This project represents the companion piece to the previously approved project for Shevlin Land and Cattle. In September, 2015 the ECIDA board unanimously approved incentives for the developer to construct the facility that Upstate would be occupying. That project is constructed and Upstate is in the process of moving into the facility. Shevlin is investing \$1,700,000 in the construction of that facility.

Upstate is relocating from 10,000 sq. ft. of leased space--also in West Seneca--into this newly constructed facility. ECIDA assistance is being requested to allow the company a sales tax exemption in connection with the equipping of the facility.

Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)**

The Financial Assistance program, offered by the ECIDA is what makes this project possible. The land purchase, Site work expense and overall construction costs would exceed the feasibility of a sound business investment where finances necessary to sustain a workable business plan on its own would simply not work. It only becomes possible when you factor in the ECIDA program, which, when implemented will allow for a reasonable lease term structure to be passed on to the long-term tenant, making the lease structure work. Without it, this home grown, successful WNY business would be forced to leave the area to maintain its competitiveness, taking 70 employees and 10 new hires with it. This program will ensure that UPSTATE PHARMACY will remain in Erie County and WNY serving the needs and good work of dozens of pharmacies all throughout our region, including Roswell Park for a long time. In addition, these inducements etc. will insure the retention of all those existing employees new hires mentioned earlier.
