is presenting a balanced budget. Depreciation, a noncash item, is estimated at \$130,000 and brings the budgeted operating loss to \$130,000. There is also \$632,000 budgeted for five external projects, which will be funded with existing UDAG funds, rather than operating cash. After reserving \$2,000,000 for future projects the potential net loss for 2020 is \$2,762,000. The majority of the budgeted loss would be from existing UDAG funds that have accumulated over several years.

The following significant risk factors may impact the 2020 results:

1. The majority of the ECIDA's administrative fee income is derived from a few large tax incentive and/or tax-exempt bond projects. The Agency does not collect a fee until the project (usually construction) is started, since many factors affect project timing. Depending on the timing of these projects, the Agency's fee income can fluctuate significantly from year to year.
2. Changes in the overall national and/or regional economy could result in a decrease in local investment projects that are assisted by the Agency, resulting in a corresponding decrease in administrative fee income.

The following information details the key changes in the 2020 budget compared to the 2019 projected revenues and expenses:

# Erie County Industrial Development Agency (ECIDA) 2020 Budget + 3 Year Forecast

## A. Overview of Changes in 2020 Budget (continued)

### Revenues:

#### *Administrative Fees (2020 Budget - \$1.90 million):*

Administrative fees primarily consist of fees earned by the ECIDA through the provision of tax abatements. During 2019, administrative fees included projects such as the Trico Building in downtown Buffalo, McKesson Corporation in Cheektowaga, and Unifrax in Tonawanda. Additionally, the Agency expects to close on a bond issuance prior to the end of 2019, which would result in a fee collected of approximately \$100,000. Since some fees are recognized over multiple years (in accordance with the terms of the related fee agreements), the Agency expects to recognize nearly \$580,000 of fees in 2019 related to prior year project approvals. The budgeted figure of \$1.90 million was derived using the 2010-2019 10-year average.

The following chart summarizes the actual administrative fee revenue over the past 10 years compared to the average administrative fee for the 10-year period from 2010-2019:

# *Erie County Industrial Development Agency (ECIDA)*

## **2020 Budget + 3 Year Forecast**

### **A. Overview of Changes in 2020 Budget (continued)**

#### ***Affiliate Management Fees (increasing 25% from \$322,000 to \$404,500):***

Affiliate Management Fees represent salary, benefit, and facilities costs charged to ECIDA's affiliated companies (RDC & ILDC) for office space and services that ECIDA employees provide to these organizations, since they have no employees of their own. In 2019, employee turnover will lead to less than budgeted management fee due from RDC, while management fees due from ILDC are estimated to be higher than budget. Affiliate management fees are expected to align more with budgeted levels in 2020 due to increases in salaries and benefits as described in the expenses section below.

#### ***Management Fees – BUDC (decreasing 3% from \$120,000 to \$116,000):***

Management Fees – BUDC are salaries and benefit costs charged to Buffalo Urban Development Corporation ("BUDC") for services that ECIDA employees provide the organization and its affiliates. ECIDA provides financial reporting, facilities management, and administrative services to BUDC as part of a shared services agreement. Management fees are expected to decrease slightly in 2020.

#### ***Rental Income (increasing 17% from \$245,600 to \$288,200):***

Rental Income represents rent received by ECIDA from BUDC for office space, two facilities owned by ECIDA and other smaller agreements. Rent revenue for leased space at 143 Genesee Street is expected to remain steady at \$213,500. Rent received from the Port Terminal management agreement of \$8,300 in 2019 is budgeted at \$14,500 in 2020 based on projections from the management company. This revenue was budgeted at \$40,000 in 2019.

### **Expenses:**

#### ***Salaries & Benefits (increasing 6.9% from \$1.98 million to \$2.1 million):***

The increase in the 2020 budgeted salaries and benefits compared to the projected 2019 figures is due to employee turnover in 2019, which lead to gaps in payroll for those positions. In 2020 we expect to be at full staff, and the budget includes a projected salary increases and benefit expense increases. Salary increases of approximately 3% and a performance incentive pool that is calculated as 5% of total salaries compose the salaries portion of the increase. Compensation increases are based on an independent compensation study of ECIDA employees, comparing Agency employee salaries with other individuals in the local labor market who have similar titles and responsibilities. These adjustments, if any, will also be reviewed and approved by the ECIDA Board Compensation Committee for Executive Management and by the CEO for other staff. Annual rate increases for health care also contributes to higher employee benefit costs. As an organization of specialized professionals, salaries and benefits account for 74% of total budgeted operating expenses.

*Erie County Industrial Development Agency (ECIDA)*  
2020 Budget + 3 Year Forecast

**A. Overview of Changes in 2020 Budget (continued)**

*Professional Services (decreasing 8.7% from \$106,000 to \$96,500):*

Professional Services consist of the following:

	<b>2020 Budget</b>	<b>2019 Budget</b>	<b>2019 Projection</b>
Legal	\$50,000	\$44,250	\$64,000
Consultants	\$20,000	\$20,000	\$16,000
Auditing	\$26,500	\$25,750	\$25,750
<b>Total</b>	<b>\$96,500</b>	<b>\$90,000</b>	<b>\$105,750</b>

In 2020 legal expenses are budgeted at \$50,000 to reflect increased costs in 2019. Consultant expenses are budgeted consistently at \$20,000, while audit costs are set to increase in accordance with the proposal approved in 2017.

***Erie County Industrial Development Agency (ECIDA)***  
**2020 Budget + 3 Year Forecast**

**B. External Special Projects & Reserves for Future Projects**

The ECIDA's 2020 budget currently includes \$582,000 for external projects and \$2 million allocated for potential future projects that are consistent with the ECIDA's strategic plan and the restrictions on the UDAG and/or General Funds as follows:

Project	2020 Budget	2019 Approved Budget	2019 Projected Actual
<b>External Special Projects</b>	\$ 332,000	\$ 282,000	\$ 282,000
<b>Industrial Land Park Grant</b>	200,000	200,000	200,000
<b>Angola Ag Park Grant</b>	100,000	-	900,000
<b>ESD Grant Reimbursement</b>	-	(1,390,000)	(1,390,000)
<b>Z7+ Expense Reserve</b>	-	-	626,422
<b>Reserves for Future Projects:</b>			
Venture Capital Co-Investment	1,000,000	1,000,000	-
Forgivable Attraction Loan	1,000,000	1,000,000	750,000
<b>Total</b>	<b>\$ 2,582,000</b>	<b>\$ 1,292,000</b>	<b>\$ 818,422</b>

External Special Project allocations of \$632,000 include organizations that have received funding in the past, such as BUDC's Buffalo Building Reuse Project (\$100,000) and Invest Buffalo Niagara (\$72,000 for Canadian Lead Generation). Invest Buffalo Niagara's request for funds for Canadian Lead Generation was a two-year request totaling \$144,000. Agency staff is also working with community partners to establish a Minority Business Enterprise Assistance Program. These requests will be presented to the ECIDA Board for approval before funding. Two other expenditures with Invest Buffalo Niagara (\$50,000) and the National Development Council (\$60,000) are annual commitments and will not require specific Board action.

\$200,000 is budgeted for Industrial Land Park, representing one-fifth of the \$1 million grant that the Board approved to ILDC for Bethlehem Steel site carrying costs. \$100,000 is budgeted for Angola Ag Park, representing one-third of the estimated carrying costs approved by the Board. The Reserves for Future Projects of \$2 million are discussed on the following pages and would also require Board approval prior to funding.

The Z7+ Expense Reserve represents the remaining funds from the Board's \$1.5 million allocation in 2016. The balance of those funds is projected to be spent, with no additional allocation in the 2020 budget. The \$750,000 Forgivable Attraction Loan in 2019 relates to the Workforce Retention Fund approved in August 2019 to encourage Time Release Properties and Sciences to retain its current workforce and create new jobs after construction of their new facility on the former Bethlehem Steel Site.

*Erie County Industrial Development Agency (ECIDA)*  
2020 Budget + 3 Year Forecast

**B. External Special Projects & Reserves for Future Projects (continued)**

**Venture Capital Co-Investment**

**Proposal: \$1,000,000**

**The Issue** – Currently, high-growth-potential companies have difficulty attracting angel or seed capital funding when they are in the earliest of their development stages. With the significant public investment in university and college research facilities and scientists, there is a need to commercialize this research in order to provide the “pay-back” on the community’s investment in the form of new high-paying jobs. Currently, there is a lack of early-stage capital for venture companies located in Western New York. Meanwhile, other communities which face similar issues have been successful in utilizing publicly-sponsored funds to support new companies.

Current New York State law does not explicitly allow IDAs to make equity venture investments in private companies. In order to achieve a change in New York State law, ECIDA is working with NYSEDC and the local New York State legislative delegation to pass legislation to codify the powers and duties of an IDA to operate an equity venture program and to provide venture investment to startup entrepreneurs and private companies.

**The Proposal** – In 2015, the ECIDA began the reestablishment of its Venture Capital Fund to provide equity investments in early-stage, high-growth-potential companies. The ECIDA will partner with qualified co-investors from Erie County such as Launch NY, 43 North, Z80 Labs, and/or Rand Capital. In the past, the ECIDA has had several key economic development successes by partnering with Rand Capital, such as its equity investments in GEMCOR II, LLC and Synacor, Inc. (approximately 400 jobs combined). The ECIDA would rely upon the expertise of its partners to conduct the due diligence required to evaluate the business, structure the investment and develop an exit strategy.

**Use of Funds** – To make equity (stock) and/or debt project expenditures in selected businesses.

**Partners** – Launch NY, 43North, Z80 Labs, Rand Capital and other venture capital firms.

**Approval** – The ECIDA Board would approve all project expenditures under this program.

**Consistency with Community Plans** – This strategy is consistent with the County Executive’s, *Initiatives for a Smart Economy 2.0*. One of the goals outlined in the plan is as follows: “*Erie County will create Venture Fund programs and provide venture equity to local entrepreneurs through the ECIDA*”.

*Erie County Industrial Development Agency (ECIDA)*  
2020 Budget + 3 Year Forecast

**B. Special Projects & ECIDA Program Allocations (continued)**

**Forgivable Attraction Loan(s)**

**Proposal: \$1,000,000**

**Qualification** – Businesses must be relocating to a HUD-defined distressed area or meet other HUD qualifications and provide a significant regional impact in terms of investment and/or job creation.

**The Issue** – Currently a number of communities across the nation are aggressively pursuing businesses to entice them to their region. One vehicle that communities have used to tip the relocation decision in their favor is the use of a high-impact project expenditure fund. Until 2013, the Buffalo region did not have such a program, while neighboring states were offering these programs with positive results, to Erie County's detriment.

**The Proposal** – The ECIDA would continue to fund a forgivable attraction loan fund that could aid in the attraction of key new businesses that would have a regional employment or investment impact. The attraction incentive would be structured in the form of a loan, with a portion or all of it forgiven if the company establishes their business in Erie County and meets specified investment and/or job goals. The ECIDA would work with Invest Buffalo Niagara to offer this incentive to those businesses that are the most promising and/or target the attraction loan to specific industries or regions (such as Southern Ontario). By providing this incentive, the Buffalo region would be perceived as demonstrating the community's support for the business relocation and could be the tipping point that leads to the relocation of the business as well as related "follow on" investments.

**Use of Funds** – To make project expenditures to companies located outside of Western New York to offset a portion of their investment costs in relocating. Companies assisted would be in one of the regional targeted industry sectors and have a regional employment or investment impact. The program would have a targeted maximum incentive of \$25,000 per job created.

**Partners** – Invest Buffalo Niagara

**Approval** – The ECIDA Board would approve all awards under this program.

**Consistency with Community Plans** – This strategy is consistent with the County Executive's "Initiatives for a Smart Economy 2.0" which states: *"Projects assisted by the ECIDA will be those that bring outside investment and self-sustaining jobs to Erie County while strengthening the regional economic base, helping to create a more inclusive economy and leading to population stabilization throughout the area"*.
