

NOTICE OF PUBLIC HEARING

Pursuant to Article 18-A of NYS General Municipal Law, the Erie County Industrial Development Agency (the “Agency”) will hold a public hearing on November 29, 2022 at 10:00 a.m. at the Agency’s offices, at 95 Perry Street, Suite 403, Buffalo, NY 14203, regarding:

132 Dingens St, LLC, and/or Individual(s) or Affiliate(s), Subsidiary(ies), or Entity(ies) formed or to be formed on its behalf (the “Company”), has submitted an application to the Agency (a copy of which is on file at the office of the Agency) requesting the Agency to undertake a certain project (the “Project”) consisting of: (i) the acquisition by the Agency of a leasehold interest in certain property located on 132 Dingens Street, City of Buffalo, Erie County, New York (the “Land”), (ii) the construction on the Land of an approximately 81,000+/- square-foot addition to a newly construction spec warehouse facility to be utilized for the warehousing and light manufacturing (the “Improvements”), and (iii) the acquisition by the Company in and around the Improvements of certain items of machinery, equipment and other tangible personal property (the “Equipment”; and, together with the Land and the Improvements, the “Facility”). The Facility will be initially operated and/or managed by the Company.

The Agency will acquire a leasehold interest in the Facility and lease the Facility back to the Company. The Company will operate the Facility during the term of the lease. At the end of the lease term, the leasehold interest will be terminated. The Agency contemplates that it will provide financial assistance to the Company for qualifying portions of the Project in the form of sales and use tax exemption benefits, mortgage recording tax exemption benefits, and real property tax abatement benefits consistent with the policies of the Agency.

A representative of the Agency will be present at the above-stated time and place to present a copy of the Application and hear and accept written and oral comments from all persons with views in favor of or opposed to the proposed financial assistance. This public hearing is being live-streamed and made accessible on the Agency’s website at www.ecidany.com. Written comments may be submitted at this public hearing, submitted on the Agency’s website, or delivered to the Agency at 95 Perry Street-Suite 403, Buffalo, NY 14203 until the comment period closes at 4:00 p.m. on December 20, 2022. The project application is available for public inspection at the Agency’s offices Monday through Friday (excluding public holidays) from 9:00 a.m. until 4:00 p.m.

This public hearing is being conducted in accordance with Subdivision 2 of Section 859-a of the New York General Municipal Law.

Does Applicant or related entity have an option/contract to purchase the Project site?

No

Describe the present use of the proposed Project site (vacant land, existing building, etc.)

Storage warehouse with office facilities

Provide narrative and purpose of the proposed project (new build, renovations) square footage of existing and new construction contemplated and/or equipment purchases. Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)

To meet increased demand from existing and potential new tenants we are proposing an approximate 81,000 sq ft addition to a newly constructed spec warehouse, intended for both warehouse and light manufacturing uses. The addition will closely resemble that of the existing facility. This property entered into the Brownfield Cleanup Program on 6/18/2012 and a certification of completion was achieved on 12/20/2016. Currently no specific tenants have been identified for the proposed addition. It is anticipated that the new building will be used for warehouse distribution and or light manufacturing. Based on feedback from our leasing agent we learned the high stacking height of this proposed building as well as a warehouse industry moving towards more robotic/automation operations, results in the need for less employees to operate a facility of this size. In order to make a commitment of job creation to match the current trend of warehousing we are willing to commit to 18 jobs for this Phase 2 project. We ask for some consideration of this in order to keep this project competitive in today's market.

Municipality or Municipalities of current operations

Buffalo, New York

Will the Proposed Project be located within a Municipality identified above?

Yes

Will the completion of the Project result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state OR in the abandonment of one or more plants or facilities of the project occupant located within the state?

No

If the Proposed Project is located in a different Municipality within New York State than that Municipality in which current operations are being undertaken, is it expected that any of the facilities in any other Municipality will be closed or be subject to reduced activity?

No

(If yes, you will need to complete the Intermunicipal Move Determination section of this application)

Is the project reasonably necessary to prevent the project occupant from moving out of New York State?

No

If yes, please explain and identify out-of-state locations investigated, type of assistance offered and provide supporting documentation available

Have you contacted or been contacted by other Local, State and/or Federal Economic Development Agencies?

No

If yes, please indicate the Agency and nature of inquiry below

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

Describe the reasons why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)

The financial challenges for this project are significant, and the agency's financial assistance is a critical component for this project to become viable for the following reasons: 1) The pandemic has driven cost for materials and labor significantly higher than anticipated then when Phase 1 was completed. Material shortages specific to the construction of warehousing, in particular, have risen due to the rise in demand for last mile warehousing. The shortage of warehousing has created a significant demand for new projects, all competing for scarce materials. 2) The development site is located on a Brownfield. Even with access to NYS Brownfield tax credits, significant additional costs related to legacy environmental conditions exist. These costs make the competitiveness of the warehouse financial proforma more of a challenge. 3) The cost of financing has increased dramatically over the last 12 months.

Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency

Yes

If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?

This development project will not occur without the financial assistance of the agency. The shortage of last mile warehousing is well documented in the WNY area. This void will be filled by a project somewhere in this area. However, City of Buffalo and Erie County may not be a benefactor of a project that occurs outside of Erie County. Additionally, it will be a missed opportunity to redevelop a project in an area that has been a warehousing hub for quite some time. The loss of more green fields for a similar, less costly project, will most likely result, as well as the conveniently located City jobs on a bus route. Should this project not move forward, this applicant will lose the NYS Brownfield tax credits earned during the Environmental cleanup, causing financial hardship for the owner and related companies located at this development site.

Will project include leasing any equipment?

Yes

If yes, please describe equipment and lease terms.

Construction equipment

Site Characteristics

Is your project located near public transportation?

Yes

If yes describe if site is accessible by either metro or bus line (provide route number for bus lines)

We are located at 132 Dingens Street between Bailey Avenue and South Odgen Street. Route #19 runs directly on Dingens Street.

Has a project related site plan approval application been submitted to the appropriate planning department?

Yes

If Yes, include the applicable municipality's and/or planning department's approval resolution, the related State Environmental Quality Review Act ("SEQR") "negative declaration" resolution, if applicable, and the related Environmental Assessment Form (EAF), if applicable.

If No, list the ECIDA as an "Involved Agency" on the related EAF that will be submitted to the appropriate municipality and/or planning department for site plan approval. Also, please indicate in the box below when you anticipate receiving site plan approval for your project.

11/30/-0001

Will the Project meet zoning/land use requirements at the proposed location?

Yes

Describe the present zoning/land use

Code#449 - Other Storage & warehouse facilities

Describe required zoning/land use, if different

No Change

If a change in zoning/land use is required, please provide details/status of any request for change of zoning/land use requirements

N/A

Is the proposed Project located on a site where the known or potential presence of contaminants is complicating the development/use of the property?

Yes

If yes, please explain

The property was into a Brownfield Cleanup Program on 6/18/2012 and completed on 12/20/2016.

Has a Phase I Environmental Assessment been prepared, or will one be prepared with respect to the proposed Project Site?

Yes

If yes, please provide a copy.

Have any other studies, or assessments been undertaken with respect to the proposed Project Site that indicate the known or suspected presence of contamination that would complicate the site's development?

Yes

If yes, please provide copies of the study.

If you are purchasing new machinery and equipment, does it provide demonstrable energy efficiency benefits?

Yes

If yes, describe the efficiencies achieved

Heating, Cooling, and lighting.

You may also attach additional information about the machinery and equipment at the end of the application.

Does or will the company or project occupant perform research and development activities on new products/services at the project location?

No

If yes, include percentage of operating expenses attributed to R&D activities and provide details.

Select Project Type for all end users at project site (you may check more than one).

For purposes of the following, the term "retail sales" means (i) sales by a registered vendor under Article 28 of the Tax Law of the State of New York (the "Tax Law") primarily engaged in the retail sale of tangible personal property (as defined in Section 1101(b)(4)(i) of the Tax Law), or (ii) sales of a service to customers who personally visit the Project.

Will customers personally visit the Project site for either of the following economic activities? If yes with respect to either economic activity indicated below, you will need to complete the Retail section of this application.

Section III: Environmental Questionnaire

INSTRUCTIONS: Please complete the following questionnaire as completely as possible. If you need additional space to fully answer any question, please attach additional page(s).

General Background Information

Address of Premises

132 Dingens Street Buffalo, NY 14206

Name and Address of Owner of Premises

132 Dingens Street, LLC 132 Dingens Street Buffalo, NY 14206

Describe the general features of the Premises (include terrain, location of wetlands, coastlines, rivers, streams, lakes, etc.)

This property is generally flat laying. The difference in elevation is approximately 5 feet. The property is improved with three structures, an 81,000 square-foot metal building, concrete, and asphalt paved areas, stone-covered area, and small areas of vegetation. There are no State or Federal wetlands located on or near the property. The nearest water of body is the Buffalo River, located approximately 0.9 miles south of the property.

Describe the Premises (including the age and date of construction of any improvements) and each of the operations or processes carried out on or intended to be carried on at the Premises

The property consists of an 81,000 sq ft warehouse newly completed in 2022, a two-story office building renovated in 2018, a 12,000 sq ft storage garage construction in 2019, small fabric storage building erected in 2020. Construction of a new 81,000 square foot warehouse addition scheduled to be completed in 2023.

Describe all known former uses of the Premises

same-Warehouse & Storage facility

Does any person, firm or corporation other than the owner occupy the Premises or any part of it?

Yes

If yes, please identify them and describe their use of the property

132 Dingens Street, LLC leases the office building, storage garage, and fabric storage structure to Pinto Construction Services, Inc and a large portion of the paved area to Unicell for temporary parking of new vehicles. The Northwest portion of the property is leased to First Student; bus services for employee parking. The newly constructed 81,000 sq. ft. warehouse is occupied by Magellan Technology, Inc.

Have there been any spills, releases or unpermitted discharges of petroleum, hazardous substances, chemicals or hazardous wastes at or near the Premises?

Yes

If yes, describe and attach any incident reports and the results of any investigations

132 Dingens Street, LLC entered into a Brownfield Cleanup Agreement (BCA) with the NYSDEC on June 12, 2012, to investigate and remediate the Site based on a long history of industrial/commercial use. The Site was remediated in 2016 to Part 375 commercial soil cleanup objectives (SCOs) described in October 2016 Final Engineering report. The remedy included excavation of soil/fill exceeding the site-specific SCOs for the parameters of concern. The Site received a Certificate of Completion (COC) from NYSDEC on December 20, 2016. The Site Management Plan (SMP) provides long-term management of remaining contamination and includes institutional and engineering controls, maintenance, and reporting requirements.

Has the Premises or any part of it ever been the subject of any enforcement action by any federal, state or local government entity, or does the preparer of this questionnaire have knowledge of: a) any current federal, state or local enforcement actions; b) any areas of non-compliance with any federal, state or local laws, ordinances, rules or regulations associated with operations over the past 12 months?

No

If yes, please state the results of the enforcement action (consent order, penalties, no action, etc.) and describe the circumstances

Has there been any filing of a notice of citizen suit, or a civil complaint or other administrative or criminal procedure involving the Premises?

No

If yes, describe in full detail

Solid And Hazardous Wastes And Hazardous Substances

Does any activity conducted or contemplated to be conducted at the premises generate, treat or dispose of any petroleum, petroleum-related products, solid and hazardous wastes or hazardous substances?

No

If yes, provide the Premises' applicable EPA (or State) identification number

Have any federal, state or local permits been issued to the Premises for the use, generation and/or storage of solid and hazardous wastes?

No

If yes, please provide copies of the permits.

Identify the transporter of any hazardous and/or solid wastes to or from the Premises

N/A

Identify the solid and hazardous waste disposal or treatment facilities which have received wastes from the Premises for the past two (2) years

N/A

Does or is it contemplated that there will occur at the Premises any accumulation or storage of any hazardous wastes on-site for disposal for longer than 90 days?

No

If yes, please identify the substance, the quantity and describe how it is stored

Discharge Into Waterbodies

Briefly describe any current or contemplated industrial process discharges (including the approximate volume, source, type and number of discharge points). Please provide copies of all permits for such discharges

N/A

Identify all sources of discharges of water, including discharges of waste water, process water, contact or noncontact cooling water, and stormwater. Attach all permits relating to the same. Also identify any septic tanks on site

Sanitary and storm sewer discharges to public system

Is any waste discharged into or near surface water or groundwaters?

No

If yes, please describe in detail the discharge including not only the receiving water's classification, but a description of the type and quantity of the waste

Air Pollution

Are there or is it contemplated that there will be any air emission sources that emit contaminants from the Premises?

No

If yes, describe each such source, including whether it is a stationary combustion installation, process source, exhaust or ventilation system, incinerator or other source

Are any of the air emission sources permitted?

No

If yes, attach a copy of each permit.

Storage Tanks

List and describe all above and under ground storage tanks at the Premises used to store petroleum or gasoline products, or other chemicals or wastes, including the contents and capacity of each tank. Please also provide copies of any registrations/permits for the tanks

Section VI: Retail Determination

To ensure compliance with Section 862 of the New York General Municipal Law, the Agency requires additional information if the proposed Project is one where customers personally visit the Project site to undertake either a retail sale transaction or to purchase services.

Please answer the following:

Will any portion of the project (including that portion of the costs to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?

No

If yes, complete the Retail Questionnaire Supplement below. **If no, proceed to the next section.**

Section VII: Adaptive Reuse Projects

Adaptive Reuse is the process of adapting old structures or sites for new purposes.

Are you applying for tax incentives under the Adaptive Reuse Program?

No

Section VIII: Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.
